## Whitfield County

**Board of Commissioners** 

Board Members Mike Babb, Chairman Harold Brooker Lynn Laughter Barry W. Robbins Roger Crossen

June 10, 2016

The Honorable W. Michael Babb, Chairman Members of the Board of Commissioners and Citizens of Whitfield County, Georgia

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year, unless an extension has been approved, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Whitfield County for the fiscal year ended December 31, 2015.

This report consists of management's representations concerning the finances of Whitfield County. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of Whitfield County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Whitfield County financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Whitfield County comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Whitfield County financial statements have been audited by Chrysan Thomas, C.P.A., PC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of Whitfield County for the fiscal year ended December 31, 2015 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Whitfield County financial statements for the fiscal year ended December 31, 2015 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Whitfield County MD&A can be found immediately following the report of the independent auditors.

#### **Overview of the Comprehensive Annual Financial Report**

The Comprehensive Annual Financial Report is presented in three sections: Introductory, Financial, and Statistical. The Introductory Section includes this letter of transmittal; a list of Whitfield County's principal officials, department directors and elected officials; and organizational chart. The Financial Section includes the management's discussion and analysis, basic financial statements and schedules, as well as the independent auditor's report on these financial statements and schedules. The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis.

#### **Reporting Entity**

The financial reporting entity (Whitfield County, Georgia) includes all the funds of the primary government, as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and included as part of the primary government. Based on the blended component unit criteria, no blended component units are included in this report.

Discretely presented component units are reported as a separate column in the combined financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position, results of operations and cash flows from the primary government. The Whitfield County Department of Public Health is included as a discretely presented component unit.

#### **Profile of the Government**

Whitfield County is located in the northwest portion of Georgia. It is considered to be the economic hub of the region. Whitfield County occupies a land area of 290 square miles and serves an estimated population of 104,216. Whitfield County is empowered to levy a property tax on both real and personal properties located within its boundaries. Whitfield County was formed from a portion of Murray County in 1851 becoming Georgia's 97<sup>th</sup> county. It was named for the Reverend George Whitefield, the founder of the Bethesda Orphan House in Savannah. The spelling of the county's name was later changed to reflect the way it was pronounced.

Located in Northwest Georgia at the foothills of the Appalachian Mountains, Whitfield County is blessed with natural beauty and a mild climate. Whitfield County is the gateway to the 150 miles Chieftain's Trail, which trace the path of the Cherokee Indian sites, located in the Northwest Georgia area. Dalton/Whitfield County is also known as the "Carpet Capital of the World". Whitfield County is a prime location for business expansion, relocation and economic development. Located in Auto Alley on Interstate 75 and just 25 miles south of Chattanooga and 85 miles north of Atlanta, the area is within a day's drive of half the country's population which makes it a great location for distribution.

Whitfield County has been operating under a Board-administrator form of government since 1971. Policy-making and legislative authority are vested in the Board of Commissioners consisting of a Chairman elected at-large and four commissioners from four separate districts also elected at-large on a partisan basis. The Chairman and Commissioners serve four-year staggered terms. The Board of Commissioners are responsible for passing ordinances, adopting the budget, appointing committees, and hiring the government's manager, attorney and auditors in addition to other duties. The County Administrator is responsible for carrying out the policies and ordinances of the Board of Commissioners, for overseeing the day-to-day operations of the government, and for hiring/firing the heads of various departments under the Board of Commissioners.

Whitfield County Government provides a full range of services, including police protection via the Sheriff's Office, maintenance of roads and other infrastructures, inspections and enforcement, court services, jail, information technology services, 911, fire protection, animal control, parks and recreation, emergency management, planning and zoning, storm water management, and transit services among others.

The annual budget serves as the foundation for Whitfield County's financial planning and control. In accordance with state law, the County adopts an annual operating budget consistent with generally accepted accounting principles. The budget is adopted by the Board of Commissioners after a required public hearing and the required public notices have been issued. The final budget must be adopted no later than December 31<sup>st</sup>. The appropriated budget is prepared by fund and department. Department heads may make transfers of appropriations within a department with the exception of salaries and benefits. Transfers of appropriations from salaries and benefits, or between departments, however, require the special approval of the Board of Commissioners. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. Annual appropriated budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, debt service fund, and all special revenue funds. Annual operating budgets are not legally required for enterprise funds, but are prepared for use in planning, control, and evaluation purposes.

#### **Factors Affecting Financial Conditions**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Whitfield County operates.

#### **Local Economy**

The Dalton/Whitfield community continues to be affected by the recent recession with unemployment rates as high as 8.1% at the end of 2014. Unemployment rates are starting to show a slow recovery and as of December 2015, Whitfield County's unemployment rate dropped to 5.8%. The rate is steadily declining as local manufacturing companies expand in this area. According to the Georgia Department of Labor; U.S. Census Bureau, in 2015 Whitfield County had an employed labor force of 44,695. The 2014 per capita income of \$32,435 was the latest available information.

The Board of Commissioners, along with the Joint Development Authority and municipalities, recognizes the need for a more diversified local economy and the need to recruit new businesses to the area. The Dalton/Whitfield County Joint Development Authority focuses on economic growth of the community by attracting and retaining jobs, diverse investments, and growing the tax base.

For decades, Dalton/Whitfield County has been known as the "Carpet Capital of the World" but county and business leaders in Whitfield County are working to build on that reputation by attracting a wider diversity of advanced manufacturers.

The 2015 primary goal was to identify and recruit "targeted" industries (plastics/chemical, datacenters, auto suppliers, high-end retail, distribution, and food processing); employ accelerated marketing techniques; collaborate with existing business and industry and ensure long-term competitiveness to attract new companies and grow existing companies by actively promoting the identification and studying the feasibility of all available properties for business and industrial development.

The actual outcomes of 2015 were as follows: 7 new projects creating an estimated 365 new jobs (245 primary jobs and 120 secondary). These economic development efforts generated \$47.5 million dollars in new capital investment. A return on investment (ROI) report indicated the development in 2015 also created \$17.7 million dollars in new consumer spending and \$600,000 in new state and local sales tax.

Both public and private schools in Whitfield County are major contributors to the local economy in the form of employment opportunities and capital investments being made in new and expanded school facilities.

#### **Long-Term Financial Planning**

As is the case with most local governmental entities, the majority of services provided by Whitfield County are funded through an ad valorem tax levied against real and personal property. In the past, the fair market value of real property had served as an excellent basis for funding governmental services since it had proven to be extremely stable and reliable. In terms of the benefits being received from these taxes, there is often said to be a direct relationship between the quality of the services being provided and the fair market value of the property being served.

Whitfield County has experienced a steady decline in Net M&O Digest totals since the downturn in the economy in 2008. The County continues to experience a soft residential real estate market which mirrors the national market. The property tax digest has been weakened and it is not known when the digest will return to 2008 levels. The county experienced a 1.89% decrease in the net taxable digest in 2015. This decrease was due largely to the reduction in the motor vehicle category of the digest due to the new TAVT tax system.

The County M&O millage rate for 2015 was set at 7.061 and reflects a 1 mill increase over the 2014 M&O millage rate. The special tax district millage rate was set at 2.000 and remained unchanged from the 2014 special tax district millage rate. The special tax district rate is charged only to unincorporated county residents as well as residents of all municipalities in the county other than the City of Dalton.

Due to market conditions, the County has budgeted for a slight increase in the Net M&O digest for 2016 of less than 1%. The 2016 millage rate will be set in August of 2016. As mandated by state law, the millage rate is assessed on only 40% of the property valuation.

Local Option Sales Tax (LOST) is one of the county's most significant sources of revenue. The county entered into LOST negotiations as required by state law with the City of Dalton and the other cities located within the counties borders in 2012. As a result of the outcome of these negotiations the county will receive a much smaller percentage of the LOST collections than it has received in past years. The county's share of LOST for fiscal years 2013 & 2014 was reduced from 83.24% to 64.50%. The county's share of LOST was reduced again to 63.75% for the fiscal years 2015 and 2016. The challenge facing the county in future years will be replacing this reduction of revenue.

Whitfield County voters passed a \$48,000,000 special purpose local option sales tax (SPLOST) in 2008 for the main purpose of financing capital outlay projects involving roads, streets, and bridges. Many of the projects funded with the 2008 SPLOST are still in the construction phase and will continue into 2015 and possibly on into 2016.

On March 17, 2015, the County passed a four year 1% 2015 SPLOST that will be effective July 1, 2015. The 2015 SPLOST is estimated to raise an estimated \$64 million dollars and includes funds for county paving/resurfacing, a new public safety communications system, public safety equipment, recreation improvements, and a new county fire department facility.

#### **Other Information**

#### **Independent Audit**

Georgia Code requires an annual audit of the books of account, financial records, and transactions of all administrative departments of the county by independent certified public accountants selected by the Board of Commissioners. This requirement has been met and the auditor's unqualified opinion has been included in this report.

#### **Awards**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Whitfield County for its comprehensive annual financial report for the fiscal year ended December 31, 2014. This is the thirteenth consecutive year that the government has received this prestigious award. In order to be awarded the Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements. We are submitting it to GFOA to determine its eligibility for another certificate.

#### Acknowledgments

The preparation of this comprehensive annual financial report could not have been accomplished without the dedication and contributions of the entire Finance Department staff and the cooperation of the various elected officials and appointed management. We would also like to express our gratitude and appreciation to the staff of Chrysan Thomas, Certified Public Accountant, for their technical guidance and assistance to make this a quality report.

In closing, we also wish to acknowledge the valuable contribution of the Board of Commissioners. Without their guidance and leadership, preparation of this report would not have been possible.

Respectfully Submitted,

Mark Gibson

County Administrator

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Whitfield County, Georgia

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Whitfield County, Georgia, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the component unit, Whitfield County Department of Public Health, which represent 1.06 percent, (.2) percent, and 8 percent, respectively, of the assets, net position, and revenues of the County. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Whitfield County Department of Public Health, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

P.O. Box 1066 Trion, Georgia 30753 (706)734-4377 chrysan@chrysanthomascpa.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Whitfield County, Georgia as of December 31, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 13 through 25), Schedule of Changes in Net Pension Liability and Related Ratios (page 73), and Schedule of Contributions (page 74) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards—generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Whitfield County, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules, the Schedule of Expenditures for Construction Projects Funded by Special Purpose Local Option Sales and Use Tax, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, budgetary comparison schedules, the Schedule of Expenditures for Construction Projects Funded by Special Purpose Local Option Sales and Use Tax and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules, the Schedule of Expenditures for Construction Projects Funded by Special Purpose Local Option Sales and Use Tax and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 9, 2016 on our consideration of Whitfield County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Whitfield County, Georgia's internal control over financial reporting and compliance.

Chupar Shomas CHRYSAN THOMAS Certified Public Accountant

Dalton, Georgia June 9, 2016

## WHITFIELD COUNTY, GEORGIA MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended December 31, 2015

Within this section of the Whitfield County, Georgia (The County) Comprehensive Annual Financial Report (CAFR), the County's management provides narrative discussion and analysis of the financial activities of the County for the year ended December 31, 2015. The County's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section. Additional information is available in the transmittal letter which precedes Management's Discussion and Analysis. The discussion focuses on the County's primary government and, unless otherwise noted, component units reported separately from the primary government are not included.

#### **FINANCIAL HIGHLIGHTS**

- ► The County's assets and deferred outflows of resources exceeded its liabilities by \$282.9 million (net position) for the calendar year reported. This represents a decrease of \$16.5 million from the prior year.
- ► Total net position is comprised of the following:
  - (1) Net investment of capital assets of \$226 million includes property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
  - (2) Net position of \$34.3 million is restricted by constraints imposed from outside the County such as debt covenants, grantors, laws, or regulations.
  - (3) Unrestricted net position of \$22.6 million represents the portion available to maintain the County's continuing obligations to citizens and creditors.
- ► The County's governmental funds reported a total ending fund balance of \$54.9 million this year. The fund balance increased by \$11.4 million from the prior year fund balance of \$43.5 million.
- ► General fund's unassigned fund balance at the end of the calendar year was \$13.5 million, or 35% of total general fund expenditures.
- ▶ Business-type activities enterprise funds reported total ending net position of \$15 million as of December 31, 2015. This reflects a decrease of \$.6 million from the prior year.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

#### **OVERVIEW OF THE FINANCIAL STATEMENT**

This discussion and analysis is intended to serve as an introduction to Whitfield County's basic financial statements. The County's basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The County also includes in this report additional information to supplement the basic financial statements. Comparative data is presented when available.

#### Government-wide Financial Statements (Reporting the County as a Whole)

The County's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the County's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The County's government-wide financial statements include the Statement of Net Position and the Statement of Activities. The Statement of Net Position is the government-wide statement of position presenting information that includes all of the County's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County as a whole is improving or deteriorating. Evaluation of the overall health of the County would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of County infrastructure, in addition to the financial information provided in this report.

The Statement of Activities reports the revenues and expenses of the County. This statement is prepared using the accrual basis of accounting where revenues are recognized when earned and expenses are recognized when incurred. All current year revenues and expenses are included regardless of when cash is received or paid. The difference is described as the change in net position. An important purpose of the design of the Statement of Activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers.

Whitfield County divides the Statement of Net Position and the Statement of Activities into three types of activities:

- (1) **Governmental Activities** The activities reported in this category are the County's basic services such as general administration, judicial, public safety, public works, health and welfare, housing and development, culture and recreation and interest on long-term debt. These activities are principally supported by taxes and intergovernmental transfers.
- (2) Business-type Activities The Whitfield Transit System is included as business-type activities. The County receives capital and operating grants which cover a significant portion of costs for the services provided. Also included is the County's share of the net costs of the Northwest Georgia Trade and Convention Center Authority and the Dalton-Whitfield Regional Solid Waste Management Authority, which are joint ventures with the City of Dalton.
- (3) **Discretely Presented Component Unit** Component units are legally separate organizations for which the elected officials of the County are financially accountable. The Whitfield County Health Department is presented as a component unit for Whitfield County.

The government-wide financial statements are presented on pages 27 through 28 of this report.

#### **Fund Financial Statements**

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The County uses funds to track specific resources and expenditures, either for management purposes or because of legal mandates. Within the basic financial statements, fund financial statements focus on the County's most significant funds rather than the County as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The County's funds are divided into three categories:

▶ Governmental Funds – These funds account for basically the same functions reported as governmental activities in the government-wide financial statements. However, fund financial statements are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The focus is on the short-term view of the County's general government operations and the services provided. These statements are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 29 through 32 of this report.

Individual fund information for non-major governmental funds is found in combining statements in a later section of this report.

- Proprietary Funds These funds are reported in the fund financial statements and generally report services for which the County charges customers a fee. The County proprietary funds are classified as enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services are provided to customers external to the County organization for the 5311 Public Transportation System. Services provided by the two joint ventures to customers include landfill services and a public trade and convention center. Internal service funds are an accounting device used to account for services provided and billed on an internal basis. The County utilizes an internal service fund for workers' compensation and health insurance. The internal service fund is reported as governmental activities on the government-wide statement.
- ► Fiduciary Funds These funds are used to account for assets held by the County in a fiduciary capacity. The County's fiduciary agency funds include the Clerk of Court, Probate Court, Magistrate Court, Sheriff, Juvenile Court and Tax Commissioner. The funds are collected by the County on the behalf of individuals and other governmental entities.

#### **Notes to the Basic Financial Statements**

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 43 of this report.

#### **Other Supplementary Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on page 73 and 74 of this report.

As discussed, the County reports major funds in the basic financial statements. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report beginning on page 75.

#### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The County's overall financial position for the 2015 year is summarized as follows, based on information in the government-wide statement of net position.

#### WHITFIELD COUNTY, GEORGIA STATEMENT OF NET POSITION

Net position may serve over time as a useful indicator of a government's financial position. In the case of Whitfield County, assets and deferred outflows of resources exceeded liabilities by \$282.9 million at the close of the current year.

The most substantial portion of the County's net position is net investment in capital assets of \$226 million (79.9 %). This represents the County's machinery, equipment, and infrastructure less any related debt used to purchase or construct those capital assets. The County uses these assets to provide a variety of services to its citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

The County reports restricted net position of \$34.3 (12.1%). These are funds that are subject to external restrictions on how they may be used. The remaining net position of \$22.6 (8%) is unrestricted and may be used to meet the ongoing operations and obligations of the County. This amount does not take into consideration any unfunded liabilities such as pension and other post-employment benefits.

The business-type activities represent only a small portion of the total County-wide net position and is used to finance the continuing operations of the business-type activities.

As a whole, the County's net position decreased by \$16.5 million during 2015. The governmental activities net position decreased by \$15.9 million while the business-type activities net position slightly decreased by \$.6 million

The effects of the County's operations and resulting change in net position for the year 2015 is summarized as follows, based on information presented in the government-wide statement of activities.

#### **Governmental Activities**

The following chart depicts revenues of the governmental activities for the year ended December 31, 2015.

#### 39% 2%. 17% 2% ■Property taxes 22,608,630 ■ Other taxes 22,789,187 1%. ■Capital grants and contributions 684,788 Operating grants and contributions 1,224,867 ■ Charges for services 9,512,847 ■Miscellenous revenue 1,175,353 39%

#### Revenues by Source – Governmental Activities

As indicated by the revenue diagram above, other taxes, which exceeded property taxes by only \$180,557, were the largest sources for governmental activities. Other taxes include sales tax, insurance premium tax, hotel-motel tax and alcohol beverage tax. The County's governmental activities total revenues increased \$9.9 million (20.6%) primarily due to the new SPLOST which began July 2015.

Key elements regarding the increase and fluctuations are discussed below:

- ▶ Property taxes comprised 39% of total revenues and increased \$2.3 million. This increase is primarily due to a one mill increase for 2015.
- Other taxes also comprised 39% of total revenue and increased \$7.6 million due to the 2015 SPLOST. Collections for this SPLOST began in July 2015.
- Operating grants and contributions represent 2% and decreased \$1.3 million. This was due to the reclassification of fees received from the Department of Transportation for maintenance of roads and a reduction of grant funds
- ► Charge for services represent 17% and increased \$1.2 million. payment in lieu of taxes in previous year of \$1.7 million This was primarily attributable to the reclassification of fees received from the Department of Transportation for maintenance of roads.

The following chart depicts expenses of the governmental activities for the year ended December 31, 2015.

#### 12% 1% 1% 1%. ■ General government 9,153,564 ■ Judicial 6,275,200 ■ Public safety 23,785,809 ■ Public works 30,529,832 Health and welfare 772,204 Culture and recreation 544,925 Housing and development 2,136,681 ■ Interest on long-term 41% debt 651,456 32%

#### **Expenses by Function – Governmental Activities**

As indicated by the expense diagram, the largest use of County resources was for public works followed by public safety services such as Sheriff's Department, Jail, Fire, Coroner, Animal Control and Emergency Management. The County's governmental activities total expenses increased \$5.9 million (8.6%).

Key elements regarding the increase and fluctuations are discussed below:

- ▶ Public works represents 41.3% of total expenses and increased \$2.4 million from the prior year. This was due to the continuation of road construction projects funded through the Special Purpose Local Option Sales Taxes.
- Public safety represents 32.2% of total expenses and increased \$2.7 million from the prior year. A mid-year cost of living adjustment, health insurance and pension costs attributed to the increase in personal services and employee benefit expenditures. Another factor causing the increase was the additional capital projects funded by the new special purpose local option sales tax.
- ► General government and Judicial represent an aggregate of 20.9% of total expenses and increased \$925,033. An increase in personnel and benefits was attributable to the general government and judicial functions. The County also implemented a new financial software system in the current year.

The following table presents the cost of each of the County's programs, including the net costs (i.e., total cost less revenues generated by the activities). The net costs illustrate the financial burden placed on the County's taxpayers by each of these functions.

	Total cost of services	Net cost of services
General government	\$ 9,153,564	\$ 6,521,396
Judicial	6,275,200	3,542,171
Public safety	23,785,809	21,184,254
Public works	30,529,832	29,250,867
Health and welfare	772,204	772,204
Culture and recreation	544,925	214,428
Housing and development	2,136,681	290,393
Interest	651,456	651,456
Total	\$ 73,849,671	\$ 62,427,169

#### **Business-type Activities**

The County's business-type activities total revenues decreased \$50,581 and expenses increased \$542,428.

#### Revenues:

- ► Charges for services decreased \$98,200 which is attributable to the change in net position of the Northwest Georgia Trade and Convention Center.
- ▶ Operating grants and contributions increased \$40,942. This source of funding is through the 5311 Transit grant for operations of the Whitfield Transit System.
- Capital grants and contributions reflects a slight increase in funds received through the 5311 Transit grant for capital purchases

#### Expenses:

- Expenses for the Dalton-Whitfield Regional Solid Waste Management Authority increased \$387,841 over prior year. The County and City share equally in operations of the Dalton-Whitfield Regional Solid Waste Management which operates solid waste disposal sites within Whitfield County.
- Whitfield Transit System increased \$86,170 primarily in personal services and employee benefits due to a mid-year cost of living increase and market adjustments throughout the year.

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

#### Governmental Funds

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$54.9 million. Of this year-end total fund balance, \$13.5 million or (24.5%) is unassigned and available for spending at the County's discretion. The remainder is allocated as nonspendable (\$6.8 million), restricted for particular purposes (\$34.3 million), and committed for construction and capital outlay (\$.3 million).

The total ending fund balances of governmental funds reflect an increase of \$11.4 million from the prior year. The general fund reported a decrease of \$1.4 million (9.3%) and other governmental funds reported an increase of \$12.9 million (45.6%), of which \$19.9 million is due to the 2015 SPLOST that began July 2015, and bond proceeds through the Dalton Building Authority.

#### **Major Governmental Funds**

#### General Fund:

The general fund is the County's primary operating fund and is used to account for all governmental financial resources not restricted by state or federal laws, local ordinances, or other externally imposed requirements. At the end of 2015, the fund balance of the general fund was \$13.8 million. Unassigned fund balance represents 35.1% of general fund expenditures, a decrease from the prior year which was at 40.4% of total expenditures.

The general fund decreased fund balance \$1.4 million during the fiscal year. The budget reflected a deficit from fund balance of \$1.6, but actual revenues, expenditures and other financing sources and uses fell under the projection by \$208,440. This was primarily due to revenues slightly exceeding the budget and conservative spending efforts from all county departments

#### Capital Projects Funds:

- The SPLOST-Capital Projects Fund is used to account for the acquisition and construction of major capital assets. Revenues are derived primarily from the special purpose local option sales taxes and earnings on investments. This SPLOST expired at the end of 2010; however, these funds are restricted to complete various infrastructure projects. At the end of 2015, the fund balance was \$14.2 million which reflects a decrease of 22.8% from the prior year.
  - Investment earnings of \$55,625 was the sole source of revenue of 2015. Expenditures were \$4.2 million for various infrastructure projects.
- Capital Projects SPLOST 2015 Fund is used to account for the acquisition and construction of major capital assets. Revenues are derived from the special purpose local option sales taxes. Collections for this SPLOST began in July 2015 and are restricted for construction and capital outlay. Projects funded as taxes are collected include a new fire station estimated to cost \$1.4 million, additional vehicles for the Sheriff's Department estimated at \$1 million and road, street and bridge projects estimated at \$15 million. At the end of 2015,

- the fund balance was \$4 million. This fund balance is allocated as nonspendable (\$3 million) and restricted for construction and capital outlay (\$1 million).
- Capital Projects DBA Bond Fund is used to account for the acquisition and construction of major capital assets. Revenues are derived from bond proceeds issued by the Dalton Building Authority. The major project funded by bond proceeds is a joint project with the City of Dalton for a Digital Emergency Response Communications System/Mobile CAD System. Estimated cost of this project is \$12 million (County \$8 million and City of Dalton \$4 million). This project will include towers, maintenance buildings, and equipment that will meet the much stricter standards of industry today. The new system will provide radio coverage for public safety workers in an estimated 93.6% of Whitfield County, up from an estimated 20-46% currently. Other projects include a gymnasium at Edwards Park estimated to cost \$2.9 million, other land and park improvements estimated to cost \$1.5 million, ladder truck, pumper fire engine and turn out/breathing gear for the fire department estimated at \$4.4 million, vehicles for the Sheriff's Department estimated at \$1 million and a joint project with City of Dalton for improvements to the library at \$500,000 (County \$335,000 and City of Dalton \$165,000). At the end of 2015, the fund balance was \$15.4 million.

#### **Proprietary Funds**

The proprietary funds share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. This provides a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

Whitfield County's general fund budget is prepared in accordance with Georgia law and over the course of the year was amended by the Board of Commissioners. The amendments to the general fund resulted in a net increase to budgeted revenues of \$438,986, a net decrease to budgeted expenditures of \$269,490, and a net increase to other financing sources (uses) of \$36,000. The following addresses the major differences between the original adopted and the final adjusted budget:

#### Revenue:

- ► Real and personal property taxes decreased \$836,200.
- Alternative ad valorem taxes was added which increased revenues \$127,900.
- ► Local option sales taxes increased \$548,000.
- Franchise taxes increased \$58,600.
- Alcoholic beverage taxes increased \$46,000.
- Charge for services increased \$430,420. One major factor for this increase was due to an amendment to the service delivery agreement for stormwater management where the County assumed certain administrative and enforcement responsibilities for managing this process for the City of Dalton. This amendment created an additional revenue of \$175,000. Another major factor was due to a public works project provided to the Whitfield County Schools for a bus loop at Antioch Elementary School which generated \$153,000, and a project for Dalton Utilities for \$10,000.

#### Expenditures:

- A mid-year cost of living adjustment, health insurance and pension costs attributed to the increase in personal services and employee benefits in many departments.
- ▶ Net decrease of \$234,150 for various supplies used by Public works.
- Contingency of \$800,000 was eliminated and moved to various departments to absorb some of the pay increases.

#### Other Financing Sources (Uses):

- Increase of \$46,000 for sale of capital assets.
- ▶ Increase of \$98,000 for the transfer to the capital acquisitions fund.
- ▶ Decrease of \$88,000 for the transfer to the Whitfield Transit System.

#### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

#### Capital Assets

The County's investment in capital assets, net of accumulated depreciation for governmental and business-type activities as of December 31, 2015, was \$259.2 million and \$252,587, respectively. Total capital assets activity for the County as a whole decreased by \$11.3 million. See Note 4 for additional information about changes in capital assets during the calendar year. The following table provides a summary of capital assets activity.

### Whitfield County's Capital Assets (Net of Depreciation)

	Governmen	tal Activities	Business	Activ	<i>i</i> ities	Total Primary	y Government	
	2015	2014	2015	015 2014		2015	2014

#### Long-term Debt

As of December 31, 2015, Whitfield County capital leases, revenue bonds, notes payable and intergovernmental liabilities totaled \$33.7 million. This is an increase of \$15.1 million from the prior year. See Note 10 for additional information on Whitfield County's long-term debt.

	Governmental Activities							
	 2015	2014						
Notes payable	\$ 379,840	\$	474,800					
Capital lease	207,115		323,052					
Intergovernmental liability	18,584,321		370,492					
Revenue bonds	 14,504,000		17,420,000					
Total	\$ 33,675,276	\$	18,588,344					

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The Dalton-Whitfield community continued to be affected by the recent recession with unemployment rates as high as 8.1% at the end of 2014. Unemployment rates are starting to show a slow recovery, and as of December 2015, Whitfield County's unemployment rate dropped to 5.8%. The rate is steadily declining as local manufacturing companies expand in this area. The Dalton-Whitfield County Joint Development Authority's economic development mission is to facilitate the long-term, positive economic growth of the community by attracting jobs, diverse investments, and growing the tax base. The actual outcomes for 2015 were as follows: 7 new projects creating an estimated 365 new jobs (245 primary jobs and 120 secondary). These economic development efforts generated \$47.5 million dollars in new capital investment. A return on investment (ROI) report indicated the development in 2015 also created \$22.1 million dollars in new earnings, \$17.7 million in new consumer spending and \$600,000 in new state and local sales taxes.

The County's assessed net taxable digest decreased slightly by 1.89% in 2015 to \$2,537 billion. Total exemptions on the gross digest for 2015 digest for 2015 were \$906.6 million. Due to market conditions, the County has budgeted for a very slight increase of 1% in the Net M&O digest for 2016. In 2012, the Whitfield County Board of Commissioners created three special tax districts to include all areas of Whitfield County outside the municipal limits of the City of Dalton for the purpose of providing adequate and equitable funding of certain jointly funded services between Whitfield county and the city of Dalton for the benefit of all such areas. A total millage rate of 2 mills was set for these special tax districts when they were created, and for 2015 the millage rate remained unchanged. The 2015 M&O millage rate for the County was set at 7.061 mills and includes a 1 mill increase over the 2014 M&O rate.

The County entered into LOST negotiations in 2012 with the City of Dalton and other cities located within the County's borders. As a result, the County's LOST collection percentage was decreased from 83.24% to 64.85% for 2013 and 2014. The County's LOST percentage decreases to 63.75% for 2015 and 2016. The County has budgeted for a 1% decrease in sales tax revenue in 2016 when compared with 2015 actual sales tax collections due to the continued effects of the loss of sales tax revenues on automobile sales and the exemption of sales tax on energy for manufacturers. TAVT collections began in the County in March 2013. Actual TAVT collections for 2015 are \$1.9 million dollars. The 2016 General Fund budget reflects a less than 1% decrease in TAVT collections due to the Georgia Department of Revenue's increase in the state portion of the TAVT collection pool.

Whitfield County voters passed a 1 penny sales tax in March of 2015 that will raise the sales tax rate in Whitfield County from 6% to 7% effective July 1, 2015. This one penny SPLOST will raise an estimated \$64 million dollars in revenue and will be used to fund public safety equipment enhancements for local law enforcement, fire, and 911 personnel, road paving and improvements, bridge and culvert repair, construction of a new fire station, land acquisition for a new park, and many park improvements to include a new gymnasium at Edwards Park.

Other factors considered when preparing the 2015 budget included:

- ► A flat millage rate for 2016 for M&O and the special tax districts was assumed; however, economic factors may dictate a higher rate.
- ▶ General fund reserves will be used to cover the gap between revenues and expenditures.
- ▶ OBEP costs will be funded on the pay-as-you-go basis.
- ▶ No County contributions to the defined benefit pension plan were budgeted in 2016. At the end of the 2015 fiscal year the County's pension plan was funded at a 105% level.
- ► Health insurance costs are expected in increase 3.3% due to the Protection and Affordable Care Act
- ▶ Limited capital requests for facility improvements, equipment, and vehicles were considered in the 2016 general fund budget as other large capital needs will be paid for from the 2015 SPLOST.
- ► The County continues to evaluate the level of services desired by citizens and how to provide those services as economically as possible. Based on demographic considerations, demands for all types of public safety, courts, and general services will continue at 2015 levels.
- ► A 2016 COLA was not included in the 2016 budget.
- ▶ As required by the IRS, certain contractors will be treated as employees beginning in 2016 which will move expenditures from the purchased/contracted services category to the salaries category. Consequently, FICA and worker's compensation costs will increase.
- ▶ Departmental operating budgets will be held to prior year levels except where sufficient justification is provided.
- ▶ Due to the new SPLOST, which includes a total of \$6.5 million for paving projects, paving will be removed from the general fund budget.

#### REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the County's finances, comply with finance-related laws and regulations, and demonstrate the County's commitment to public accountability. If you have questions about this report or would like to request additional information, contact:

## WHITFIELD COUNTY, GEORGIA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL ACTIVITIES TO THE STATEMENT OF ACTIVITIES Year Ended December 31, 2015

NET CHANGES IN FUND BALANCES- TOTAL GOVERNMENTAL FUNDS		\$ 11,440,102
Amounts reported for governmental activities in the		
statement of activities are different because:		
Governmental funds report capital outlays as expenditures.  However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay in the current period.		
Depreciation expense Capital outlay	\$ (22,146,335) 10,780,102	(11,366,233)
The book value of capital assets sold or disposed of are reported on the		
government-wide statement of activities but not reported in the governmental funds.		(5,103)
Revenues in the statement of activities that do not provide current financial		
resources are not reported as revenues in the funds.		
Taxes Equity investment in joint venture	\$ 87,101 25,178	112,279
The current years additions to certain liabilities increased the net expenses of those functions on the statement of activities.		
Net pension liability		(571,347)
Other postemployment expenses are reported in the government-wide statement of activities, but do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		38,900
Repayments of long-term principal is an expenditure in the governmental funds,		
but the repayment reduces long-term liabilities in the statement of net position.		8,232,112
Debt proceeds provide current financial resources to governmental funds, but issuing		
debt increases long-term liabilities in the statement of net position.		(23,319,044)
Some expenses reported in the statement of activities, such as compensated absences do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.  Compensated absences		(167,299)
The internal service funds used by management to charge the costs of workers'		
compensation to individual funds are not reported in the government-wide		
statement of activities.		 (346,680)
CHANGES IN NET POSITION OF GOVERNMENTAL ACTIVITIES		\$ (15,952,313)

#### 1. Summary of Significant Accounting Policies

Whitfield County, Georgia (County) was incorporated in 1851 under the provisions of the Constitution of the State of Georgia. The County operates under a Board-Administrator form of government and provides the following services as authorized by its charter: public safety - 911 and fire, public works, sanitation, health and social services, culture-recreation, public improvements, planning and zoning and general administrative services.

The financial statements of the County have been prepared in conformity with generally accepted accounting principles in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. The more significant accounting policies of the County are described below.

A. Reporting Entity - As required by generally accepted accounting principles, these financial statements present the government and its component units, entities with which the government has a significant financial or operational relationship. Blended component units, although legally separate entities, are, in substance, part of the government's operations, so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the government.

#### Joint Ventures

- The County participates with the City of Dalton in the Dalton-Whitfield Regional Solid Waste Management Authority ("DWRSWMA"). The County has fifty percent equity in this entity. Separately issued financial statements of the DWRSWMA can be obtained from their administrative office located at 4350 Gazaway Drive SE, Dalton, Georgia 30720
- The County participates with the City of Dalton in the Northwest Georgia Trade and Convention Center Authority ("Trade Center"). The Trade Center became a separate authority in 2003. The County and City retained their respective shares of their equity balances as of December 31, 2002. The City and County each now have fifty percent interest in the income or loss of this entity. Separately issued financial statements of the Northwest Georgia Trade and Convention Center Authority can be obtained from their administrative office located at 2211 Dug Gap Battle Road, Dalton, Georgia 30720.
- The County participates with the City of Dalton in the Dalton-Whitfield Joint Development Authority. The County has fifty percent equity in this entity. Separately issued financial statements of the Dalton-Whitfield Joint Development Authority can be obtained from their administrative office located at 100 S. Hamilton Street, Dalton, Georgia 30720.

#### 1. Summary of Significant Accounting Policies - continued

#### Discretely Presented Component Unit

- Whitfield County Department of Public Health A voting majority of the members of the Board of Health is appointed by the Whitfield County Board of Commissioners. The Whitfield County Board of Commissioners is authorized by state law to approve environmental health service fees. The Board of Commissioners approves the budget of the Board of Health and provides regular operating subsidies. The Whitfield County Department of Public Health issues a separately audited financial statement. A copy of the component unit report can be obtained from the Director of Management, North Georgia Health District, District 1 Unit 2, 1710 Whitehouse Court, Dalton, Georgia 30720.
- B. Government–Wide Statements and Fund Financial Statements The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component unit for which the primary government is financially accountable.

In the government-wide statement of net position, both the government and business-type activities columns are presented on a consolidated basis by column, and are reflected on a full accrual, economic resource basis which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net position is reported in three parts – net investment in capital assets, restricted net position, and unrestricted net position.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a program and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

#### 1. Summary of Significant Accounting Policies - continued

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of contractual services and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Non-major funds are aggregated and presented in a single column.

Governmental funds are those funds through which most governmental functions are typically financed. The measurement focus of governmental funds is on the sources, uses and balances of current financial resources.

The County has presented the following major governmental funds:

**General Fund** - The general fund is the principal operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

**SPLOST Capital Projects Fund** – This fund is used to account for financial resources to be used for the construction of roads and bridges financed through a special local option sales tax.

**SPLOST 2015 Capital Projects Fund** – This fund is used to account for financial resources to be used for the acquisition and construction of major capital assets financed through a special local option sales tax.

**Capital Projects DBA Bond Fund** – This fund is used to account for the financial resources to be used for the acquisition and construction of major capital assets financed through a bond issued by the Dalton Building Authority.

The County has presented the following major business-type funds:

**Dalton/Whitfield Solid Waste Management** – The Dalton/Whitfield Solid Waste Management fund is used to account for the 50% equity interest in the joint venture with the City of Dalton.

**Northwest Georgia Trade and Convention Center** – The Northwest Georgia Trade and Convention Center fund is used to account for the 50% equity interest in the joint venture with the City of Dalton.

#### 1. Summary of Significant Accounting Policies - continued

Additionally the County reports the following funds:

**Internal Service Fund** – The internal service fund provides self-funding for health insurance and worker's compensation.

**Fiduciary Funds** – The County's fiduciary funds are agency funds used by the County's Constitutional Officers. These agency funds are custodial in nature and do not involve measurement of results of operations. They include the Tax Commissioner, Clerk of Superior Court, Sheriff, Probate Court, Magistrate Court and the Juvenile Court.

C. Measurement Focus and Basis of Accounting - The accounting and reporting treatment applied to a fund is determined by its measurement focus. Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements and fund financial statements for proprietary funds and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statements present increases (revenues) and decreases (expenses) in net total assets. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred. Gains or losses resulting from disposals are included in operating income in the year of disposal.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The County considers property taxes as available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred. However, debt service requirements, as well as expenditures related to compensated absences are recorded only when payment is due.

Those revenues susceptible to accrual are property taxes, franchise taxes, special assessments, licenses, interest revenue and charges for services. Sales taxes collected and held by the state at year-end on behalf of the County are recognized as revenue. Fines, permits and forfeitures are not susceptible to accrual because generally they are not measurable until received in cash.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

#### 1. Summary of Significant Accounting Policies – continued

- **D. Budgetary Control** The County follows these procedures in establishing the budgetary data reflected in the financial statements:
  - On or before September 1, the County Administrator submits to the Whitfield County Board of Commissioners a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
  - Public hearings are conducted which allow for taxpayer comments.
  - Budgets are legally adopted by the Board of Commissioners at the first regular meeting in December for the General, Special Revenue, Debt Service and Capital Projects Funds.

Any revisions to the budgets, other than intradepartmental transfers, must be approved by the Board in a regular scheduled meeting. The legal level of budgetary control is the department level.

Intradepartmental transfers, not affecting salaries or benefit accounts, shall require only a request by the Department Head or Constitutional Officer.

Formal budgetary integration is employed as a management control device during the year.

The County's budgets are prepared on a basis consistent with generally accepted accounting principles in the United States of America. Budgetary comparisons are presented on this basis.

All unexpended appropriations lapse at the end of the year.

- **E.** Cash The County uses a centralized cash account for a large portion of its operations. The monies deposited and disbursed are reflected in the individual funds. Negative balances incurred in pooled cash at year-end are treated as interfund receivable of the General Fund and interfund payable of the deficit fund. Cash includes demand deposits, certificates of deposit, and money market accounts.
- **F. Investments** Investments include United States government and government agency securities. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost, which approximates fair value. All other investments are stated at fair value based on quoted market prices.

Georgia law authorizes local governments to invest in the following types of obligations:

- Obligations of the State of Georgia or of any other states;
- Obligations issued by the United States;
- Obligations fully insured or guaranteed by the United States government or governmental agency;
- Obligations of any corporation of the United States government;
- Prime bankers' acceptances;
- Georgia Fund I state investment pool;
- Georgia Extended Asset Pool (GEAP);

#### 1. Summary of Significant Accounting Policies – continued

- Repurchase agreements; and
- > Obligations of other political subdivisions of the State of Georgia.

For purposes of the statement of cash flows, the County's proprietary fund type considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

- **G. Inventory** The cost of inventory is recorded as an expenditure at the time the individual inventory items are purchased. The County does not maintain significant levels of inventory items.
- **H. Prepaid Items** Certain payments to vendors reflect cost applicable to future accounting periods and are recorded as prepaid items. The expense or expenditure is recognized during the benefiting period.
- **I. Interfund Transactions** On the fund financial statements, receivables and payables resulting from interfund loans are classified as "due to/from other funds." Any residual balances outstanding between the governmental activities and business type activities are reported in the government-wide financial statements as "internal balances."
- J. Capital Assets Capital assets, which include property, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Beginning in 2007, general infrastructure assets acquired prior to January 1, 2003 were reported in the basic financial statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the primary government, as well as the component units, are depreciated using the straight line method over the following useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and structures	35
Equipment and fixtures	3 – 7
Vehicles	5
Infrastructure	10 – 40

#### 1. Summary of Significant Accounting Policies – continued

- K. Compensated Absences It is the County's policy to allow employees to accumulate paid time off up to 20 days. Any earned leave in excess is credited to an extended leave bank. There is no liability for unpaid extended leave since the County does not have a policy to pay any amounts when employees separate from service with the government. All paid time off is accrued when incurred in the government-wide, and proprietary financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.
- Long-term Obligations In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of applicable bond premium or discount. Bond issuance costs are recognized as an outflow of resources in the reporting period in which they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**M.** Fund Balances and Net Position – At the governmental fund financial reporting level, fund equity is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance – Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The County's fund balances are classified as follows:

- Non-spendable Fund Balance Fund balances that include amounts that cannot be spent because they are either not in a spendable form (prepaid items, inventories) or be legally or contractually required to be maintained intact.
- Restricted Fund Balance Fund balances with limitations imposed on their use by external restrictions imposed by creditors, grantors, or laws or regulations of other governments, or be imposed by law through constitutional provisions of enabling legislation.
- 3) Committed Fund Balance Fund balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board of Commissioners and remain binding unless removed in the same manner. Board of Commissioners' resolution is required in order to establish, modify or rescind a fund balance commitment. This is the highest level of authoritative action at the local level.

#### 1. Summary of Significant Accounting Policies – continued

- 4) Assigned Fund Balance Fund balances that are constrained by the County's intent to be used for specific purposes but that are neither committed nor restricted, as established by the County Administrator based on the Board of Commissioners' direction.
- 5) Unassigned Fund Balance Fund balances that do not fall into one of the above four categories. The General Fund is the only fund that should report a positive unassigned balance.

Net Position – Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws and regulations of other governments. The remaining balance of net position is reported as unrestricted. The County uses restricted amounts to be spent first when both restricted and unrestricted are available. For unrestricted amounts of fund balance, it is the County's policy to use fund balance in the following order 1) committed, 2) assigned, 3) unassigned.

#### Deferred Outflows/Inflows of Resources -

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then. The County has one item that qualifies for reporting in this category, the deferred outflows of resources relating to pension reported in the government-wide statement of net position.

In addition to liabilities, the Statement of Financial Position will sometimes report a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County reports one of these items. Unavailable revenue is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

- N. Estimates The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- O. Comparative Data Comparative total data for the prior year has been presented only for individual funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified to be consistent with the current year's presentation.

#### 1. Summary of Significant Accounting Policies – continued

P. Interfund Activity – Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after the non-operating revenues/expenses section in proprietary funds. Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them are presented as reductions in internal balances.

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business type activities column are eliminated.

#### 2. Cash and Investments

Cash and investments - custodial credit risk

Custodial credit risk for deposits and investments is the risk that, in the event of the failure of a depository financial institution, the County's deposits and investments might not be recovered. The County's policy and state statutes require all deposits and investments to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties or municipalities. As of December 31, 2015, all of the County's deposits were insured or collateralized.

Investments

As of December 31, 2015, the County had the following investments:

<u>Type</u>	Fair Value	Interest Rate Risk
Georgia Fund 1	\$ 889,844	Weighted Average Maturity - 36 days

The County invests funds throughout the year in a Local Government Investment Pool (Georgia Fund 1). Georgia Fund I, created by OCGA 36-83-8, is a stable net asset value investment pool which follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. However, Georgia Fund I operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the Securities and Exchange Commission (SEC) as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share. Investments in the Georgia Fund I LGIP are rated AAAf. Due to the nature of the accounts, this fund is exempt from disclosure of custodial credit risk.

#### 2. Cash and Investments - continued

Deposit and investment transactions are subject to a variety of risks. The County's adopted investment policies seek to promote the safety of principal, provide adequate liquidity for operation needs, earn market rates of return on investments consistent with liquidity needs and investment quality, and conform with legal requirements.

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. The County's investment policy states that the Government will structure its portfolio to meet cash requirements for ongoing operations. The policy also emphasizes the purchase of shorter term or more liquid investment. The County limits its investments to those with maturities of five years or less.

Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. The County's investment policy seeks to minimize credit risk through diversification of investments within the choices allowed under state statutes.

#### 3. Property Taxes

State law requires that property taxes be based on assessed value, which is 40% of fair market value. With the exception of motor vehicles and the property of public utilities, which are valued by the State Revenue Department, the Board of Tax Assessors of Whitfield County makes all assessments. Upon completion of all assessments and tax returns, the information is turned over to the Whitfield County Tax Commissioner for compilation of the tax digest. The completed tax digest must be submitted to the State Revenue Commissioner for approval. The State Revenue Commissioner must ascertain that real property on the tax digest has been assessed at the state mandated forty percent (40%) of fair market value. If not, the State Revenue Commissioner may issue a consent order to reassess real property. The County Tax Commissioner distributes tax notices and collects tax payments.

The County Tax Commissioner also collects taxes for the Whitfield County Board of Education, the City of Dalton, the City of Dalton Board of Education, the City of Varnell, Dalton Downtown Development Authority, and the State of Georgia. Motor vehicle taxes must be paid by the birth date of the owner of the vehicle. Property taxes are levied each October based on values as of January 1st and are due on December 20th each year. The 2015 property taxes were levied on October 20, 2015 with taxes being due on December 20, 2015. Taxes are considered delinquent after December 20th. Collections of property taxes are made throughout the year. Property taxes are attached as an enforceable lien on the day the taxes become delinquent. The total real and personal tax levy is recorded as revenue in the fiscal year in which such amounts will be available (collected within 60 days of year-end) as net current assets. In the accompanying financial statements, the portion of the property tax levy for the tax year 2015 collected during the current year has been recognized as revenue.

#### 5. Defined Benefit Pension Plan

#### **Plan Description**

The County sponsors the Association County Commissioners of Georgia Restated Pension Plan for Whitfield County Employees (The Plan), which is a defined benefit pension plan.

The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of the adoption agreement, is affiliated with the Association County Commissioners of Georgia Third Restated Defined Benefit Plan (The ACCG Plan), an agent multiple-employer pension plan, administered by GEBCorp. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of the ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG Plan document.

All full-time County employees are eligible to participate in the Plan after completing three years of service. Benefits vest after five years of service. Participants become eligible to retire at the earlier of: a) age 65 with 5 years vested service or b) age 60 with 10 years of service. Upon eligibility to retire, participants are entitled to an annual benefit in the amount of 1.0% of average annual compensation up to \$6,600 plus 1.5% of average annual compensation in excess of \$6,600 plus \$36 for each year of service payable as a life annuity. For participants hired after January 1, 2003 the annual benefit is 1% of average annual compensation multiplied by years of service. Compensation is averaged over a five year period prior to retirement or termination. The Plan also provides benefits in the event of death or disability. These benefit provisions were established by an adoption agreement executed by the County Board of Commissioners.

County employees are not required to contribute to the Plan. The County contributes the entire cost of the Plan, using the actuarial basis described in the annual valuation report.

Retirees, beneficiaries, and disables receiving benefits Terminated plan participants entitled to but not yet receiving benefits Active employees participating in the plan					
Total number of plan participants	915				
Covered compensation for active participants	\$15,716,628				

#### Contributions

The County is required to contribute an actuarially determined amount annually to the Pension Plan's trust. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and must satisfy the minimum contribution requirement contained in the State of Georgia statute 47-20. Administrative expenses are based on total covered compensation of active plan participants and are added to the state-required annual funding requirement.

#### 5. Defined Benefit Pension Plan - continued

The Georgia Constitution enables the governing authority of the County, the Board of Commissioners, to establish and amend from time to time the contribution rates for the County and its plan participants.

The County's required contribution for the year ended December 31, 2015 was \$1,039,613. Actual contributions for the year equaled \$1,055,865, or 101.6% of required contributions.

#### **Net Pension Liability**

The County's net pension liability was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability in the December 31, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salary increases 3.0 percent, based on age

Investment rate of return 7.5 percent, net of Plan investment expense,

Including inflation

The actuarial assumptions used in the December 31, 2015 valuation were based on the results of an actuarial experience study for the period January 1, 2014 to December 31, 2014. In addition, mortality rates were based on the RP-2000 combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA.

The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed income	30%	25%-35%
Equities:		
Large cap	30%	25%-35%
Mid cap	5%	2.5%-10%
Small cap	5%	2.5%-10%
REIT	5%	2.5%-10%
International	15%	10%-20%
Multi cap	5%	2.5%-10%
Global allocation	5%	2.5%-10%
Total	100%	

#### 5. Defined Benefit Pension Plan - continued

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### **Changes in County's Net Pension Liability**

Changes in the County's net pension liability for the year ended December 31, 2015 were as follows:

	Increase(Decrease)					
	Total Pension Liability (a)			an Fiduciary let Position (b)	Net Pension Liability (a)-(b)	
Balances at 12/31/14	\$	35,220,042	\$	33,335,954	\$	1,884,088
Changes for the year:

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the County, calculated using the discount rate of 7.5 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or a 1-percentage-point higher (8.5 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount	Increase
	Rate (6.5%)	Rate (7.5%)	Rate (8.5%)
County's net pension liability	\$11,059,160	\$ 5,811,562	\$ 1,458,713

## Pension Expense and Deferred Outflows of Resources and Deferred Inflow Resources to Pensions

For the year ended December 31, 2015, the County recognized pension expense of \$1,055,865. The county reported deferred outflows of resources and deferred inflow of resources related to pensions from the following sources:

	 rred Outflows Resources	Deferred of Reso	
Difference between expected and actual experience	\$ 393,766	\$	-
Changes of assumptions	1,064,207		-
Net difference between projected and actual earnings on pension plan investment	 1,898,154		-
Total	\$ 3,356,127	\$	

Amounts reported as deferred outflows of resources and deferred inflow of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31,	
2016	\$ 858,216
2017	858,216
2018	858,216
2019	781,479

#### 5. Defined Benefit Pension Plan - continued

#### Payable to the Pension Plan

At December 31, 2015, the County reported a payable of \$1,055,865 for the outstanding amount of contributions to the pension plan required for the year ended December 31, 2015.

A copy of additional financial information from the Plan financial reports can be obtained from GEBCorp, 400 Galleria Parkway, Suite 1250, Atlanta, Georgia 30339.

In addition to the above retirement plan, of which the County is administrator, the following retirement plans are in effect but not under the direct control of the county:

- 1) Judges of the Probate Courts Retirement Fund of Georgia
- 2) Clerk of Superior Court Retirement Fund
- 3) Sheriffs' Retirement Fund of Georgia
- 4) Peace Officers' Annuity and Benefit Fund of Georgia

These plans provide for certain sums from marriage licenses, fees, fines and forfeitures to be remitted directly to the pension plans before the payment of any costs or other claims. GASB Statement No. 68 valuation reports and schedules can be found on their respective web site.

#### 6. Other Postemployment Benefits (OPEB) – Healthcare

Plan Description – The Whitfield County Retiree Health Insurance Plan was established to provide post-employment benefits for eligible retirees and beneficiaries. The plan is a single-employer defined benefit health care plan providing coverage for medical and prescription drug benefits. The Board of Commissioners established the benefit provisions and may amend them as necessary. The Plan does not issue separate financial statements.

To be eligible for OPEB benefits, an employee must have been covered under the medical plan as an active member immediately prior to retirement, must be 1) at least age 60 with 10 years of service or 2) at least age 65 with 5 years of service. Participants who are not eligible for retirement at the time of termination are not eligible for benefits from the plan. Retirees may not resume coverage under the plan once coverage has lapsed. For 2015, there were 13 retirees and dependents receiving benefits.

Funding policy – The funding policy of the County is to contribute to the plan the net claims paid during the year. The County covers the cost of administering the plan. The Board of Commissioners set the monthly contribution rates for active employees and retirees. 2015 contribution rates for retirees are as follows:

Coverage	Coverage Retirees Co		
Retiree	\$	229.32	
Retiree + one	\$	417.80	
Retiree + family	\$	515.40	

The Plan's required employer contributions for the plan years 2015, 2014, and 2013 were \$181,400, \$155,600 and \$166,900, respectively. Of the required employer contributions, the percentage contributed for plan years 2015, 2014 and 2013 were 127.3%, 605.5% and 27.1%, respectively.

#### 6. Other Postemployment Benefits (OPEB) – Healthcare – continued

Annual OPEB cost and Net OPEB obligation – The County had an actuarial valuation performed for the plan as of January 1, 2014 for the plan year ending December 31, 2015 to determine the employer's annual required contribution (ARC) for the period. The following summarizes the cost and contribution at December 31, 2015.

Schedule	of Employe	ee Contributions

Year Ended December 31,	Annual <u>OPEB Cost</u>	Employee Contribution	% of Annual OPEB <u>Contributed</u>
2015	\$ 142,500	\$ 181,400	127.30%
2014	(25,700)	155,600	-605.50%
2013	(614,900)	166,900	-27.10%
2012	(896,800)	155,300	-17.30%
2011	1,507,000	385,000	25.60%
2010	1,509,000	493,000	32.70%

#### 6. Other Postemployment Benefits (OPEB) – Healthcare – continued

Actuarial methods and assumptions – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the goal to reflect a long-term perspective.

#### 7. Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all full-time County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, and rights (until paid or made available to the employee or other beneficiary) are held in trust for the exclusive benefit of participants and their beneficiaries.

#### 8. Cafeteria Plan

Whitfield County offers its employees a cafeteria plan created in accordance with Internal Revenue Code Section 125. The plan, available to all full-time County employees, allows any one or more of the following benefits to be acquired through salary redirection:

- Health Care Reimbursement (expenses not covered by group medical plan)
- Dependent Care Assistance
- Insurance Premium Payments
  - (a) Group Medical
  - (b) Group Term Life
  - (c) Dental
  - (d) Vision

The amount of salary redirection is determined by each participant prior to the beginning of the plan year end and is irrevocable for such year.

#### 8. Cafeteria Plan - continued

Excess salary redirection amounts resulting from the failure of a participant to incur a qualified expense or to seek reimbursement in a timely manner is forfeited and credited to the benefit plan surplus. Surplus amounts are first used to defray administrative costs and experience losses with the remainder, if any, being distributed to participants on a per capita basis. Any potential charges for the administration of the plan are paid by the County. In 2015, there were no charges incurred.

#### 9. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Government carries commercial insurance. Only liability coverage is maintained for County vehicles. The County established a limited risk management program for employee health insurance in 1992. Premiums are available to pay claims, claims reserve, excess insurance coverage and administrative costs of the program. During the fiscal year 2015, a total of \$5,518,285, was paid in benefits. An excess coverage insurance policy covers individual claims in excess of \$75,000. Based upon past claims history, claims incurred but not reported are considered to be immaterial and have not been accrued.

The County participates with other governments in the State as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Association County Commissioners of Georgia (ACCG) Workers' Compensation Self Insurance Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments. As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The funds are used to defend and protect the members of the pools against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. These funds are to be used to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Settled claims in the current year have not exceeded the coverages.

#### Claims and Judgments - Description

Significant losses experienced by the County are covered by commercial insurance for all risks except employee health care for which the County retains the risk of loss. For insured risks there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or through prior years.

#### Claims Liabilities

The County records an estimated liability for indemnity health care, torts and other claims against the County. Claim liabilities are based on estimates of the ultimate cost of reportable claims (including future claim adjustment expenses) and an estimate for claims incurred but not reported based on historical experience.

#### 9. Risk Management - continued

#### **Unpaid Claim Liabilities**

The fund establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related claims adjustment expenses.

The following represents the changes in approximate aggregate liabilities for the County from January 1, 2013 to December 31, 2015:

	HEALTH CARE
Liability balance December 31, 2012 Claims and changes in estimates Claims payments	\$ 254,295 4,623,651 (4,658,881)
Liability balance December 31, 2013 Claims and changes in estimates Claims payments	219,065 4,911,569 (4,871,408)
Liability balance December 31, 2014 Claims and changes in estimates Claims payments	259,226 5,557,188 (5,518,285)
Liability balance December 31, 2015	\$ 298,129

#### 10. Long-Term Debt

Note Payable – On April 6, 2010, the County executed a note to Spring Creek Properties, LLC for the purpose of purchasing real estate for the development of a recreational park in the west side of the County. The principal sum of the note is \$949,600 with annual payments of \$94,960 plus interest at 4.25% until December 31, 2019.

Note payable debt service requirements to maturity are as follows:

	Principal	Interest	Total
2016	\$ 94,960	\$ 16,143	\$ 111,103
2017	94,960	12,107	107,067
2018	94,960	8,072	103,032
2019	94,960	4,036	98,996
	\$ 379,840	\$ 40,358	\$ 420,198

#### 10. Long-Term Debt - continued

#### Capital Lease

The County is obligated under capital leases that expire over the next four years. Included are the following amounts applicable to capital leases:

	 Activities
Equipment Accumulated depreciation	\$ 507,258 (306,585)
Net leased property	\$ 200,673

The present value of future minimum capital lease payments as of December 31, 2015 is as follows:

		Governmenta Activities	
	2016 2017 2018	\$	100,608 97,909 14,650
Total minimum lease payments Less amount representing interest Present value of minimum lease payments		\$	213,167 (6,052) 207,115

Intergovernmental Liability – In 1998, the County entered into a Utility Service Agreement with Dalton Utilities for the construction of water lines in the west side area of the county. In 2003, another agreement was entered into for the construction of water lines in the north side area. In 2007, the final phase of water lines was constructed. Dalton Utilities funded the costs of construction and Whitfield County guaranteed the payment of the interest on the outstanding debt for the projects. The payments on the first debt, beginning in 1999, are due quarterly over a twelve year period. The second agreement has payments beginning in 2003 for a nine year period, and the third agreement, beginning in 2007, has quarterly payments for ten years. Original debt on all phases was \$9,742,966. The annual requirements to amortize the intergovernmental liability outstanding at December 31, 2015 are as follows:

	Principal		Int	erest	Total		
2016	\$	124,769	\$	4,861	\$	129,630	
2017		25,508		329		25,837	
	_\$_	150,277	\$	5,190	\$	155,467	

#### 10. Long-Term Debt - continued

Intergovernmental Contract Payable - On August 13, 2015, the City of Dalton Building Authority issued \$26,940,000 revenue bonds at 1.297% for funding of the County and City of Dalton SPLOST projects. At that time, the County executed a contract which obligates them to pay the debt service obligations on their share of the SPLOST projects of \$18,434,044, all of which are outstanding at December 31, 2015. Payments are due in annual installments of \$4,511,346 to \$4,700,886 through September 1, 2019 until the bonds are repaid. Intergovernmental contract payable debt service requirements to maturity are as follows:

	Principal	Interest	Total
2016	\$ 4,511,346	\$ 251,044	\$ 4,762,390
2017	4,581,140	180,578	4,761,718
2018	4,640,671	121,160	4,761,831
2019	4,700,887	60,970	4,761,857
	\$18,434,044	\$ 613,752	\$19,047,796

#### Revenue Bonds

On December 18, 2009, the County issued bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$3,625,000. The bonds bear interest of 3.63% with a final maturity of December 15, 2019. Proceeds from the sale of these bonds were used for the acquisition and development of land, including sewer for the Commerce Park I project. This project is to promote trade, commerce and economic development for the citizens of Whitfield County.

On June 29, 2010, the County issued Series 2010A bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$3,775,000. These bonds bear interest of 2.97% with a final maturity of June 15, 2020. Proceeds from these bonds were used to acquire and develop land, including roads for the Carbondale Business Park.

On July 7, 2011, the County issued Series 2011 bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$3,220,000. These bonds bear interest of 2.825% with a final maturity of June 15, 2021. Proceeds from these bonds were used to acquire land and the grading thereof, which is to be leased by the Authority to a company pursuant to a ground lease agreement for their construction of an advanced manufacturing facility.

On October 17, 2013, the County issued Series 2013 bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$7,185,000. These bonds bear interest of 1.45% with a final maturity of April 1, 2018. Proceeds from these bonds were used for a public infrastructure project.

On June 10, 2015, the County issued Series 2015 Taxable Refunding Revenue bonds through the Dalton-Whitfield Joint Development Authority totaling \$4,885,000 with interest at 2.99% and annual installments of \$426,000 to \$556,000 through June 15, 2025. These bonds were issued to repay the County's outstanding Series 2010B bonds of \$4,775,000 plus issuance costs which were issued to acquire land for commercial and industrial development. The refunding reduced total debt service payments by \$614,097 over the next ten years, and the net present value cash-flow savings is \$528,329.

#### 10. Long-Term Debt - continued

Pursuant to these bond issues, the County entered into intergovernmental contracts with the Dalton-Whitfield Joint Development Authority whereby the County has an unconditional obligation to provide funds for the bond payments. The County will exercise its power of taxation to the extent necessary, up to one mill per dollar of the assessed value of taxable property, to fulfill its obligation.

A summary of annual debt service requirements to the maturity for the bonds follows:

	Principal	Interest		Interest		Total	
2016	\$ 3,160,000		\$	351,011		\$	3,511,011
2017	3,233,000			279,501			3,512,501
2018	2,208,000			214,074			2,422,074
2019	1,651,000			159,291			1,810,291
2020	1,265,000			107,285			1,372,285
2021-2025	 2,987,000			205,754			3,192,754
	\$ 14,504,000		\$	1,316,916		\$	15,820,916

#### Changes in Long-Term Liabilities -

Long-term liability activity for the year ended December 31, 2015 was as follows:

	Beginning Balance		Additions	Reductions		Ending Balance		Due Within One Year	
Governmental Activities:									
Notes Payable	\$	474,800	\$ -	\$	(94,960)	\$	379,840	\$	94,960
Capital Lease		323,052	-		(115,937)		207,115		96,402
Intergovernmental Liabilities		370,492	18,434,044		(220,215)	1	8,584,321	4	,636,115
Revenue Bonds		17,420,000	4,885,000	(	7,801,000)	1	4,504,000	3	,160,000
Compensated Absences		850,145	1,403,997	(	1,236,698)		1,017,444		471,448
Total Governmental Activities	\$	19,438,489	\$24,723,041	\$ (	9,468,810)	\$3	4,692,720	\$8	,458,925

Intergovernmental liabilities are liquidated by funds set aside from the special purpose local option sales tax in the debt service fund and from SPLOST revenues reported in the capital projects funds. The notes payable, capital lease, revenue bonds, compensated absences liability and net postemployment benefits obligation are liquidated by the general fund.

#### 11. Interfund Receivables/Payables and Transfers

Interfund balances at December 31, 2015, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The County expects to repay all interfund balances within one year.

Receivable Fund	Payable Fund	<u>Amount</u>
General Fund	Major Capital Projects Funds	\$ 2,767,358
General Fund	Non-major Governmental Funds	65,147
General Fund	Non-major Enterprise Fund	 135,727
		\$ 2,968,232

#### Transfers out:

Transfers in:	General Fund		lon-major vernmental Funds	 Total		
General Fund	\$	-	\$ 59,804	\$ 59,804		
Non-major Enterprise Fund		98,314	-	98,314		
Non-major Governmental Funds	1,546,918		 1,777,174	 3,324,092		
	\$ 1,6	645,232	\$ 1,836,978	\$ 3,482,210		

Transfers are primarily used to move funds from the general fund to finance various programs accounted for in other funds. Transfers to the capital projects fund are resources for future capital expenditures. Transfers from non-major governmental funds to the general fund are to reimburse the general fund for personnel cost associated with grants. The non-major capital projects fund transferred to the debt service fund \$1,700,000 of excess bond proceeds for payment on debt. Interfund receivables/payables are due to timing differences and are expected to be reimbursed during the fiscal year ending December 31, 2016.

#### 12. Joint Ventures

#### **Dalton-Whitfield Solid Waste Management**

The County and the City of Dalton share equally in operations of the Dalton-Whitfield Regional Solid Waste Management which operates solid waste disposal sites within Whitfield County. All budgetary and financial records are maintained by the City of Dalton. Administration is accomplished through a five member board with each government appointing two members and the fifth member being elected by the affirmative vote of the majority of the four appointed. Current expenses are funded through user fees and, if necessary, equal transfers from both governments. The County's equity interest in this joint venture is shown within the proprietary fund. The County's share of the resulting income or loss from the joint venture is shown separately as charge for services on the Statement of Activities.

### 12. Joint Ventures - continued

State and federal laws and regulations require the Dalton-Whitfield Regional Solid Waste Management Authority to place a final cover on its landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Authority reports a portion of the closure and post-closure care costs as a non-operating expense in each period based on landfill capacity used as of each balance sheet date.

The accrual for closure and post-closure cost is summarized by location as follows:

Landfill sites:	V	Vestside	2,4 and 5	Ce	ells 1 and 2	Cells 3 and	4	Balefill	 Total
Estimated future costs:									
Closure	Co	ompleted	Completed	\$	3,210,000	\$ 2,220,00	0 \$	1,770,000	\$ 7,200,000
Post-closure	\$	625,000	\$ 1,530,000		2,170,000	1,490,00	0	1,240,000	7,055,000
		625,000	1,530,000		5,380,000	3,710,00	0	3,010,000	14,255,000
Percentage of total landfill capacity used									
as of 12/31/15		100%	100%		100%	55.7	%	61.5%	
		625,000	1,530,000		5,380,000	2,065,00	0	1,850,000	11,450,000
Land acquisition		50,000					<u>-                                     </u>		 50,000
Accrual at 12/31/15	\$	675,000	\$ 1,530,000	\$	5,380,000	\$ 2,065,00	0 \$	1,850,000	\$ 11,500,000

The Authority will record the remaining estimated cost of closure and post-closure care costs of \$2,755,000 as the remaining capacity is filled. Estimated remaining landfill life is more than 30 years. The above estimates are based on what it would cost to perform all closure and post-closure care in 2015. Actual costs when incurred may be higher due to inflation, changes in technology, or changes in laws and regulations.

The Authority's landfill closure and post-closure requirements are being funded from user fees and interest earned from investments. If these revenues are inadequate or additional post-closure care requirements are determined, these costs may need to be covered by charges to future landfill users.

According to the latest inspection reports issued by the Georgia Department of Natural Resources, dated July 15, 2015, the Dalton-Whitfield Regional Solid Waste Management Authority was in compliance for closure and post-closure care financial assurance requirement for the 2014 year.

### Northwest Georgia Trade & Convention Center Authority

The County participates with the City of Dalton in the Northwest Georgia Trade and Convention Center Authority. All budgetary and financial records are maintained by the City of Dalton. The County and City of Dalton share equally in the operations of the NWGTCCA, which operates to promote tourism, conventions, special events, and trade shows. Current expenses are funded through user fees, and, if necessary, equal transfers from both governments.

In 2003, the contractual authority converted to a legislative authority containing a seven member board composed of two members appointed by the City, two members appointed by the County, and three members, appointed by the four City and County appointees, representing the lodging, restaurant, and tourism industries respectively.

The City of Dalton and Whitfield County shall each be required to fund one half (1/2) of an agreedupon annual appropriation as the local government contributions to the Northwest Georgia Trade & Convention Center Authority.

### 12. Joint Ventures - continued

### **Dalton-Whitfield Joint Development Authority**

The County participates with the City of Dalton in the Dalton-Whitfield Joint Development Authority. All budgetary and financial records are maintained by the City of Dalton. The Dalton-Whitfield Joint Development Authority issued separate audited financial statements.

The County and City of Dalton share equally in operations of the Dalton-Whitfield Joint Development Authority, which operates to promote economic development within the City of Dalton and Whitfield County. Current expenditures are funded through equal transfer from both governments. The County's share of the resulting income or loss from the joint venture is shown separately as charge for services on the Statement of Activities.

### **Northwest Georgia Regional Commission**

Under Georgia law, the County, in conjunction with other cities and counties in the Northwest area, is a member of the Northwest Georgia Regional Commission (NWGRC). Membership in NWGRC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the NWGRC. Membership in the NWGRC includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for obligations of the NWGRC. During the year, the County paid \$66,483 in dues to the NWGRC. The financial requirements of the County related to the NWGRC are limited to the amount of its annual dues. Separate financial statements may be obtained from the NWGRC, 503 W. Waugh Street, Dalton, Georgia 30720.

#### 13. Component Unit

The Whitfield County Department of Public Health is the only discretely presented component unit in the financial statements of Whitfield County, Georgia at December 31, 2015. The information shown on the component unit is extracted from the June 30, 2015 audited financial statements.

### 14. Commitments and Contingencies

**Legal Proceedings** - The County is a defendant in various lawsuits. An accrual of \$100,000, representing the County's liability insurance deductible, was recorded at December 31, 2015 in the general fund.

### 14. Commitments and Contingencies - continued

Self-Insurance Programs - The County is self-insured for employee health claims

**Grant Programs -** Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

#### 15. Hotel/Motel Tax

Whitfield County, Georgia levies a hotel/motel tax in accordance with the provisions of OCGA 48-13-51. The amount expended for 2015 was \$259,461, which represents 100% of the tax receipts.

### 16. Prior Period Adjustment – Component Unit

During 2015, the Whitfield County Health Department implemented Governmental Accounting Standards Board (GASB) No. 68, *Accounting and Financial Reporting for Pensions*. With the implementation of GASB No. 68, the Department determined the prior Net Pension Liability and related Deferred Inflows and Outflows of Resources should be recorded in accordance with the statement. The restatement resulted in changes to beginning net position of Governmental Activities in the government-wide financial statements.

Net position, as previously reported	\$ 3,134,107
Recognition of beginning net pension liability and related deferred inflows and outflows of resources	
in accordance with GASB No. 68	 (3,929,013)
Net position, as restated	\$ (794,906)

### NON-MAJOR SPECIAL REVENUE FUNDS

These operating funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or for major capital projects) that are legally restricted as to use by the Federal or State Government and special purpose funds established by the County Board of Commissioners.

<u>Governmental Law Library Fund</u> - accounts for revenues and expenditures associated with maintaining a law library for attorneys practicing in state and county courts.

<u>JDA Project Fund</u> – accounts for revenues and expenditures associated with economic development activities for the purpose of expanding and developing Carbondale Business Park.

<u>District Attorney Forfeiture Fund</u> - accounts for revenues and expenditures associated with seized property through court ordered forfeitures for the purpose of enhancing law enforcement.

<u>Sheriff's Forfeiture Fund</u> - accounts for revenues and expenditures associated with seized property through court ordered forfeitures for the purpose of enhancing law enforcement.

<u>911 Emergency System</u> - accounts for revenues and expenditures associated with providing emergency services to telephone subscribers in Whitfield County.

Whitfield County Neighborhood Stabilization Program - accounts for revenues and expenditures associated with the purchase and redevelopment of foreclosed upon homes and residential properties, and can be used to purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon in order to sell, rent, or redevelopment.

<u>Conasauga A.D.R. Program</u> - accounts for revenues and expenditures used to resolve cases before they reach the main court system by arbitration or mediation.

<u>Divorce Seminar Fund</u> - accounts for revenues and expenditures associated with the mandated course for anyone seeking divorce who has children.

<u>Juvenile Service Fund</u> - accounts for revenues and expenditures associated with juvenile court ordered supervision fees.

<u>Local Victim Assistance Program</u> - accounts for revenues and expenditures associated with a program to assist victims of crimes or abuse.

<u>Drug Abuse Treatment and Education</u> - accounts for revenues and expenditures associated with drug abuse treatment and education programs relating to controlled substances and marijuana.

<u>Community Development Block Grant</u> - accounts for revenues and expenditures associated with a grant funded through Georgia Department of Community Affairs for the extension of sewer service and housing rehabilitation in the Sherwood Forest Neighborhood.

**Byrne Memorial JAG/Drug Court Programs** - accounts for revenues and expenditures associated with funds provided under the Edward Byrne Memorial Justice Assistance Grant Program, the Adult Drug Court Discretionary Grant Program: Enhancement, and the State of Georgia Accountability Court Funding Program.

<u>Homeland Security Grant</u> - accounts for revenues and expenditures associated with funds provided by the Department of Homeland Security to help build and enhance capabilities to prevent, protect against, respond to, and recover from terrorist attacks, major disasters and other emergencies in accordance with the goals and objectives of the State Strategic Plan.

<u>Georgia Civil War Heritage Trails</u> - accounts for revenues from other governments and expenditures associated with the State of Georgia Civil War Heritage Trails project.

<u>Special Fire District</u> – accounts for the special tax district to include all areas of Whitfield County outside the municipal limits of the City of Dalton which was created for the purpose of providing adequate and equitable funding for the Whitfield County Fire Department.

<u>Jointly Funded District</u> - accounts for the special tax district created to include all areas of Whitfield County outside the municipal limits of the City of Dalton for the purpose of providing adequate and equitable funding of certain jointly funded services between Whitfield County and the City of Dalton. Such jointly funded services include Whitfield County's contribution toward the Dalton-Whitfield County Joint Development Authority (JDA), the Dalton Regional Library, and the Dalton-Whitfield Senior Center.

<u>Solid Waste District</u> - accounts for the special tax district to include all areas of Whitfield County outside the municipal limits of the City of Dalton for the purpose of providing adequate and equitable funding of solid waste services within such areas.

<u>Hotel/Motel Tax Fund</u> - accounts for revenues and expenditures associated with the county's hotel/motel room tax.

- (2) Data provided by City of Dalton Finance Office
- (3) Data provided by City of Varnell City Manager

**Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Whitfield County. Applicable percentages were estimated by determining the portion of another government unit's assessed value that is within the County's boundaries and dividing it by each unit's total assessed value. Entities are situated entirely within the geographic boundaries of the County.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners Whitfield County, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Whitfield County, Georgia, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise Whitfield County, Georgia's basic financial statements and have issued our report thereon dated June 9, 2016. Our report includes a reference to other auditors who audited the financial statements of the component unit, Whitfield County Department of Public Health, as described in our report on Whitfield County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matter that are reported on separately by those auditors.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Whitfield County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Whitfield County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Whitfield County, Georgia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

P.O. Box 1066 Trion, Georgia 30753 (706)734-4377 chrysan@chrysanthomascpa.com

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Whitfield County, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners Whitfield County, Georgia

#### Report on Compliance for Each Major Federal Program

We have audited Whitfield County, Georgia's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Whitfield County, Georgia's major federal programs for the year ended December 31, 2015, Whitfield County, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to it federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Whitfield County, Georgia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal* Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Whitfield County, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Whitfield County, Georgia's compliance.

### Opinion on Each Major Federal Program

In our opinion, Whitfield County, Georgia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

P.O. Box 1066 Trion, Georgia 30753 (706) 734-4377 chrysan@chrysanthomascpa.com

### Report on Internal Control Over Compliance

Management of Whitfield County, Georgia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Whitfield County, Georgia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Whitfield County, Georgia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## WHITFIELD COUNTY, GEORGIA SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED DECEMBER 31, 2015

#### NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal award activity of Whitfield County under programs of the federal government for the year ended December 31, 2015. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Whitfield county, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Whitfield County.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- (1) Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Whitfield County has not elected to use the 10 percent de-minimis indirect cost rate as allowed under the Uniform Guidance.

Whitfield County, Georgia imposed special purpose 1% local option sales and use taxes with the proceeds limited to funding expenditures for specified projects.

BASIS OF PRESENTATION - The schedule above presents only expenditures for projects funded by the special purpose local option sales and use tax as required by The Official Code of Georgia Annotated and is not intended to be a complete presentation of the expenditures of Whitfield County, Georgia or any of its funds.

These expenditures are recorded at the time liabilities are incurred.

NOTE: Expenditures presented on this schedule are \$165,139 less than those presented on the combining statement of revenues, expenditures, and changes in fund balances for SPLOST major capital projects funds. That variance is due to \$165,139 in current year expenditures for debt issuance costs that was funded by proceeds from the issuance of debt during the current year.
