Whitfield County

Board of Commissioners

Board Members Mike Babb, Chairman Harold Brooker Gordon Morehouse Robby Staten Lynn Laughter

June 12, 2015

The Honorable W. Michael Babb, Chairman Members of the Board of Commissioners and Citizens of Whitfield County, Georgia

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year, unless an extension has been approved, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Whitfield County for the fiscal year ended December 31, 2014.

This report consists of management's representations concerning the finances of Whitfield County. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of Whitfield County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Whitfield County financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Whitfield County comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Whitfield County financial statements have been audited by Chrysan Thomas, C.P.A., PC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of Whitfield County for the fiscal year ended December 31, 2014 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Whitfield County financial statements for the fiscal year ended December 31, 2014 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Whitfield County MD&A can be found immediately following the report of the independent auditors.

Overview of the Comprehensive Annual Financial Report

The Comprehensive Annual Financial Report is presented in three sections: Introductory, Financial, and Statistical. The Introductory Section includes this letter of transmittal; a list of Whitfield County's principal officials, department directors and elected officials; and organizational chart. The Financial Section includes the management's discussion and analysis, basic financial statements and schedules, as well as the independent auditor's report on these financial statements and schedules. The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis.

Reporting Entity

The financial reporting entity (Whitfield County, Georgia) includes all the funds of the primary government, as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and included as part of the primary government. Based on the blended component unit criteria, no blended component units are included in this report.

Discretely presented component units are reported as a separate column in the combined financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position, results of operations and cash flows from the primary government. The Whitfield County Department of Public Health is included as a discretely presented component unit.

Profile of the Government

Whitfield County is located in the northwest portion of Georgia. It is considered to be the economic hub of the region. Whitfield County occupies a land area of 290 square miles and serves a population of 103,542. Whitfield County is empowered to levy a property tax on both real and personal properties located within its boundaries. Whitfield County was formed from a portion of Murray County in 1851 becoming Georgia's 97th county. It was named for the Reverend George Whitefield, the founder of the Bethesda Orphan House in Savannah. The spelling of the county's name was later changed to reflect the way it was pronounced.

Located in Northwest Georgia at the foothills of the Appalachian Mountains, Whitfield County is blessed with natural beauty and a mild climate. Whitfield County is the gateway to the 150 miles Chieftain's Trail, which trace the path of the Cherokee Indian sites, located in the Northwest Georgia area. Dalton/Whitfield County is also known as the "Carpet Capital of the World". Whitfield County is a prime location for business expansion, relocation and economic development. Located in Auto Alley on Interstate 75 and just 25 miles south of Chattanooga and 85 miles north of Atlanta, the area is within a day's drive of half the country's population which makes it a great location for distribution.

Whitfield County has been operating under a Board-administrator form of government since 1971. Policy-making and legislative authority are vested in the Board of Commissioners consisting of a Chairman elected at-large and four commissioners from four separate districts also elected at-large on a partisan basis. The Chairman and Commissioners serve four-year staggered terms. The Board of Commissioners are responsible for passing ordinances, adopting the budget, appointing committees, and hiring the government's manager, attorney and auditors in addition to other duties. The County Administrator is responsible for carrying out the policies and ordinances of the Board of Commissioners, for overseeing the day-to-day operations of the government, and for hiring/firing the heads of various departments under the Board of Commissioners.

Whitfield County Government provides a full range of services, including police protection via the Sheriff's Office, maintenance of roads and other infrastructures, inspections and enforcement, court services, jail, information technology services, 911, fire protection, animal control, parks and recreation, emergency management, planning and zoning, storm water management, and transit services among others.

The annual budget serves as the foundation for Whitfield County's financial planning and control. In accordance with state law, the County adopts an annual operating budget consistent with generally accepted accounting principles. The budget is adopted by the Board of Commissioners after a required public hearing and the required public notices have been issued. The final budget must be adopted no later than December 31st. The appropriated budget is prepared by fund and department. Department heads may make transfers of appropriations within a department with the exception of salaries and benefits. Transfers of appropriations from salaries and benefits, or between departments, however, require the special approval of the Board of Commissioners. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. Annual appropriated budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, debt service fund, and all special revenue funds. Annual operating budgets are not legally required for enterprise funds, but are prepared for use in planning, control, and evaluation purposes.

Factors Affecting Financial Conditions

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Whitfield County operates.

Local Economy

The Dalton/Whitfield community continues to be affected by the recent recession with unemployment rates as high as 8.1% at the end of 2014 which exceeds the state and national averages. According to the Georgia Department of Labor; U.S. Bureau of Labor Statistics, in 2014 Whitfield County had an employed labor force of 41,311. The 2013 per capita income of \$30,520 was the latest available information.

The Board of Commissioners, along with the Joint Development Authority and municipalities, recognizes the need for a more diversified local economy and the need to recruit new businesses to the area. The Dalton/Whitfield County Joint Development Authority focuses on economic growth of the community by attracting and retaining jobs, diverse investments, and growing the tax base.

For decades, Dalton/Whitfield County has been known as the "Carpet Capital of the World" but county and business leaders in Whitfield County are working to build on that reputation by attracting a wider diversity of advanced manufacturers.

The 2014 primary goal was to identify and recruit "targeted" industries (plastics/chemical, datacenters, auto suppliers, high-end retail, distribution, and food processing); employ accelerated marketing techniques; collaborate with existing business and industry and ensure long-term competitiveness to attract new companies and grow existing companies by actively promoting the identification and studying the feasibility of all available properties for business and industrial development.

The actual outcomes of 2014 were as follows: 13 new projects creating an estimated 760 new jobs (507 primary jobs and 253 secondary). These economic development efforts generated \$167,000,000 in new investment. A return on investment (ROI) report indicated the development in 2014 also created \$34,000,000 in new earnings, \$27,600,000 in new consumer spending and \$900,000 in new state and local sales tax.

The accelerated marketing techniques created an impressive project pipeline representing 5,196 direct jobs, an estimated 2,598 indirect jobs, 60 projects and a capital investment of nearly \$2 billion dollars. Of the 60 projects, 23% represented floor covering, 12% automotive, 18% retail and the remaining 47% were various other types of companies.

Both public and private schools in Whitfield County are major contributors to the local economy in the form of employment opportunities and capital investments being made in new and expanded school facilities.

Long-Term Financial Planning

As is the case with most local governmental entities, the majority of services provided by Whitfield County are funded through an ad valorem tax levied against real and personal property. In the past, the fair market value of real property had served as an excellent basis for funding governmental services since it had proven to be extremely stable and reliable. In terms of the benefits being received from these taxes, there is often said to be a direct relationship between the quality of the services being provided and the fair market value of the property being served.

Whitfield County has experienced a steady decline in Net M&O Digest totals since the downturn in the economy in 2008. The County continues to experience a soft residential real estate market which mirrors the national market. The property tax digest has been weakened and it is not known when the digest will return to 2008 levels. The county has experienced a less than 1% increase in the Net M&O digest in the years 2013 and 2014.

The County M&O millage rate for 2014 was set at 6.061 and remained the same as 2013. The special tax district millage rate was set at 2.000, also the same as 2013. This millage rate is charged only to unincorporated county residents as well as residents of all municipalities in the county other than the City of Dalton.

Due to market conditions, the County has budgeted for a slight increase in the Net M&O digest for 2015. The 2015 millage rate will be set in the fall of 2015. As mandated by state law, the millage rate is assessed on only 40% of the property valuation.

Local Option Sales Tax (LOST) is one of the county's most significant sources of revenue. The county entered into LOST negotiations as required by state law with the City of Dalton and the other cities located within the counties borders in 2012. As a result of the outcome of these negotiations the county will receive a much smaller percentage of the LOST collections than it has received in past years. The county's share of LOST for fiscal years 2013 & 2014 was reduced from 83.24% to 64.50%. The county's share of LOST will reduce to 63.75% for the fiscal years 2015 and 2016. The challenge facing the county in future years will be replacing this reduction of revenue.

Whitfield County voters passed a \$48,000,000 special purpose local option sales tax (SPLOST) in 2008 for the main purpose of financing capital outlay projects involving roads, streets, and bridges. Many of the projects funded with the 2008 SPLOST are still in the construction phase and will continue into 2015 and possibly on into 2016.

On March 17, 2015, the County passed a four year 1% 2015 SPLOST that will be effective July 1, 2015. The 2015 SPLOST includes funds for county paving/resurfacing, a new public safety communications system, public safety equipment, recreation improvements, and a new county fire department facility.

Other Information

Independent Audit

Georgia Code requires an annual audit of the books of account, financial records, and transactions of all administrative departments of the county by independent certified public accountants selected by the Board of Commissioners. This requirement has been met and the auditor's unqualified opinion has been included in this report.

Awards

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Whitfield County for its comprehensive annual financial report for the fiscal year ended December 31, 2013. This is the twelfth consecutive year that the government has received this prestigious award. In order to be awarded the Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements. We are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this comprehensive annual financial report could not have been accomplished without the dedication and contributions of the entire Finance Department staff and the cooperation of the various elected officials and appointed management. We would also like to express our gratitude and appreciation to the staff of Chrysan Thomas, Certified Public Accountant, for their technical guidance and assistance to make this a quality report.

In closing, we also wish to acknowledge the valuable contribution of the Board of Commissioners. Without their guidance and leadership, preparation of this report would not have been possible.

Respectfully Submitted,

Mark Gibson

INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners Whitfield County, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Whitfield County, Georgia, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the component unit, Whitfield County Department of Public Health, which represent 1.03 percent, 1.05 percent, and 9.6 percent, respectively, of the assets, net position, and revenues of the County. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Whitfield County Department of Public Health, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

P.O. Box 1066 Trion, Georgia 30753 (706)734-4377 chrysan@chrysanthomascpa.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Whitfield County, Georgia as of December 31, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 13 through 25), Schedule of Changes in Net Pension Liability and Related Ratios (page 76), and Schedule of Contributions (page 77) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Whitfield County, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules, the Schedule of Expenditures for Construction Projects Funded by Special Purpose Local Option Sales and Use Tax, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, budgetary comparison schedules, the Schedule of Expenditures for Construction Projects Funded by Special Purpose Local Option Sales and Use Tax and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules, the Schedule of Expenditures for Construction Projects Funded by Special Purpose Local Option Sales and Use Tax and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 11, 2015 on our consideration of Whitfield County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Whitfield County, Georgia's internal control over financial reporting and compliance.

CHRYSAN THOMAS
Certified Public Accountant

Dalton, Georgia June 11, 2015

MANAGEMENT'S DISCUSSION AND ANALYSIS

WHITFIELD COUNTY, GEORGIA MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended December 31, 2014

Within this section of the Whitfield County, Georgia (The County) Comprehensive Annual Financial Report (CAFR), the County's management provides narrative discussion and analysis of the financial activities of the County for the year ended December 31, 2014. The County's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section. Additional information is available in the transmittal letter which precedes Management's Discussion and Analysis. The discussion focuses on the County's primary government and, unless otherwise noted, component units reported separately from the primary government are not included.

FINANCIAL HIGHLIGHTS

- ► The County's assets exceeded its liabilities by \$299.4 million (net position) for the calendar year reported. This represents a decrease of \$21 million from the prior year.
- ► Total net position is comprised of the following:
 - (1) Net investment of capital assets of \$252.6 million includes property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
 - (2) Net position of \$28.2 million is restricted by constraints imposed from outside the County such as debt covenants, grantors, laws, or regulations.
 - (3) Unrestricted net position of \$18.62 million represents the portion available to maintain the County's continuing obligations to citizens and creditors.
- ► The County's governmental funds reported a total ending fund balance of \$43.5 million this year. The fund balance decreased by \$6.7 million from the prior year fund balance of \$50.2 million.
- ► General fund's unassigned fund balance at the end of the calendar year was \$14.9 million, or 40.4% of total general fund expenditures.
- ▶ Business-type activities enterprise funds reported total ending net position of \$15.6 million as of December 31, 2014. This reflects a decrease of \$6,477 from the prior year.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

OVERVIEW OF THE FINANCIAL STATEMENT

This discussion and analysis is intended to serve as an introduction to Whitfield County's basic financial statements. The County's basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The County also includes in this report additional information to supplement the basic financial statements. Comparative data is presented when available.

Government-wide Financial Statements (Reporting the County as a Whole)

The County's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the County's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The County's government-wide financial statements include the Statement of Net Position and the Statement of Activities. The Statement of Net Position is the government-wide statement of position presenting information that includes all of the County's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County as a whole is improving or deteriorating. Evaluation of the overall health of the County would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of County infrastructure, in addition to the financial information provided in this report.

The Statement of Activities reports the revenues and expenses of the County. This statement is prepared using the accrual basis of accounting where revenues are recognized when earned and expenses are recognized when incurred. All current year revenues and expenses are included regardless of when cash is received or paid. The difference is described as the change in net position. An important purpose of the design of the Statement of Activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers.

Whitfield County divides the Statement of Net Position and the Statement of Activities into three types of activities:

- (1) Governmental Activities The activities reported in this category are the County's basic services such as general administration, judicial, public safety, public works, health and welfare, housing and development and culture and recreation. These activities are principally supported by taxes and intergovernmental transfers.
- (2) Business-type Activities The activities reported in this category include the Whitfield Transit System. The County receives capital and operating grants which covers all or a significant portion of costs for the services provided. Also included are the net costs of the Northwest Georgia Trade and Convention Center Authority and the Dalton-Whitfield Regional Solid Waste Management Authority, which are joint ventures with the City of Dalton.
- (3) **Discretely Presented Component Unit** Component units are legally separate organizations for which the elected officials of the County are financially accountable. The Whitfield County Health Department is presented as a component unit for Whitfield County.

The government-wide financial statements are presented on pages 27 through 28 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The County uses funds to track specific resources and expenditures, either for management purposes or because of legal mandates. Within the basic financial statements, fund financial statements focus on the County's most significant funds rather than the County as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The County's funds are divided into three categories:

▶ Governmental Funds — These funds account for basically the same functions reported as governmental activities in the government-wide financial statements. However, fund financial statements are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The focus is on the short-term view of the County's general government operations and the services provided. These statements are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 29 through 32 of this report.

Individual fund information for non-major governmental funds is found in combining statements in a later section of this report.

- Proprietary Funds These funds are reported in the fund financial statements and generally report services for which the County charges customers a fee. The County proprietary funds are classified as enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services are provided to customers external to the County organization for the 5311 Public Transportation System. Services provided by the two joint ventures to customers include landfill services and a public trade and convention center. Internal service funds are an accounting device used to account for services provided and billed on an internal basis. The County utilizes an internal service fund for workers compensation and health insurance. The internal service fund is reported as governmental activities on the government-wide statement.
- Fiduciary Funds These funds are used to account for assets held by the County in a fiduciary capacity. The County's fiduciary agency funds include the Clerk of Court, Probate Court, Magistrate Court, Sheriff, Juvenile Court and Tax Commissioner. The funds are collected by the County on the behalf of individuals and other governmental entities.

Notes to the Basic Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 46 of this report.

Other Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on page 76 and 77 of this report.

As discussed, the County reports major funds in the basic financial statements. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report beginning on page 78.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Net position may serve over time as a useful indicator of a government's financial position as information is accumulated on a consistent basis. The County's net position at December 31, 2014 is \$299.4 million. The following table provides a summary of the County's net position.

WHITFIELD COUNTY, GEORGIA STATEMENT OF NET POSITION

	Governmen	tal Activities	Business	Activities	Total			
	2014	2013	2014	2013	2014	2013		
Assets:								
Current assets	\$ 50,627,474	\$ 58,000,702	\$ (15,427)	\$ 13,201	\$ 50,612,047	\$ 58,013,903		
Other assets	55,921	31,340	15,382,742	15,389,219	15,438,663	15,420,559

Total liabilities	37,472,573	38,837,316	17,652	16,443	37,490,225	38,853,759		
Net position:								
Invested in capital assets	252,389,189	264,426,126	217,212	187,375	252,606,401	264,613,501		
Restricted	28,157,277	34,560,814	•	-	28,157,277	34,560,814		
Unrestricted	3,271,397	5,793,885	15,349,663	15,385,977	18,621,060	21,179,862		
Total net position	\$ 283,817,863	\$ 304,780,825	\$ 15,566,875	\$ 15,573,352	\$ 299,384,738	\$ 320,354,177		

As a whole, the County's net position decreased \$21 million during 2014. The governmental activities net position decreased \$21 million while the business-type activities net assets remained relatively the same. The decrease in governmental activities of 6.9% is mainly attributable to the continuation of SPLOST projects, and depreciable capital assets.

Net investment in capital assets is the largest of net position at \$252.6 million (84.4%) and reflects the County's investments in capital assets net of any debt associated with those assets. Capital assets include buildings, vehicles, equipment and fixtures and infrastructure. Restricted assets total \$28.2 million (9.4%) of total net position and represent the portion of net assets that are restricted for use by externally imposed constraints or constraints imposed by law in regards to use.

The unrestricted portion of the County's net position totals \$18.6 million (6.2%). Unrestricted net position is the portion of net position that is available for spending.

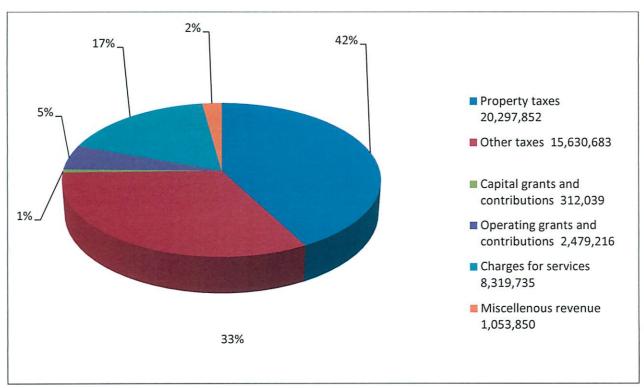

The following table provides a summary of the County's changes in net position:

Governmental Activities

The following chart depicts revenues of the governmental activities for the year ended December 31, 2014:

Revenues by Source – Governmental Activities

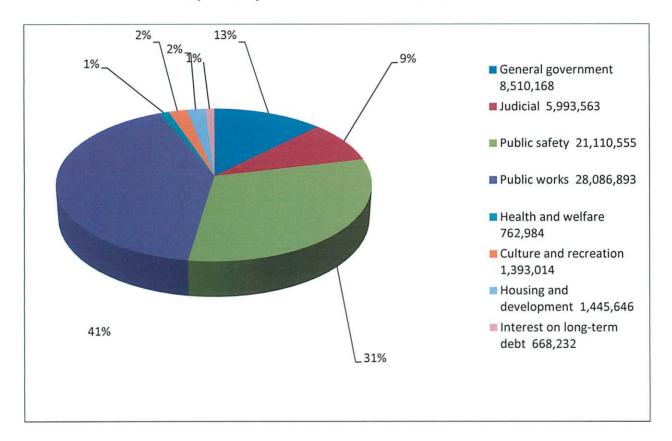

As indicated by the revenue chart, property taxes were the largest source for governmental activities, followed by other taxes which include sales tax, insurance premium tax, hotel motel tax and alcohol beverage tax. The County's governmental activities total revenues increased \$.5 million (1.1%).

Revenue:

- ▶ Property taxes comprise 42.2% of total revenue and increased only \$552,029 when compared to the prior year. The millage rate remained the same for 2014; therefore there were no significant changes in property taxes collected.
- ▶ Other taxes represent 32.5% of total revenue and increased \$1.3 million. The most significant increase was derived from Local option sales taxes which show an increase of \$1.1 million over 2013.
- Operating grants and contributions represent 5.2% and increased \$1.3 million primarily due to the reclassification of LMIG funds from the State of Georgia.
- ► Charge for services represent 17.3% and increased \$1.7 million. This was attributable to an increase in payments received in lieu of taxes.
- Capital grants and contributions represent .6% and decreased \$4.1 million. This was primarily due to the reclassification of LMIG funds from the State of Georgia, and a reduction in donated property and grant funds received.

The following chart depicts expenses of the governmental activities for the year ended December 31, 2014:

Expenses by Function – Governmental Activities

As indicated by the expense chart, the largest use of County resources was for public works followed by public safety services such as Sheriff's Department, Jail, Fire, Coroner, Animal Control and Emergency Management. The County's governmental activities total expenses increased \$1.7 million (2.4%).

Expenses:

- Public works represents 41% of total expenses and increased \$1.3 million from the prior year. This was due to the continuation of road construction projects.
- ▶ Public safety represents 31% of total expenses and increased \$781,888. This is mainly attributable to an increase in personnel and benefits.
- ▶ General government and Judicial represent an aggregate of 21% of total expenses and increased \$640,077. Most departments show a slight increase in personnel and benefits primarily due to a mid-year COLA in 2013.
- ► Housing and development represents 2% of the total expenses and decreased \$714,473 from prior year primarily due to the completion of ongoing projects.

Business-type Activities

The County's business-type activities total revenues increased \$114,624 and expenses decreased \$43,184.

Revenues:

- ► Charges for services increased \$106,357 of which \$94,868 is attributable to the change in net position of the Northwest Georgia Trade and Convention Center.
- Operating grants and contributions decreased \$16,129. This source of funding is through the 5311 Transit grant for operations of the Whitfield Transit System.
- Capital grants and contributions reflects a slight increase in funds received through the 5311 Transit grant for capital purchases. Additional funds were included in the 5311 capital grant for a bus shelter.

Expenses:

- Expenses for the Dalton-Whitfield Regional Solid Waste Management Authority decreased \$80,580. The County and City share equally in operations of the Dalton-Whitfield Regional Solid Waste Management which operates solid waste disposal sites within Whitfield County.
- Whitfield Transit System increased \$37,397 primarily in personal services and employee benefits due to a mid-year COLA in 2013.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$43.5 million. Of this year-end total, \$14,947,122 or (34.4%) is unassigned fund balance that is available for spending at the County's discretion. The remainder is nonspendable (\$346,290), restricted for particular purposes (\$27,847,921), and committed for construction and capital outlay (\$309,356).

The total ending fund balances of governmental funds reflect a decrease of \$6.7 million from the prior year. The general fund reported a decrease of \$396,085 (2.5%) and other governmental funds reported a decrease of \$6.4 million (18.5%), of which \$5.8 million is due to the continuation of the SPLOST construction projects and increased expenditures for capital outlay.

Major Governmental Funds

General Fund:

The general fund is the County's primary operating fund and is used to account for all governmental financial resources not restricted by state or federal laws, local ordinances, or other externally imposed requirements. At the end of 2014, the fund balance of the general fund was \$15.3 million. Unassigned fund balance represents 40.4% of general fund expenditures, a decrease from the prior year which was at 43.7% of total expenditures.

.

The general fund decreased fund balance \$396,085 during the current year which was \$84,917 less than the projected deficit. Key factors are as follows:

- Revenues of \$36.6 million were slightly less than the final budget by \$61,500. Total taxes fell short of the final budget by \$37,426 primarily from uncollected property taxes. Miscellaneous revenues were under budget by \$24,145.
- Expenditures of \$37 million came in under budget by \$72,082 through conservative spending efforts from all county departments.
- Other financing sources (uses) which include sale of capital assets, and transfers in and out had a positive variance of \$74,335.

Special Revenue Fund:

The Special Fire District Fund is used to account for the special tax district to include all areas of Whitfield County outside the municipal limits of the City of Dalton, created for the purpose of providing adequate and equitable funding for the Whitfield County Fire Department. Total revenues were \$5 million with the primary sources being property taxes (\$1.8 million) and insurance premium taxes (\$3.2 million). Overall revenues exceeded the budget by \$13,027. Total expenditures were \$4.9 million of which \$4.4 million (89%) was related to personal services and benefits. At the end of 2014, the fund balance was \$255,138 which reflects an increase of \$211,737 from the prior year.

Capital Projects Funds:

The SPLOST-Capital Projects Fund is used to account for the acquisition and construction of major capital assets. Revenues are derived primarily from the special purpose local option sales taxes and earnings on investments. This SPLOST expired at the end of 2010; however these funds are restricted to complete various infrastructure projects. At the end of 2014, the fund balance was \$18.4 million which reflects a decrease of 16.4% from the prior year.

Investment earnings of \$86,912 was the sole source of revenue of 2014. Expenditures were \$3.7 million for various infrastructure projects.

Capital Projects Acquisition Fund is used to account for the acquisition of capital expenditures. Revenues are primarily derived from financing resources transferred from the general fund.

The total revenues for 2014 were \$311,171 primarily from a state grant for the construction of capital assets. Other financing sources include a transfer from the general fund of \$1.5 million.

Total expenditures were \$4.2 million of which \$1.5 million was spent for the acquisition of vehicles and equipment for various departments as well as building renovations. Other expenditures included \$1.5 million for new development projects, \$494,960 at the Westside Park, \$564,471 for infrastructure and \$111,108 for debt service.

Proprietary Funds

The proprietary funds share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. This provides a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

GENERAL FUND BUDGETARY HIGHLIGHTS

Whitfield County's general fund budget is prepared in accordance with Georgia law and over the course of the year was amended by the Board of Commissioners. The amendments to the general fund resulted in a net increase to budgeted revenues of \$112,450, a net decrease to budgeted expenditures of \$1.9 million, and a net increase to other financing sources (uses) of \$110,750. The following addresses the major differences between the original adopted and the final adjusted budget:

Revenue:

- Total taxes were decreased \$20,100. Local option sales tax was increased \$435,000, transfer tax was increased \$15,000, franchise tax was increased \$38,000, and business license tax was increased \$8,900. Property tax was decreased \$488,000, motor vehicle title ad valorem tax was decreased \$18,000 and alcoholic beverage tax was decreased \$11,000.
- Licenses and permits were increased \$114,900 primarily due an increase in building permits issued.
- Intergovernmental revenues were increased \$84,990 of which \$78,000 was due to recording grant funds in the general fund that was recorded in a special revenue fund in the prior year.
- Charge for services were decreased \$54,840. While some areas had an increase in budget, the most significant decreases were from the State of Georgia for inmate housing and parks and recreation for activity fees.
- Fines and forfeitures were decreased \$86,000 primarily due to a reduction in revenue from the Clerk of Court Office and Probate Court.

Expenditures:

- Purchase and contracted services had a net decrease of \$216,821 due to a reduction in several areas such as maintenance of equipment, communications and contract service for inmate food service.
- Supplies had a net decrease of \$742,002 with the most significant decrease being for road materials and gasoline.
- ► Contingency was decreased by \$800,000.

Other Financing Sources (Uses):

Sale of capital assets was increased by \$104,000.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The County's investment in capital assets, net of accumulated depreciation for governmental and business-type activities as of December 31, 2014, was \$270.6 million and \$217,212, respectively. Total capital assets activity for the County as a whole decreased by \$14.9 million. See Note 4 for additional information about changes in capital assets during the calendar year. The following table provides a summary of capital assets activity.

Whitfield County's Capital Assets (Net of Depreciation)

	Governmen	tal Activities	Busines	s Activities	Total Primary Government			
	2014	2013	2014	2013	2014	2013

Long-term Debt

As of December 31, 2014, Whitfield County had total capital leases, revenue bonds, notes payable and intergovernmental liabilities of \$18.6 million. This is a decrease of \$3.2 million from the prior year. See Note 10 for additional information on Whitfield County's long-term debt.

Governmental Activities

	20	14	2013			
Notes payable	\$	474,800	\$	569,760		
Capital lease		323,052		205,213

Total	\$ 18,	588,344	\$	21,840,812		

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Whitfield County's unemployment rate at the end of 2014 of 8.1% continues to exceed the state and national rates. The rate is steadily declining as local manufacturing companies expand in this area. The Dalton-Whitfield County Joint Development Authority's economic development mission is to facilitate the long-term, positive economic growth of the community by attracting jobs, diverse investments and growing the tax base. Mohawk Industries and IVC signed agreements with the JDA in 2014 to make collective community investments of \$155 million dollars and provide 400 new jobs to the County.

The County's assessed net taxable digest increased slightly by .96% in 2014 to \$2.586 Billion. Total exemptions on the gross digest for 2014 equaled \$869.36 million. Due to market conditions the county has budgeted for a very slight increase in the Net M&O Digest for 2015. In 2012, the Whitfield County Board of Commissioners created three special tax districts to include all areas of Whitfield County outside the municipal limits of the City of Dalton for the purpose of providing adequate and equitable funding of certain jointly funded services between Whitfield County and the City of Dalton for the benefit of all such areas. A total millage rate of 2 mills was set for these special tax districts for 2014. The 2014 M&O millage rate for the County remained unchanged at 6.061 mills.

The County entered into LOST negotiations in 2012 with the City of Dalton and other cities located within the County's borders. As a result, the County's LOST collection percentage was decreased from 83.24% to 64.85% for 2013 and 2014. The County's LOST percentage decreases to 63.75% for 2015 and 2016. The County has budgeted for a 5% decrease in sales tax revenue in 2015 when compared with 2014 actual sales tax collections due to the continued effects of the loss of sales tax revenues on automobile sales and the exemption of sales tax on energy for manufacturers. TAVT collections began in the County in March 2013. Actual TAVT collections for 2014 are \$1.8 million dollars. The 2015 General Fund budget reflects a less than 1% increase in TAVT collections and are expected to make up for the shortfall in sales tax revenue due to the aforementioned changes.

Whitfield County voters passed a 1 penny sales tax in March of 2015 that will raise the sales tax rate in Whitfield County from 6% to 7% effective July 1, 2015. This one penny SPLOST will raise an estimated \$64 million dollars in revenue and will be used to fund public safety equipment enhancements for local law enforcement, fire, and 911 personnel, road paving and improvements, bridge and culvert repair, construction of a new fire station, land acquisition for a new park, and many park improvements to include a new gymnasium at Edwards Park.

Other factors considered when preparing the 2015 budget included:

- ► The County budgeted a zero pension contribution for the 2015 Budget as the County Defined Benefit Plan is currently funded at 105%
- ▶ The 2015 Budget assumes a 1 mill increase to the unincorporated county millage rate
- ▶ OPEB costs will be funded on the pay-as-you-go basis
- ► Health insurance costs are expected to increase slightly due to the Protection and Affordable Care Act
- ▶ Limited capital requests for facility improvements, equipment, and vehicles were considered in the 2015 general fund budget as other large capital needs will be paid for from the 2015 SPLOST.
- ► The County continues to evaluate the level of services desired by citizens and how to provide those services as economically as possible.

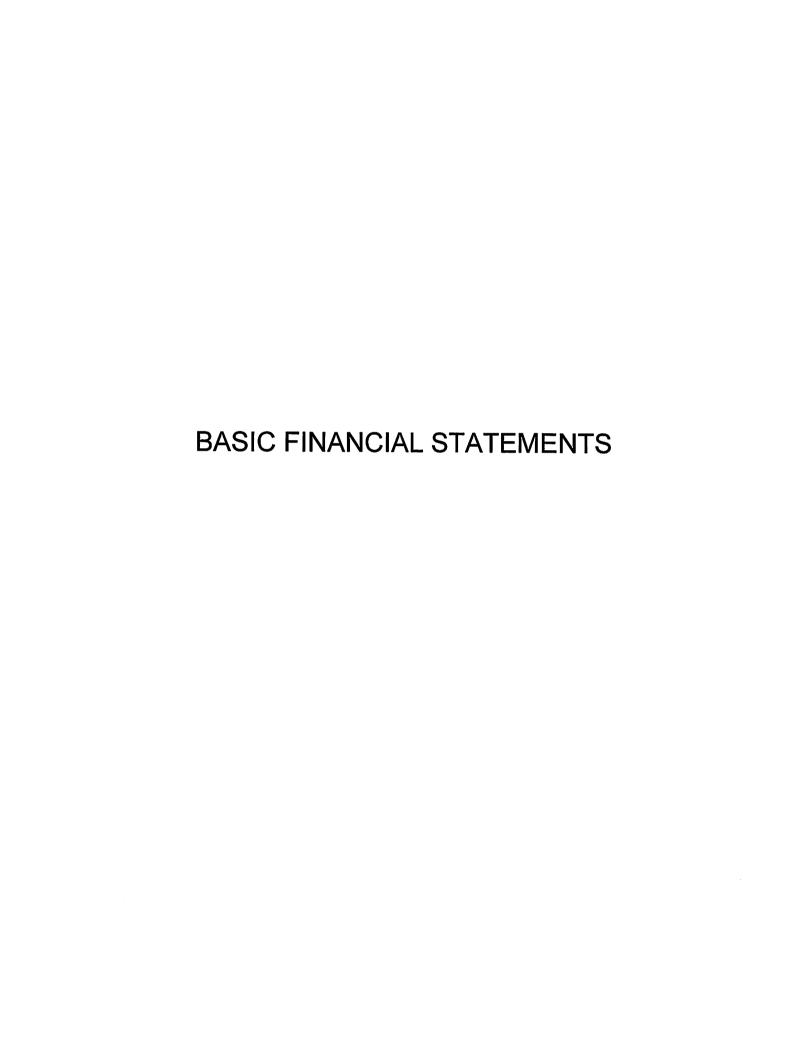

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the County's finances, comply with finance-related laws and regulations, and demonstrate the County's commitment to public accountability. If you have questions about this report or would like to request additional information, contact:

WHITFIELD COUNTY, GEORGIA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL ACTIVITIES TO THE STATEMENT OF ACTIVITIES Year Ended December 31, 2014

NET CHANGES IN FUND BALANCES- TOTAL GOVERNMENTAL FUNDS		\$ (6,799,557)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay in the current period.		
Depreciation expense Capital outlay	\$ (22,004,664) 7,086,657	(14,918,007)
The book value of capital assets sold or disposed of are reported on the		
government-wide statement of activities but not reported in the governmental funds.		\$ (61,050)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Taxes Equity investment in joint venture	\$ (222,649) 24,581	(198,068)
The current years additions to certain liabilities increased the net expenses of those functions on the statement of activities.		
Net pension liability		(85,719)
Other postemployment expenses are reported in the government-wide statement		
of activities, but do not require the use of current financial resources and		
therefore are not reported as expenditures in governmental funds.		181,300
Repayments of long-term principal is an expenditure in the governmental funds,		
but the repayment reduces long-term liabilities in the statement of net position.		3,473,632
Debt proceeds provide current financial resources to governmental funds, but issuing		
debt increases long-term liabilities in the statement of net position.		(221,164)
Some expenses reported in the statement of activities, such as compensated absences do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. Compensated absences		(22,920)
		,,
The internal service funds used by management to charge the costs of workers'		
compensation to individual funds are not reported in the government-wide statement of activities.		 (1,288,383)

1. Summary of Significant Accounting Policies

Whitfield County, Georgia (County) was incorporated in 1851 under the provisions of the Constitution of the State of Georgia. The County operates under a Board-Administrator form of government and provides the following services as authorized by its charter: public safety - 911 and fire, public works, sanitation, health and social services, culture-recreation, public improvements, planning and zoning and general administrative services.

The financial statements of the County have been prepared in conformity with generally accepted accounting principles in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. The more significant accounting policies of the County are described below.

A. Reporting Entity - As required by generally accepted accounting principles, these financial statements present the government and its component units, entities with which the government has a significant financial or operational relationship. Blended component units, although legally separate entities, are, in substance, part of the government's operations, so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the government.

Joint Ventures

- The County participates with the City of Dalton in the Dalton-Whitfield Regional Solid Waste Management Authority ("DWRSWMA"). The County has fifty percent equity in this entity. Separately issued financial statements of the DWRSWMA can be obtained from their administrative office located at 4350 Gazaway Drive SE, Dalton, Georgia 30720.
- The County participates with the City of Dalton in the Northwest Georgia Trade and Convention Center Authority ("Trade Center"). The Trade Center became a separate authority in 2003. The County and City retained their respective shares of their equity balances as of December 31, 2002. The City and County each now have fifty percent interest in the income or loss of this entity. Separately issued financial statements of the Northwest Georgia Trade and Convention Center Authority can be obtained from their administrative office located at 2211 Dug Gap Battle Road, Dalton, Georgia 30720.
- The County participates with the City of Dalton in the Dalton-Whitfield Joint Development Authority. The County has fifty percent equity in this entity. Separately issued financial statements of the Dalton-Whitfield Joint Development Authority can be obtained from their administrative office located at 890 College Drive, Dalton, Georgia 30720.

1. Summary of Significant Accounting Policies - continued

Discretely Presented Component Unit

- Whitfield County Department of Public Health A voting majority of the members of the Board of Health is appointed by the Whitfield County Board of Commissioners. The Whitfield County Board of Commissioners is authorized by state law to approve environmental health service fees. The Board of Commissioners approves the budget of the Board of Health and provides regular operating subsidies. The Whitfield County Department of Public Health issues a separately audited financial statement. A copy of the component unit report can be obtained from the Director of Management, North Georgia Health District, District 1 Unit 2, 100 West Walnut Avenue, Suite 92, Dalton, Georgia 30720.
- B. Government-Wide Statements and Fund Financial Statements The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component unit for which the primary government is financially accountable.

In the government-wide statement of net position, both the government and business-type activities columns are presented on a consolidated basis by column, and are reflected on a full accrual, economic resource basis which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net position is reported in three parts – net investment in capital assets, restricted net position, and unrestricted net position.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a program and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Summary of Significant Accounting Policies - continued

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of contractual services and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Non-major funds are aggregated and presented in a single column.

Governmental funds are those funds through which most governmental functions are typically financed. The measurement focus of governmental funds is on the sources, uses and balances of current financial resources.

The County has presented the following major governmental funds:

General Fund - The general fund is the principal operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Fire District – This fund is used to account for financial resources received from a specific property tax levy and the operation of the fire department within the County.

SPLOST Capital Projects Fund – SPLOST capital projects fund is used to account for financial resources to be used for the construction of roads and bridges financed through a special local option sales tax.

Capital Projects Acquisition Fund – This fund is used to account for the acquisition of capital expenditures. Revenues are derived from transfers from the general fund.

The County has presented the following major business-type funds:

Dalton/Whitfield Solid Waste Management – The Dalton/Whitfield Solid Waste Management fund is used to account for the 50% equity interest in the joint venture with the City of Dalton.

Northwest Georgia Trade and Convention Center – The Northwest Georgia Trade and Convention Center fund is used to account for the 50% equity interest in the joint venture with the City of Dalton.

1. Summary of Significant Accounting Policies - continued

Additionally the County reports the following funds:

Internal Service Fund – The internal service fund provides self-funding for health insurance and worker's compensation.

Fiduciary Funds – The County's fiduciary funds are agency funds used by the County's Constitutional Officers. These agency funds are custodial in nature and do not involve measurement of results of operations. They include the Tax Commissioner, Clerk of Superior Court, Sheriff, Probate Court, Magistrate Court and the Juvenile Court.

C. Measurement Focus and Basis of Accounting - The accounting and reporting treatment applied to a fund is determined by its measurement focus. Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements and fund financial statements for proprietary funds and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statements present increases (revenues) and decreases (expenses) in net total assets. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred. Gains or losses resulting from disposals are included in operating income in the year of disposal.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The County considers property taxes as available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred. However, debt service requirements, as well as expenditures related to compensated absences are recorded only when payment is due.

Those revenues susceptible to accrual are property taxes, franchise taxes, special assessments, licenses, interest revenue and charges for services. Sales taxes collected and held by the state at year-end on behalf of the County are recognized as revenue. Fines, permits and forfeitures are not susceptible to accrual because generally they are not measurable until received in cash.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

1. Summary of Significant Accounting Policies – continued

- D. Budgetary Control The County follows these procedures in establishing the budgetary data reflected in the financial statements:
 - On or before September 1, the County Administrator submits to the Whitfield County Board of Commissioners a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
 - Public hearings are conducted which allow for taxpayer comments.
 - Budgets are legally adopted by the Board of Commissioners at the first regular meeting in December for the General, Special Revenue, Debt Service and Capital Projects Funds.

Any revisions to the budgets, other than intradepartmental transfers, must be approved by the Board in a regular scheduled meeting. The legal level of budgetary control is the department level.

Intradepartmental transfers, not affecting salaries or benefit accounts, shall require only a request by the Department Head or Constitutional Officer.

Formal budgetary integration is employed as a management control device during the year.

The County's budgets are prepared on a basis consistent with generally accepted accounting principles in the United States of America. Budgetary comparisons are presented on this basis.

All unexpended appropriations lapse at the end of the year.

- E. Cash The County uses a centralized cash account for a large portion of its operations. The monies deposited and disbursed are reflected in the individual funds. Negative balances incurred in pooled cash at year-end are treated as interfund receivable of the General Fund and interfund payable of the deficit fund. Cash includes demand deposits, certificates of deposit, and money market accounts.
- **F. Investments** Investments include United States government and government agency securities. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost, which approximates fair value. All other investments are stated at fair value based on quoted market prices.

Georgia law authorizes local governments to invest in the following types of obligations:

- Obligations of the State of Georgia or of any other states;
- > Obligations issued by the United States:
- > Obligations fully insured or guaranteed by the United States government or governmental agency:
- Obligations of any corporation of the United States government;
- > Prime bankers' acceptances;
- Georgia Fund I state investment pool;
- Georgia Extended Asset Pool (GEAP):

1. Summary of Significant Accounting Policies – continued

- > Repurchase agreements; and
- > Obligations of other political subdivisions of the State of Georgia.

For purposes of the statement of cash flows, the County's proprietary fund type considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

- **G. Inventory** The cost of inventory is recorded as an expenditure at the time the individual inventory items are purchased. The County does not maintain significant levels of inventory items.
- **H. Prepaid Items** Certain payments to vendors reflect cost applicable to future accounting periods and are recorded as prepaid items. The expense or expenditure is recognized during the benefiting period.
- Interfund Transactions On the fund financial statements, receivables and payables resulting from interfund loans are classified as "due to/from other funds." Any residual balances outstanding between the governmental activities and business type activities are reported in the government-wide financial statements as "internal balances."
- J. Capital Assets Capital assets, which include property, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Beginning in 2007, general infrastructure assets acquired prior to January 1, 2003 were reported in the basic financial statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the primary government, as well as the component units, are depreciated using the straight line method over the following useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and structures	35
Equipment and fixtures	3 – 7
Vehicles	5
Infrastructure	10 – 40

1. Summary of Significant Accounting Policies – continued

- K. Compensated Absences It is the County's policy to allow employees to accumulate paid time off up to 20 days. Any earned leave in excess is credited to an extended leave bank. There is no liability for unpaid extended leave since the County does not have a policy to pay any amounts when employees separate from service with the government. All paid time off is accrued when incurred in the government-wide, and proprietary financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.
- Long-term Obligations In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of applicable bond premium or discount. Bond issuance costs are recognized as an outflow of resources in the reporting period in which they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

M. Fund Balances and Net Position – At the governmental fund financial reporting level, fund equity is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance – Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The County's fund balances are classified as follows:

- Non-spendable Fund Balance Fund balances that include amounts that cannot be spent because they are either not in a spendable form (prepaid items, inventories) or be legally or contractually required to be maintained intact.
- Restricted Fund Balance Fund balances with limitations imposed on their use by external restrictions imposed by creditors, grantors, or laws or regulations of other governments, or be imposed by law through constitutional provisions of enabling legislation.
- 3) Committed Fund Balance Fund balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board of Commissioners and remain binding unless removed in the same manner. Board of Commissioners' resolution is required in order to establish, modify or rescind a fund balance commitment. This is the highest level of authoritative action at the local level.

1. Summary of Significant Accounting Policies – continued

- 4) Assigned Fund Balance Fund balances that are constrained by the County's intent to be used for specific purposes but that are neither committed nor restricted, as established by the County Administrator based on the Board of Commissioners' direction.
- 5) Unassigned Fund Balance Fund balances that do not fall into one of the above four categories. The General Fund is the only fund that should report a positive unassigned balance.

Net Position – Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws and regulations of other governments. The remaining balance of net position is reported as unrestricted. The County uses restricted amounts to be spent first when both restricted and unrestricted are available. For unrestricted amounts of fund balance, it is the County's policy to use fund balance in the following order 1) committed, 2) assigned, 3) unassigned.

Deferred Outflows/Inflows of Resources -

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then. The County does not have any items that qualify for reporting in this category.

In addition to liabilities, the Statement of Financial Position will sometimes report a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County reports one of these items. Unavailable revenue is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

- N. Estimates The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- O. Comparative Data Comparative total data for the prior year has been presented only for individual funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified to be consistent with the current year's presentation.

1. Summary of Significant Accounting Policies – continued

P. Interfund Activity – Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after the non-operating revenues/expenses section in proprietary funds. Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them are presented as reductions in internal balances.

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business type activities column are eliminated.

2. Cash and Investments

Cash and investments - custodial credit risk

Custodial credit risk for deposits and investments is the risk that, in the event of the failure of a depository financial institution, the County's deposits and investments might not be recovered. The County's policy and state statutes require all deposits and investments to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties or municipalities. As of December 31, 2014, all of the County's deposits were insured or collateralized.

Investments

As of December 31, 2014, the County had the following investments:

<u>Type</u>	Fair Value	Interest Rate Risk
Georgia Fund 1	\$3,126,468	Weighted Average Maturity - 51 days

The County invests funds throughout the year in a Local Government Investment Pool (Georgia Fund 1). Georgia Fund I, created by OCGA 36-83-8, is a stable net asset value investment pool which follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. However, Georgia Fund I operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the Securities and Exchange Commission (SEC) as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share. Investments in the Georgia Fund I LGIP are rated AAAf. Due to the nature of the accounts, this fund is exempt from disclosure of custodial credit risk.

2. Cash and Investments - continued

Deposit and investment transactions are subject to a variety of risks. The County's adopted investment policies seek to promote the safety of principal, provide adequate liquidity for operation needs, earn market rates of return on investments consistent with liquidity needs and investment quality, and conform with legal requirements.

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. The County's investment policy states that the Government will structure its portfolio to meet cash requirements for ongoing operations. The policy also emphasizes the purchase of shorter term or more liquid investment. The County limits its investments to those with maturities of five years or less.

Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. The County's investment policy seeks to minimize credit risk through diversification of investments within the choices allowed under state statutes.

3. Property Taxes

State law requires that property taxes be based on assessed value, which is 40% of fair market value. With the exception of motor vehicles and the property of public utilities, which are valued by the State Revenue Department, the Board of Tax Assessors of Whitfield County makes all assessments. Upon completion of all assessments and tax returns, the information is turned over to the Whitfield County Tax Commissioner for compilation of the tax digest. The completed tax digest must be submitted to the State Revenue Commissioner for approval. The State Revenue Commissioner must ascertain that real property on the tax digest has been assessed at the state mandated forty percent (40%) of fair market value. If not, the State Revenue Commissioner may issue a consent order to reassess real property. The County Tax Commissioner distributes tax notices and collects tax payments.

The County Tax Commissioner also collects taxes for the Whitfield County Board of Education, the City of Dalton, the City of Dalton Board of Education, the City of Varnell, Dalton Downtown Development Authority, and the State of Georgia. Motor vehicle taxes must be paid by the birth date of the owner of the vehicle. Property taxes are levied each October based on values as of January 1st and are due on December 20th each year. The 2014 property taxes were levied on October 20, 2014 with taxes being due on December 20, 2014. Taxes are considered delinquent after December 20th. Collections of property taxes are made throughout the year. Property taxes are attached as an enforceable lien on the day the taxes become delinquent. The total real and personal tax levy is recorded as revenue in the fiscal year in which such amounts will be available (collected within 60 days of year-end) as net current assets. In the accompanying financial statements, the portion of the property tax levy for the tax year 2014 collected during the current year has been recognized as revenue.

5. Defined Benefit Pension Plan

Plan Description

The County sponsors the Association County Commissioners of Georgia Restated Pension Plan for Whitfield County Employees (The Plan), which is a defined benefit pension plan.

The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of the adoption agreement, is affiliated with the Association County Commissioners of Georgia Third Restated Defined Benefit Plan (The ACCG Plan), an agent multiple-employer pension plan, administered by GEBCorp. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of the ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG Plan document.

The pension plan is audited by an independent auditor and a separate report is issued. A copy can be obtained from GEBCorp, 400 Galleria Parkway, Suite 1250, Atlanta, Georgia 30339.

All full-time County employees are eligible to participate in the Plan after completing three years of service. Benefits vest after five years of service. Participants become eligible to retire at the earlier of: a) age 65 with 5 years vested service or b) age 60 with 10 years of service. Upon eligibility to retire, participants are entitled to an annual benefit in the amount of 1.0% of average annual compensation up to \$6,600 plus 1.5% of average annual compensation in excess of \$6,600 plus \$36 for each year of service payable as a life annuity. For participants hired after January 1, 2003 the annual benefit is 1% of average annual compensation multiplied by years of service. Compensation is averaged over a five year period prior to retirement or termination. The Plan also provides benefits in the event of death or disability. These benefit provisions were established by an adoption agreement executed by the County Board of Commissioners.

County employees are not required to contribute to the Plan. The County contributes the entire cost of the Plan, using the actuarial basis described in the annual valuation report.

Retirees, beneficiaries, and disables receiving benefits	178
Terminated plan participants entitled to but not yet receiving benefits	311
Active employees participating in the plan	<u>419</u>
Total number of plan participants	908

Contributions

The County is required to contribute an actuarially determined amount annually to the Pension Plan's trust. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and must satisfy the minimum contribution requirement contained in the State of Georgia statute 47-20. Administrative expenses are based on total covered compensation of active plan participants and are added to the state-required annual funding requirement.

5. Defined Benefit Pension Plan - continued

The Georgia Constitution enables the governing authority of the County, the Board of Commissioners, to establish and amend from time to time the contribution rates for the County and its plan participants.

The County's required contribution for the year ended December 31, 2014 was \$1,050,127. Actual contributions for the year equaled \$876,506, or 83.5% of required contributions.

Net Pension Liability

The County's net pension liability was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salary increases 3.0 percent, based on age

Investment rate of return 7.5 percent, net of Plan investment expense,

Including inflation

The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study for the period January 1, 2013 to December 31, 2013. In addition, mortality rates were based on the RP-2000 combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA.

The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed income	30.0%	1.7%
Domestic equity:		
Large cap	30.0%	2.6%
Mid Cap	5.0%	0.6%
Small cap	5.0%	0.5%
International equity	15.0%	0.8%
Real estate	5.0%	0.5%
Global equity	5.0%	0.3%
Multi asset class	5.0%	0.4%
Total	100.0%	

5. Defined Benefit Pension Plan - continued

Discount Rate

The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in County's Net Pension Liability

Changes in the County's net pension liability for the year ended December 31, 2014 were as follows:

		<u> </u>	ncrea	ase(Decrease)	
	Total Pension Liability (a)			an Fiduciary let Position (b)	 let Pension Liability (a)-(b)
Balances at 12/31/13	\$	33,638,724	\$	31,840,355	\$ 1,798,369
Changes for the year:					
Service Cost		479,120			479,120
Interest		2,522,904			2,522,904
Contributions-employer				876,506	(876,506)
Contributions-employee				-	_
Net investment income				2,320,411	(2,320,411)
Benefit payments, including					
refunds of employee contributions		(1,420,706)		(1,369,355)	(51,351)
Administrative expense				(71,788)	71,788
Other charges				(260, 175)	260,175
Net changes		1,581,318		1,495,599	85,719
Balances at 12/31/14	\$	35,220,042	\$	33,335,954	\$ 1,884,088

5. Defined Benefit Pension Plan - continued

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the County, calculated using the discount rate of 7.5 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or a 1-percentage-point higher (8.5 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount	Increase
	Rate (6.5%)	Rate (7.5%)	Rate (8.5%)
County's net pension liability	\$ 6,645,545	\$ 1,884,088	\$(2,068,102)

Pension Plan Fiduciary Net Position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued GEBCorp financial report.

Payable to the Pension Plan

At December 31, 2014, the County reported a payable of \$876,506 for the outstanding amount of contributions to the pension plan required for the year ended December 31, 2014.

6. Other Postemployment Benefits (OPEB) – Healthcare

Plan Description – The Whitfield County Retiree Health Insurance Plan was established to provide post-employment benefits for eligible retirees and beneficiaries. The plan is a single-employer defined benefit health care plan providing coverage for medical and prescription drug benefits. The Board of Commissioners established the benefit provisions and may amend them as necessary. The Plan does not issue separate financial statements.

To be eligible for OPEB benefits, an employee must have been covered under the medical plan as an active member immediately prior to retirement, must be 1) at least age 60 with 10 years of service or 2) at least age 65 with 5 years of service. Participants who are not eligible for retirement at the time of termination are not eligible for benefits from the plan. Retirees may not resume coverage under the plan once coverage has lapsed. For 2014, there were 13 retirees and dependents receiving benefits.

Funding policy – The funding policy of the County is to contribute to the plan the net claims paid during the year. The County covers the cost of administering the plan. The Board of Commissioners set the monthly contribution rates for active employees and retirees. 2014 contribution rates for retirees are as follows:

Coverage	Reti	Retirees Costs		
Retiree	\$	229.32		
Retiree + one	\$	417.80		
Retiree + family	\$	515.40		

6. Other Postemployment Benefits (OPEB) – Healthcare – continued

The Plan's required employer contributions for the plan years 2014, 2013, and 2012 were \$155,600, \$166,900 and \$155,300, respectively. Of the required employer contributions, the percentage contributed for plan years 2014, 2013 and 2012 were 605.5%, 27.1% and 17.3%, respectively.

Annual OPEB cost and Net OPEB obligation – The County had an actuarial valuation performed for the plan as of January 1, 2014 for the plan year ending December 31, 2014 to determine the employer's annual required contribution (ARC) for the period. The following summarizes the cost and contribution at December 31, 2014.

Year Ended December 31,	Annual OPEB Cost	Employee Contribution	% of Annual OPEB Contributed
2014	\$ (25,700)	\$ 155,600	-605.50%
2013	(614,900)	166,900	-27.10%
2012	(896,800)	155,300	-17.30%
2011	1,507,000	385,000	25.60%
2010	1,509,000	493,000	32.70%

Schedule of Funding Progress

Actuarial Valuation Date	Plan Assets	Accrued Liability	Unfunded Liability (UL)	Normal Cost	Funded Ratio	Annual Covered Payroll	UL as % of Covered Payroll
1/1/2014	0	7,020,700	7,020,700	454,700	0%	18,736,400	37.5%
1/1/2012	0	4,754,000	4,754,000	372,600	0%	17,652,200	26.9%
1/1/2010	0	13,357,000	13,357,000	952,000	0%	17,503,000	76.3%

6. Other Postemployment Benefits (OPEB) - Healthcare - continued

Schedule of Net OPEB Obligation (NOO)

Annual OPEB Cost							
Plan Year	BOY NOO	ARC	Int	Adj	Total	Contribution	EOY NOO
2014	11,553,100	1,937,500	462,100	(2,425,300)	(25,700)	155,600	11,371,800
2013	12,334,900	1,481,200	493,400	(2,589,500)	(614,900)	166,900	11,553,100
2012	13,387,000	1,378,000	535,500	(2,810,300)	(896,800)	155,300	12,334,900
2011	12,265,000	1,527,000	491,000	(511,000)	1,507,000	385,000	13,387,000
2010	11,249,000	1,527,000	450,000	(468,000)	1,509,000	493,000	12,265,000

Actuarial methods and assumptions – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the goal to reflect a long-term perspective.

Basis of Valuation

Current valuation date	January 1, 2014
Actuarial cost method	Projected Unit Credit
Amortization method	Level dollar, open, 5 years
Investment rate of return	4.0%
Inflation rate	2.5%
Medical cost trend rate	9% graded to 5% over 10 years

7. Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all full-time County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, and rights (until paid or made available to the employee or other beneficiary) are held in trust for the exclusive benefit of participants and their beneficiaries.

8. Cafeteria Plan

Whitfield County offers its employees a cafeteria plan created in accordance with Internal Revenue Code Section 125. The plan, available to all full-time County employees, allows any one or more of the following benefits to be acquired through salary redirection:

- Health Care Reimbursement (expenses not covered by group medical plan)
- Dependent Care Assistance
- Insurance Premium Payments
 - (a) Group Medical
 - (b) Group Term Life
 - (c) Dental
 - (d) Vision

The amount of salary redirection is determined by each participant prior to the beginning of the plan year end and is irrevocable for such year.

Excess salary redirection amounts resulting from the failure of a participant to incur a qualified expense or to seek reimbursement in a timely manner is forfeited and credited to the benefit plan surplus. Surplus amounts are first used to defray administrative costs and experience losses with the remainder, if any, being distributed to participants on a per capita basis. Any potential charges for the administration of the plan are paid by the County. In 2014, there were no charges incurred.

9. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Government carries commercial insurance. Only liability coverage is maintained for County vehicles. The County established a limited risk management program for employee health insurance in 1992. Premiums are available to pay claims, claims reserve, excess insurance coverage and administrative costs of the program. During the fiscal year 2014, a total of \$4,871,408, was paid in benefits. An excess coverage insurance policy covers individual claims in excess of \$75,000. Based upon past claims history, claims incurred but not reported are considered to be immaterial and have not been accrued.

The County participates with other governments in the State as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Association County Commissioners of Georgia (ACCG) Workers' Compensation Self Insurance Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments. As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The funds are used to defend and protect the members of the pools against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. These funds are to be used to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

9. Risk Management - continued

Settled claims in the current year have not exceeded the coverages.

Claims and Judgments - Description

Significant losses experienced by the County are covered by commercial insurance for all risks except employee health care for which the County retains the risk of loss. For insured risks there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or through prior years.

Claims Liabilities

The County records an estimated liability for indemnity health care, torts and other claims against the County. Claim liabilities are based on estimates of the ultimate cost of reportable claims (including future claim adjustment expenses) and an estimate for claims incurred but not reported based on historical experience.

Unpaid Claim Liabilities

The fund establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related claims adjustment expenses.

The following represents the changes in approximate aggregate liabilities for the County from January 1, 2012 to December 31, 2014:

.

	HEALTH CARE
Liability balance December 31, 2011 Claims and changes in estimates Claims payments	\$ 335,167 4,598,767 (4,679,639)
Liability balance December 31, 2012 Claims and changes in estimates Claims payments	254,295 4,623,651 (4,658,881)
Liability balance December 31, 2013 Claims and changes in estimates Claims payments	219,065 4,911,569 (4,871,408)
Liability balance December 31, 2014	\$ 259,226

10. Long-Term Debt

Note Payable – On April 6, 2010, the County executed a note to Spring Creek Properties, LLC for the purpose of purchasing real estate for the development of a recreational park in the west side of the County. The principal sum of the note is \$949,600 with annual payments of \$94,960 plus interest at 4.25% until December 31, 2019.

Note payable debt service requirements to maturity are as follows:

	<u>Principal</u>	Interest	Total
2015	\$ 94,960	\$ 20,179	\$ 115,139
2016	94,960	16,143	111,103
2017	94,960	12,107	107,067
2018	94,960	8,072	103,032
2019	94,960	4,036	98,996
	\$ 474,800	\$ 60,537	\$ 535,337

Capital Lease

The County is obligated under capital leases that expire over the next five years. Included are the following amounts applicable to capital leases:

	vernmental Activities
Equipment Accumulated depreciation	\$ 507,258 (194,875)
Net leased property	\$ 312,383

The present value of future minimum capital lease payments as of December 31, 2014 is as follows:

		 vernmental activities
	2015	\$ 123,025
	2016	100,608
	2017	97,909
	2018	 14,650
Total minimum lease payments		336,192
Less amount representing interest		(13,140)
Present value of minimum lease payments		\$ 323,052

10. Long-Term Debt - continued

Intergovernmental Liability – In 1998, the County entered into a Utility Service Agreement with Dalton Utilities for the construction of water lines in the west side area of the county. In 2003, another agreement was entered into for the construction of water lines in the north side area. In 2007, the final phase of water lines was constructed. Dalton Utilities funded the costs of construction and Whitfield County guaranteed the payment of the interest on the outstanding debt for the projects. The payments on the first debt, beginning in 1999, are due quarterly over a twelve year period. The second agreement has payments beginning in 2003 for a nine year period, and the third agreement, beginning in 2007, has quarterly payments for ten years. Original debt on all phases was \$9,742,966. The annual requirements to amortize the intergovernmental liability outstanding at December 31, 2014 are as follows:

	Principal	Interest	Total
2015	\$ 220,215	\$ 14,405	\$ 234,620
2016	124,769	4,861	129,630
2017	25,508	329	25,837
	\$ 370,492	\$ 19,595	\$ 390,087

Revenue Bonds

On December 18, 2009, the County issued bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$3,625,000. The bonds bear interest of 3.63% with a final maturity of December 15, 2019. Proceeds from the sale of these bonds were used for the acquisition and development of land, including sewer for the Commerce Park I project. This project is to promote trade, commerce and economic development for the citizens of Whitfield County.

On June 29, 2010, the County issued Series 2010A bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$3,775,000. These bonds bear interest of 2.97% with a final maturity of June 15, 2020. Proceeds from these bonds were used to acquire and develop land, including roads for the Carbondale Business Park.

On June 29, 2010, the County issued Series 2010B bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$6,075,000. These bonds bear interest of 5.51% and have a final maturity of June 15, 2025. Proceeds from these bonds were used to acquire land for commercial and industrial development for the Carbondale Business Park.

On July 7, 2011, the County issued Series 2011 bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$3,220,000. These bonds bear interest of 2.825% with a final maturity of June 15, 2021. Proceeds from these bonds were used to acquire land and the grading thereof, which is to be leased by the Authority to a company pursuant to a ground lease agreement for their construction of an advanced manufacturing facility.

On October 17, 2013, the County issued Series 2013 bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$7,185,000. These bonds bear interest of 1.45% with a final maturity of April 1, 2018. Proceeds from these bonds were used for a public infrastructure project.

10. Long-Term Debt - continued

Pursuant to these bond issues, the County entered into intergovernmental contracts with the Dalton-Whitfield Joint Development Authority whereby the County has an unconditional obligation to provide funds for the bond payments. The County will exercise its power of taxation to the extent necessary, up to one mill per dollar of the assessed value of taxable property, to fulfill its obligation.

A summary of annual debt service requirements to the maturity for the bonds follows:

	Principal	Interest	Total
2015	\$ 3,026,000	\$ 541,165	\$ 3,567,165
2016	3,104,000	464,227	3,568,227
2017	3,184,000	384,711	3,568,711
2018	2,171,000	310,427	2,481,427
2019	1,620,000	245,950	1,865,950
2020-2024	3,715,000	560,648	4,275,648
2025	600,000	16,530	616,530
	\$ 17,420,000	\$ 2,523,658	\$ 19,943,658

Changes in Long-Term Liabilities -

Long-term liability activity for the year ended December 31, 2014 was as follows:

	 Beginning Balance	_A	dditions	ns Reductions		Ending Balance			e Within ne Year
Governmental Activities:									
Notes Payable	\$ 569,760	\$	-	\$	(94,960)	\$	474,800	\$	94,960
Capital Lease	205,213		221,164		(103,325)		323,052		115,938
intergovernmental Liabilities	680,839		-		(310,347)		370,492		220,215
Revenue Bonds	20,385,000		-	((2,965,000)	1	7,420,000	3	,026,000
Compensated Absences	 827,225		1,156,414		(1,133,494)		850,145		448,054_
Total Governmental Activities	\$ 22,668,037	\$	1,377,578	\$ ((4,607,126)	\$ 1	9,438,489	\$3	,905,167

10. Long-Term Debt - continued

Intergovernmental liabilities are liquidated by funds set aside from the special purpose local option sales tax in the debt service fund. The note payable, capital lease, revenue bonds, compensated absences liability and net post-employment benefits obligation is liquidated by the general fund.

11. Interfund Receivables/Payables and Transfers

Interfund balances at December 31, 2014, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The County expects to repay all interfund balances within one year.

General Fund	SPLOST-Capital Projects Fund	\$ 1,103,830
General Fund	Non-major Governmental Funds	21,889
General Fund	Non-major Enterprise Fund	110,366
Special Fire District	General Fund	7,060
Special Fire District	Non-major Governmental Funds	99,548
Non-major Governmental Funds	General Fund	3,945
		\$ 1,346,638

Transfers in:	Non-major General Governmental Fund Funds		Total
General Fund	\$ -	\$ 62,078	\$ 62,078
Non-major Enterprise Fund	62,257	-	62,257
Capital Projects Fund	1,552,438	-	1,552,438
Major Governmental Fund	-	66,697	66,697
Non-major Governmental Funds	3,250	23,040	26,290
	\$ 1,617,945	\$ 151,815	\$ 1,769,760

Transfers are primarily used to move funds from the general fund to finance various programs accounted for in other funds. Transfers to the capital projects fund are resources for future capital expenditures. Transfers from non-major governmental funds to the general fund are to reimburse the general fund for personnel cost associated with grants. Interfund receivables/payables are due to timing differences and are expected to be reimbursed during the fiscal year ending December 31, 2015.

12. Joint Ventures

Dalton-Whitfield Solid Waste Management

The County and the City of Dalton share equally in operations of the Dalton-Whitfield Regional Solid Waste Management which operates solid waste disposal sites within Whitfield County. All budgetary and financial records are maintained by the City of Dalton. Administration is accomplished through a five member board with each government appointing two members and the fifth member being elected by the affirmative vote of the majority of the four appointed. Current expenses are funded through user fees and, if necessary, equal transfers from both governments. The County's equity interest in this joint venture is shown within the proprietary fund. The County's share of the resulting income or loss from the joint venture is shown separately as charge for services on the Statement of Activities.

State and federal laws and regulations require the Dalton-Whitfield Regional Solid Waste Management Authority to place a final cover on its landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Authority reports a portion of the closure and post-closure care costs as a non-operating expense in each period based on landfill capacity used as of each balance sheet date.

The accrual for closure and post-closure cost is summarized by location as follows:

			Old Dixie Phases		Old Dixie Phase 6		Old Dixie Phase 6				
Landfill sites:	West	side	2,4 and 5	C	ells 1 and 2	Ce	ells 3 and 4	Balefil	<u> </u>		Total
Estimated future costs:											
Closure	Comp	leted	Completed	\$	3,210,000	\$	2,220,000	\$ 1,770,0	000	\$	7,200,000
Post-closure	\$ 66	0,000	\$ 1,620,000		2,170,000		1,490,000	1,240,	000	·	7,180,000
	66	0,000	1,620,000		5,380,000		3,710,000	3,010,0	000		14,380,000
Percentage of total landfill capacity used											
as of 12/31/14		100%	100%		100%		52.3%	61	.5%		
	66	0,000	1,620,000		5,380,000		1,939,000	1,851,0	000		11,450,000
Land acquisition	5	0,000	*		_						50,000
Accrual at 12/31/14	\$ 71	0,000	\$ 1,620,000	\$	5,380,000	\$	1,939,000	\$ 1,851,6	000	\$	11,500,000

The Authority will record the remaining estimated cost of closure and post-closure care costs of \$2,880,000 as the remaining capacity is filled. Estimated remaining landfill life is more than 30 years. The above estimates are based on what it would cost to perform all closure and post-closure care in 2014. Actual costs when incurred may be higher due to inflation, changes in technology, or changes in laws and regulations.

12. Joint Ventures - continued

The Authority's landfill closure and post-closure requirements are being funded from user fees and interest earned from investments. If these revenues are inadequate or additional post-closure care requirements are determined, these costs may need to be covered by charges to future landfill users.

According to the latest inspection reports issued by the Georgia Department of Natural Resources, dated September 29, 2014, the Dalton-Whitfield Regional Solid Waste Management Authority was in compliance for closure and post-closure care financial assurance requirement for the 2014 year.

Condensed audited financial statements for the DWRSWMA at December 31, 2014 are as follows:

Northwest Georgia Trade & Convention Center Authority

The County participates with the City of Dalton in the Northwest Georgia Trade and Convention Center Authority. All budgetary and financial records are maintained by the City of Dalton. The County and City of Dalton share equally in the operations of the NWGTCCA, which operates to promote tourism, conventions, special events, and trade shows. Current expenses are funded through user fees, and, if necessary, equal transfers from both governments.

12. Joint Ventures - continued

In 2003, the contractual authority converted to a legislative authority containing a seven member board composed of two members appointed by the City, two members appointed by the County, and three members, appointed by the four City and County appointees, representing the lodging, restaurant, and tourism industries respectively.

The City of Dalton and Whitfield County shall each be required to fund one half (1/2) of an agreed-upon annual appropriation as the local government contributions to the Northwest Georgia Trade & Convention Center Authority.

Northwest Georgia Regional Commission

Under Georgia law, the County, in conjunction with other cities and counties in the Northwest area, is a member of the Northwest Georgia Regional Commission (NWGRC). Membership in NWGRC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the NWGRC. Membership in the NWGRC includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for obligations of the NWGRC. During the year, the County paid \$66,445 in dues to the NWGRC. The financial requirements of the County related to the NWGRC are limited to the amount of its annual dues. Separate financial statements may be obtained from the NWGRC, 503 W. Waugh Street, Dalton, Georgia 30720.

13. Component Unit

The Whitfield County Department of Public Health is the only discretely presented component unit in the financial statements of Whitfield County, Georgia at December 31, 2014. The information shown on the component unit is extracted from the June 30, 2014 audited financial statements.

14. Commitments and Contingencies

Legal Proceedings - The County is a defendant in various lawsuits. An accrual of \$100,000, representing the County's liability insurance deductible, was recorded at December 31, 2014 in the general fund.

Self-Insurance Programs - The County is self-insured for employee health claims.

Grant Programs - Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

15. Hotel/Motel Tax

Whitfield County, Georgia levies a hotel/motel tax in accordance with the provisions of OCGA 48-13-51. The amount expended for 2014 was \$252,493, which represents 100% of the tax receipts.

16. Restatement

During the year 2014, the County implemented GASB Statement No. 68 which establishes accounting and financial reporting by state and local governments for pensions. This standard changes how governments calculate and report the costs and obligations associated with pensions. The effects of the restatement to the County's financial statements are listed below.

Net position 12/31/13	z/31/13		Governmental Activities				
As previously reported	i	\$	304,780,825				
Add pre-GASB68 -	Net pension obligation		775,343				
Deduct - GASB68 -	Net pension liablity		(1,798,369)				
Net positon-restated		\$	303,757,799				

17. Subsequent Event

On April 13, 2015 the Board adopted a resolution to issue Dalton-Whitfield County Joint Development Authority Refunding Revenue Bond (Phase 11B Project), Series 2015 in the approximate principal amount of \$4,900,000 in order to refund and redeem the Series 2010B Bond on June 15, 2015.

SPECIAL REVENUE FUNDS

NON-MAJOR SPECIAL REVENUE FUNDS

These operating funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or for major capital projects) that are legally restricted as to use by the Federal or State Government and special purpose funds established by the County Board of Commissioners.

<u>Governmental Law Library Fund</u> - accounts for revenues and expenditures associated with maintaining a law library for attorneys practicing in state and county courts.

<u>District Attorney Forfeiture Fund</u> - accounts for revenues and expenditures associated with seized property through court ordered forfeitures for the purpose of enhancing law enforcement.

<u>Sheriff's Forfeiture Fund</u> - accounts for revenues and expenditures associated with seized property through court ordered forfeitures for the purpose of enhancing law enforcement.

<u>911 Emergency System</u> - accounts for revenues and expenditures associated with providing emergency services to telephone subscribers in Whitfield County.

Whitfield County Neighborhood Stabilization Program - accounts for revenues and expenditures associated with the purchase and redevelopment of foreclosed upon homes and residential properties, and can be used to purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon in order to sell, rent, or redevelopment.

<u>Conasauga A.D.R. Program</u> - accounts for revenues and expenditures used to resolve cases before they reach the main court system by arbitration or mediation.

<u>Divorce Seminar Fund</u> - accounts for revenues and expenditures associated with the mandated course for anyone seeking divorce who has children.

<u>Juvenile Service Fund</u> - accounts for revenues and expenditures associated with juvenile court ordered supervision fees.

<u>Local Victim Assistance Program</u> - accounts for revenues and expenditures associated with a program to assist victims of crimes or abuse.

<u>Drug Abuse Treatment and Education</u> - accounts for revenues and expenditures associated with drug abuse treatment and education programs relating to controlled substances and marijuana.

<u>Community Development Block Grant</u> - accounts for revenues and expenditures associated with a grant funded through Georgia Department of Community Affairs for the extension of sewer service and housing rehabilitation in the Sherwood Forest Neighborhood.

<u>Byrne Memorial JAG/Drug Court Programs</u> - accounts for revenues and expenditures associated with funds provided under the Edward Byrne Memorial Justice Assistance Grant Program, the Adult Drug Court Discretionary Grant Program: Enhancement, and the State of Georgia Accountability Court Funding Program.

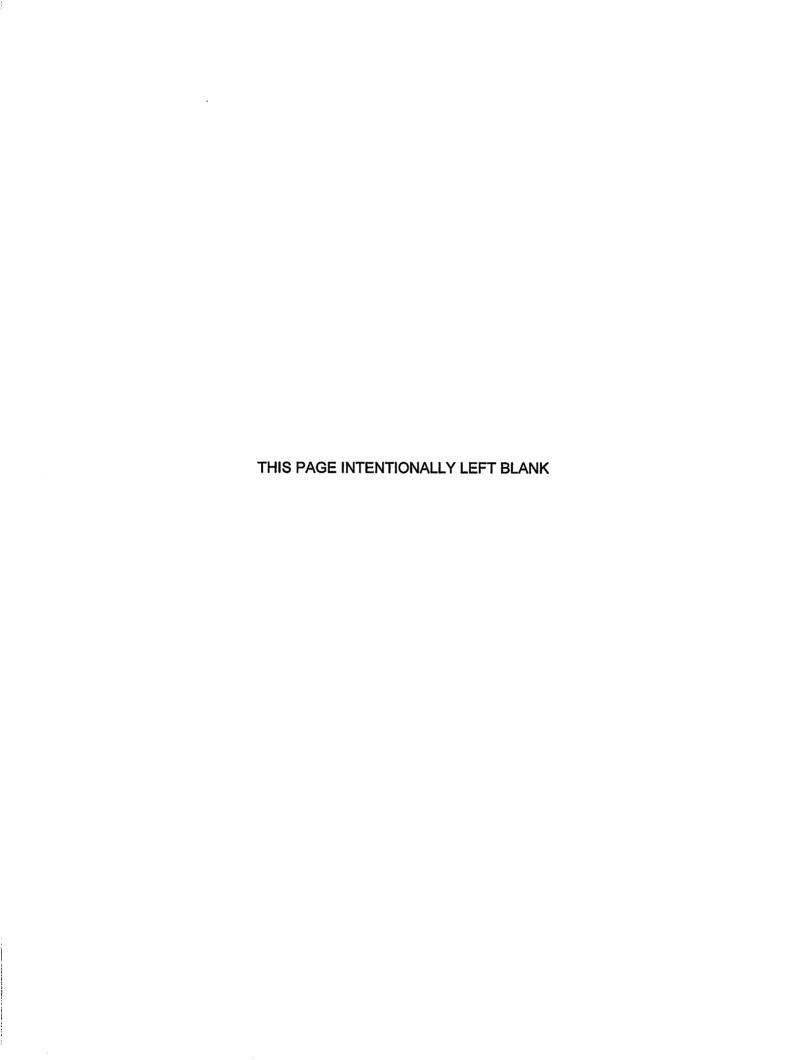

<u>Homeland Security Grant</u> - accounts for revenues and expenditures associated with funds provided by the Department of Homeland Security to help build and enhance capabilities to prevent, protect against, respond to, and recover from terrorist attacks, major disasters and other emergencies in accordance with the goals and objectives of the State Strategic Plan.

<u>Georgia Civil War Heritage Trails</u> - accounts for revenues from other governments and expenditures associated with the State of Georgia Civil War Heritage Trails project.

Jointly Funded District - accounts for the special tax district created to include all areas of Whitfield County outside the municipal limits of the City of Dalton for the purpose of providing adequate and equitable funding of certain jointly funded services between Whitfield County and the City of Dalton. Such jointly funded services include Whitfield County's contribution toward the Dalton-Whitfield County Joint Development Authority (JDA), the Dalton Regional Library, and the Dalton-Whitfield Senior Center.

<u>Solid Waste District</u> - accounts for the special tax district to include all areas of Whitfield County outside the municipal limits of the City of Dalton for the purpose of providing adequate and equitable funding of solid waste services within such areas.

<u>Hotel/Motel Tax Fund</u> - accounts for revenues and expenditures associated with the county's hotel/motel room tax.

STATISTICAL SECTION

This part of Whitfield County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the county's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the county's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the county's ability to generate its property taxes.

Debt Capacity

These schedules contain information to help the reader assess the affordability of the county's current levels of outstanding debt and the county's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the county's financial activities take place and to help make comparisons over time and with other governments.

Operating Information

These schedules contain information about the county's operations and resources to help the reader understand how the county's financial information relates to the services the county provides and the activities it performs.

- (2) Data provided by City of Dalton Finance Office

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Whitfield County. Applicable percentages were estimated by determining the portion of another government unit's assessed value that is within the County's boundaries and dividing it by each unit's total assessed value. Entities are situated entirely within the geographic boundaries of the County.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners Whitfield County, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Whitfield County, Georgia, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Whitfield County, Georgia's basic financial statements and have issued our report thereon dated June 11, 2015. Our report includes a reference to other auditors who audited the financial statements of the component unit, Whitfield County Department of Public Health, as described in our report on Whitfield County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matter that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Whitfield County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Whitfield County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Whitfield County, Georgia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Whitfield County, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Board of Commissioners Whitfield County, Georgia

Report on Compliance for Each Major Federal Program

We have audited Whitfield County, Georgia's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Whitfield County, Georgia's major federal programs for the year ended December 31, 2014, Whitfield County, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to it federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Whitfield County, Georgia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Whitfield County, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Whitfield County, Georgia's compliance.

Opinion on Each Major Federal Program

In our opinion, Whitfield County, Georgia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

P.O. Box 1066 Trion, Georgia 30753 (706) 734-4377 chrysan@chrysanthomascpa.com

Report on Internal Control Over Compliance

Management of Whitfield County, Georgia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Whitfield County, Georgia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Whitfield County, Georgia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
