Whitfield County

Board of Commissioners

Board Members

Jevin Jensen, Chairman

Robby Staten

Greg Jones

Barry Robbins

John Thomas

September 14, 2021

The Honorable Jevin Jensen, Chairman
Members of the Board of Commissioners
and Citizens of Whitfield County, Georgia

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year, unless an extension has been approved, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Whitfield County for the fiscal year ended December 31, 2020.

This report consists of management's representations concerning the finances of Whitfield County. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of Whitfield County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Whitfield County financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Whitfield County comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Whitfield County's financial statements were audited by Mauldin & Jenkins, LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of Whitfield County for the fiscal year ended December 31, 2020 were free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Whitfield County financial statements for the fiscal year ended December 31, 2020 were fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Whitfield County's MD&A can be found immediately following the report of the independent auditors.

Overview of the Annual Comprehensive Financial Report

The Annual Comprehensive Financial Report is presented in three sections: Introductory, Financial, and Statistical. The Introductory Section includes this letter of transmittal; a list of Whitfield County's principal officials, department directors and elected officials; and organizational chart. The Financial Section includes management's discussion and analysis, basic financial statements and schedules, as well as the independent auditor's report on these financial statements and schedules. The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis.

Reporting Entity

The financial reporting entity (Whitfield County, Georgia) includes all of the funds of the primary government, as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and included as part of the primary government. Based on the blended component unit criteria, no blended component units are included in this report.

Discretely presented component units are reported as a separate column in the combined financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position, results of operations and cash flows from the primary government. The Whitfield County Department of Public Health is included as a discretely presented component unit.

Profile of the Government

Whitfield County is located in the northwestern portion of Georgia. Considered to be the economic hub of the region, it occupies a land area of 290 square miles and serves an estimated population of 103,837. The County is empowered to levy a property tax on both real and personal properties located within its boundaries. Formed from a portion of Murray County in 1851 - making it Georgia's 97th county - it was named for the Reverend George Whitefield, the founder of the Bethesda Orphan House in Savannah. The spelling of the county's name was later changed to reflect its pronunciation.

Located at the foothills of the Appalachian Mountains, the County is blessed with natural beauty and a mild climate. It also is the gateway to the 150 miles long Chieftain's Trail, which traces the path of the Cherokee Indian sites, located in the Northwest Georgia area. Dalton/Whitfield County is, additionally, known as the "Floor Covering Capital of the World". Being located in 'Auto Alley' on Interstate 75, only 25 miles south of Chattanooga and 85 miles north of Atlanta, Whitfield is also a prime location for business expansion, relocation and economic development. This places the County within a day's drive of half the country's population, making it a great location for distribution.

The County has been operating under a Board-Administrator form of government since 1971. Policy-making and legislative authority are vested in the Board of Commissioners consisting of a Chairman elected at-large and four commissioners from four separate districts also elected at-large on a partisan basis. The Chairman and Commissioners serve four-year staggered terms. The Board of Commissioners are responsible for passing ordinances, adopting the budget, appointing committees, and hiring the government's manager, attorney and auditors, among other duties. The County Administrator is responsible for carrying out the policies and ordinances

of the Board of Commissioners, for overseeing the day-to-day operations of the government, and for hiring/firing the heads of various departments under the Board of Commissioners.

A full range of services, including police protection via the Sheriff's Office, maintenance of roads and other infrastructure, inspections and enforcement, court services, jail, 911, fire protection, animal control, parks and recreation, emergency management, planning and zoning, storm water management, and transit bus operations, are provided.

The annual budget serves as the foundation for Whitfield County's financial planning and control. In accordance with state law, an operating budget consistent with generally accepted accounting principles is adopted annually, after both the required public notices have been issued and a required public hearing held. The final, appropriated budget must be adopted no later than December 31st, and is prepared by fund and department. Departmental Directors may make transfers of appropriations within a department, except for salaries and benefits. Transfers of appropriations from salaries and benefits, or between departments, however, require the approval of the Board of Commissioners. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. Annual appropriated budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, debt service fund, and all special revenue funds. Annual operating budgets are not legally required for enterprise funds, but are prepared for use in planning, control, and evaluation purposes.

Factors Affecting Financial Conditions

Information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy

For decades, Dalton/Whitfield County has been known as the "Floor Covering Capital of the World." However, recent community and economic development planning processes in Whitfield County have consistently arrived at a fundamental conclusion: in order to realize a sustainable economic future, the County must diversify its local economy. Specifically, studies have repeatedly concluded that the community is highly dependent on a single business sector: the carpet and flooring industry. The Board of Commissioners, along with the Joint Development Authority and municipalities, recognize the need for a more diversified local economy and thus, the necessity of recruiting new businesses to the area. The Dalton/Whitfield County Joint Development Authority focuses on economic growth of the community by attracting and retaining jobs, diverse investments, and growing the tax base by identifying and recruiting "targeted" industries (plastics/chemical, datacenters, auto suppliers, high-end retail, distribution, and food processing); employing accelerated marketing techniques; collaborating with existing businesses and industries and working to ensure long-term competitiveness in order to both attract new companies and grow existing companies by actively promoting the identification and studying the feasibility of all available properties for business and industrial development.

The most visible result – to date – of these efforts is the recent capital investment of \$130 million to construct the world's largest solar cell manufacturing facility in the County's southern-located industrial park, Carbondale Business Park, along the I-75 corridor. This facility added approximately 525 employment positions to the County workforce when it opened in early 2019.

Both public and private schools in Whitfield County are major contributors to the local economy in the form of employment opportunities and capital investments being made in new and expanded school facilities.

The largest single influence upon the local economy since the Great Recession of 2008 has been the COVID-19 pandemic of 2020. At the pandemic's height during the middle of the year, almost all business and industry came to a complete halt. In the longer term, as State-mandated restrictions were eased, the most impacted businesses were those of a social-exposure nature: restaurants and stores. By the end of the year, many of these had yet to fully re-open. Some enterprises did not survive the long shutdown.

For all of this recent hardship, the County's overall economic picture was not as bleak as other parts of the country. While the national unemployment rate at the end of December 2020 was 6.7%, it was 5.4% in Whitfield. Prior to the onset of the pandemic in early 2020, the County unemployment rate was 4.4% at the end of December 2019. For the County at least, a rebound effect of business openings and a return to a more normal – if limited – lifestyle had substantially occurred by the end of 2020. This regional economic trend was verified by those revenues which reflect economic activity, such as local option sales taxes and title ad valorem taxes. These did not significantly drop during 2020 as a whole. As a final contextual note, the unemployment rate during the Great Recession at the end of December 2010 (ten-year comparison) of 12.3%.

Wages also remained relatively strong. In 2020, the average worker earned roughly \$50,804. The only counties with a higher annual wage are tied to the strong regional economies of Atlanta. Whitfield County also experienced relatively fast annual wage growth. Between 2011 and 2018, wages grew about 22.2%. However, per capita income (PCI) remains well below that of its peers, equaling \$39,927, lower than the statewide amount of \$44,145. There are several likely factors which may explain the gap between Whitfield County's high wages and low per capita income: Per Capita Income (PCI) is calculated based on total population. A relatively large portion of the County's population consists of individuals aged 19 and under who are not yet prime working age.

Long-Term Financial Planning

As is the case with most local governmental entities, the majority of services provided by Whitfield County are funded through an ad valorem tax levied against real and personal property. In the past, the fair market value of real property had served as an excellent basis for funding governmental services since it had proven to be extremely stable and reliable. In terms of the benefits being received from these taxes, there is often said to be a direct relationship between the quality of the services being provided and the fair market value of the property being served.

Whitfield County experienced a steady decline in Net M&O Digest Totals since the downturn in the economy in 2008 through 2012. The county experienced less than a 1% increase in the Net M&O digest in the years 2013 and 2014. In 2015 and 2016 the net digest experienced a 1.89% and .24% decline due to the effects of the elimination of the motor vehicle digest. In an effort to remain competitive with surrounding counties and to attract new business and jobs to the area, the Board of Commissioners voted in 2011 (effective 2012) to expand the Freeport Exemption to 100%. This increased Whitfield County's exemptions on the Gross Digest from approximately \$491 million dollars to \$835 million dollars, costing approximately \$4.7 million dollars in property tax revenue in 2016. In 2017 the county Board of Assessors office performed an urban land uniformity project intended to ensure equitability in land values across the county, and due in part to positive reassessments combined with new construction, a 6% increase in the total net digest occurred. For budgeting purposes, the 2021 budget assumes an increase in the Net M&O digest for 2020 of 3%. The 2021 millage rate will be set in August of 2021. In accordance with state law, the millage rate is assessed on only 40% of the property valuation.

The County M&O millage rate for 2020 was set in August at 8.312. Due to a rollback of the rate for the portion which represents a positive reassessment county wide, plus an additional amount enacted by the Board of Commissioners, this totaled a ½ mil reduction from the 2019 rate of 8.812. The special tax district millage rate for 2020 was

simultaneously set at 3.438. This rate remained unchanged from the 2019 rate and is applied to tax bills of only unincorporated county residents as well as residents of all municipalities in the county other than the City of Dalton.

Local Option Sales Tax (LOST) is one of the County's most significant sources of revenue. This and TAVT receipts provide the vast majority of the County's recurring monthly operating revenue. As required by state law, the County entered into LOST negotiations with the cities within its borders in 2012. As a result of these negotiations the County has received a much smaller percentage of LOST collections than in prior years. Its share of LOST for fiscal years 2013 and 2014 was reduced from 83.24% to 64.50%. There have been further declines each of the past two years based upon the new LOST certificate. The percentage decreased to 63.752% for 2015 and 2016. There was an additional reduction for 2017 and 2018 to 62.653%. 2019 and 2020 are experiencing another cutback to 61.556%. Finally, fiscal years 2021 and 2022 will have to work within a budget which will see LOST collections at 60.457% of total collections – a 22.8% reduction since 2012. The county faces the continuing challenge of providing both necessary and expected services, while balancing this large reduction of revenue against unwanted millage rate increases.

Whitfield County voters passed a \$48,000,000 special purpose local option sales tax (SPLOST) in 2008 for the main purpose of financing capital outlay projects involving roads, streets, and bridges. The three remaining projects include a vertical realignment of Hill Road, turn lanes and a traffic light at the intersection of Cleveland Highway and Maple Grove Road, and right-of-way acquisition for a new frontage road along a portion of the Norfolk Southern railroad near Hill City. These should be completed in the next two-three years.

On March 17, 2015, voters approved a four year 1% 2015 SPLOST effective July 1, 2015. This expired in June of this year. Approximately \$65 million worth of collections funded various county paving/resurfacing projects, a new public safety communications system, public safety equipment, recreation improvements, and a new county fire department facility.

On June 9, 2020, voters approved a four year 1% 2020 SPLOST effective October 1, 2020. This is set to expire in September of 2024. Approximately \$66 million worth of anticipated collections are expected to fund various county paving/resurfacing projects, public safety equipment, construction of Riverbend Park and other recreation improvements, and library capital improvements.

Other Information

Independent Audit

The Georgia Code requires an annual audit of the books of account, financial records, and transactions of all administrative departments of the County by independent certified public accountants selected by the Board of Commissioners. The auditor's unmodified opinion has been included in this report.

Awards

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Whitfield County for its comprehensive annual financial report for the fiscal year ended December 31, 2019. In order to be awarded the Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this comprehensive annual financial report could not have been accomplished without the dedication and contributions of the entire Finance Department staff and the cooperation of the various elected officials and appointed management. We would also like to express our gratitude and appreciation to the staff of Mauldin & Jenkins, LLC, Certified Public Accountants, for their technical guidance and assistance to make this a quality report.

In closing, we also wish to acknowledge the valuable contribution of the Board of Commissioners. Without their guidance and leadership, preparation of this report would not have been possible.

Respectfully Submitted,

FINANCIAL SECTION

The financial section includes the independent auditor's report on the financial statement audit, the MD&A which provides a narrative introduction, overview and analysis of the financial statements, the basic financial statements including footnotes, combining and individual fund presentations, and supplementary information.

INDEPENDENT AUDITORS' REPORT

**To the Board of Commissioners
of Whitfield County, Georgia
Dalton, Georgia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of **Whitfield County, Georgia** (the "County"), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Whitfield County Department of Public Health, which represents 100 percent of the assets, net position, and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Whitfield County Department of Public Health, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Whitfield County, Georgia as of December 31, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and Special Fire District Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 17, Whitfield County, Georgia implemented Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, as of January 1, 2020. This standard significantly changed the accounting for the County's fiduciary funds. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 5 through 18), the schedule of changes in the County's total OPEB liability and related ratios (on page 72), the schedule of changes in the County's net pension liability and related ratios (on page 73), and the schedule of County contributions (on page 74) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, the combining and individual fund financial statements and schedules, the schedule of projects constructed with special purpose local option sales tax proceeds, as required by the Official Code of Georgia 48-8-121, the statistical section, and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

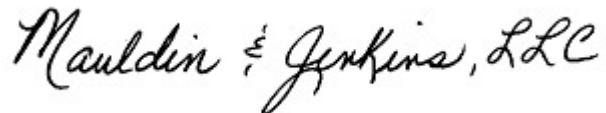

The combining and individual fund financial statements and schedules, schedule of projects constructed with special purpose local option sales tax proceeds, and the schedule of expenditures of federal awards (collectively, "the supplementary information") are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information (continued)

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 14, 2021, on our consideration of Whitfield County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Mauldin & Jenkins, LLC". The script is cursive and fluid, with the ampersand being particularly stylized.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis (MD&A) is a narrative introduction, overview and analysis of the basic financial statements prepared by the County's Finance Director.

WHITFIELD COUNTY, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2020

Management's Discussion and Analysis of Whitfield County Government's Comprehensive Annual Financial Report (Financial Report) provides an overall narrative and analysis of the County's financial statements for the fiscal year ended December 31, 2020. This discussion and analysis is designed to provide insight regarding the County's financial performance as a whole. The reader should also review the information presented here in conjunction with additional information which has been furnished in the financial statements and the notes to the financial statements to gain an enhanced understanding of Whitfield County's financial performance.

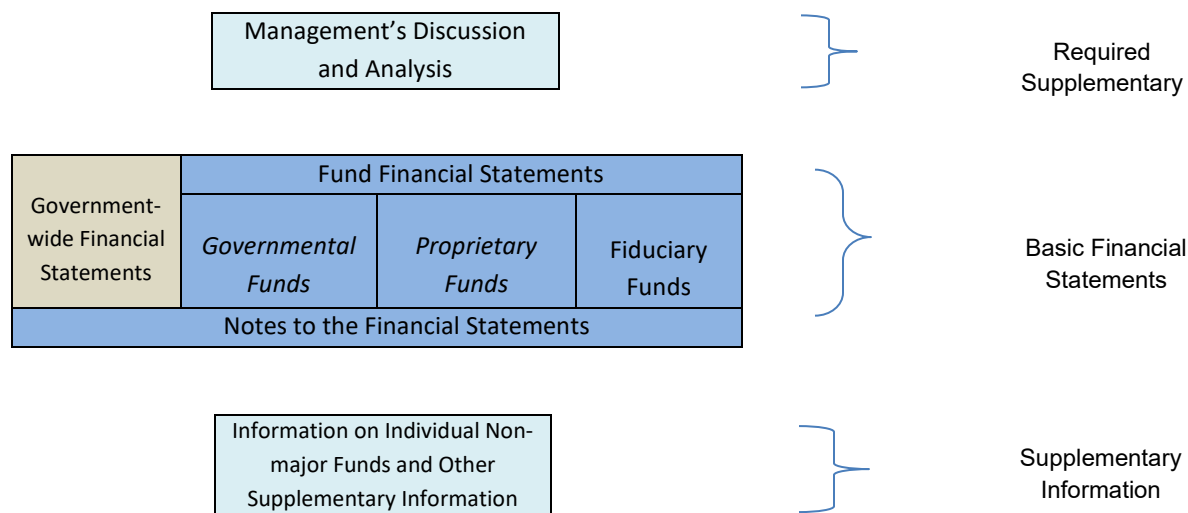

FINANCIAL HIGHLIGHTS

Key financial highlights for 2020 are as follows:

- ◆ The County's combined net position totaled \$244.9 million. Of this amount, \$227.8 represents governmental activities and \$17.1 represents business-type activities. This is a decrease of \$1.9 million from the prior year.
- ◆ Total net position is comprised of the following:
 - (1) Net investment of capital assets of \$174.6 million includes property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
 - (2) Net position of \$37.9 million is restricted by constraints imposed from outside the County such as debt covenants, grantors, laws, or regulations.
 - (3) Unrestricted net position of \$32.4 million represents the portion available to maintain the County's continuing obligations to citizens and creditors.
- ◆ Combined revenue totaled \$75.2 million, of which governmental activities totaled \$74.5 million and business-type activities totaled \$.7 million.
- ◆ Overall expenses totaled \$77.1 million of which governmental activities totaled \$74.8 million and business-type activities totaled \$2.3 million.
- ◆ The County's governmental funds reported a total ending fund balance of \$67.2 million for this year, which is an increase of \$21.2 million from the prior year.
- ◆ At December 31, 2020, the County's General Fund reported an unassigned fund balance of \$28.4 million.

OVERVIEW OF THE FINANCIAL STATEMENT

This is the eighteenth Comprehensive Annual Financial Report (Financial Report) Whitfield County has issued under the Governmental Accounting Standards Board (GASB) Statement 34. The following illustration is provided as a guide for the financial statements:

This discussion and analysis is intended to serve as an introduction to Whitfield County's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The County also includes in this report additional information to supplement the basic financial statements. Comparative data is presented when available.

Government-wide Financial Statements

The Government-wide financial statements provide a broad view of the County's operations in a manner similar to a private-sector business. The statements provide both short-term and long-term information about the County's financial position, which assists in assessing the economic condition at the end of the fiscal year. These statements are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. This means the statements take into account all revenues and expenses connected with the fiscal year even if cash involved has not been received or paid. There are two government-wide financial statements, the Statement of Net Position and the Statement of Activities, which are both described below.

The Statement of Net Position presents information on all the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with residual of all other elements reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. This means that revenues and expenses are reported in this

statement for some items that will not result in cash flows until future fiscal periods. An example of this would be uncollected taxes and earned but unused paid time off.

Both of the government-wide financial statements distinguish functions of Whitfield County Government that are principally supported by taxes and intergovernmental revenues from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities include general government, judicial, public safety, public works, health and welfare, culture and recreation and housing and development. The business-type activities include the Northwest Georgia Trade and Convention Center, Whitfield Transit System, and Dalton-Whitfield Solid Waste Management Authority. The government-wide financial statements also include a discretely presented component unit which is the Whitfield County Health Department. Component units are legally separate organizations for which the elected officials of the County are financially accountable.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

The fund financial statements focus on individual parts of the County government, reporting the County's operations in more detail than the government-wide statements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds. It is important to note that these fund categories use different accounting approaches and should be interpreted differently.

- ◆ **Governmental Funds** – Most of the basic services provided by the County are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide statements, the governmental fund financial statements focus on short-term financing requirements. This approach is known as using the flow of current financial resources measurement focus and the modified accrual basis of accounting. These statements provide a detailed short-term view of the County's finances that assists in determining whether there will be adequate financial resources available to meet the County's current needs.

The County maintains four governmental fund types: General Fund, Special Revenue Funds, Debt Service Fund, and the Capital Projects Funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, and the Capital Projects SPLOST Funds, and the Special Fire District Fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. The basic governmental fund financial statements are presented on pages 19 through 21 of this report.

Individual fund information for non-major governmental funds is found in combining statements in a later section of this report.

- ◆ **Proprietary Funds** – These funds are used to account for activities that operate similar to those commercial enterprises found in the private sector. Because these funds charge fees for services provided to outside

customers including local governments, they are known as enterprise funds. Proprietary funds use the accrual basis of accounting, thus there is no reconciliation needed between the government-wide financial statements for business-type activities and the proprietary fund financial statements.

The Whitfield County Transit System is the only proprietary fund operated by the County. Services provided by the two joint ventures to customers include the Dalton-Whitfield Solid Waste Management Authority and the Northwest Georgia Trade and Convention Center. Internal service funds are an accounting device used to account for services provided and billed on an internal basis. The County utilizes internal service funds for workers' compensation and health insurance. The internal service funds are reported as governmental activities on the basic proprietary fund financial statements which can be found on pages 118 through 120.

- ◆ ***Fiduciary Funds*** – These funds are used to account for assets held by the County as a custodial agent for individuals, private organizations, and other governments. The county is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and only by those to whom the assets belong. These funds are not reflected in the government-wide financial statements because the resources are not available to support the County's operations or programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Whitfield County maintains six fiduciary custodial funds which include the Clerk of Superior Court, Probate Court, Magistrate Court, Sheriff, Juvenile Court and Tax Commissioner. The statement of fiduciary net position and statement of changes in fiduciary net position for these custodial funds can be found on pages 121 and 122. A combining statement of fiduciary net position and combining statement of changes in fiduciary net position for these custodial funds can be found in a later section of this report.

Budgetary Comparisons

Whitfield County adopts an annual appropriated budget for the General Fund, Special Revenue Funds, and Capital Projects Funds. Although not required, the County also adopts an annual appropriated budget for the Whitfield Transit System which is a non-major enterprise fund. A budgetary comparison schedule has been provided for the General Fund and Special Fire Tax District Fund and can be found on pages 26 through 29. Budget to actual comparisons for other funds are provided in individual schedules elsewhere in this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 36 through 71 of this report.

Other Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on page 72 through 74 of this report.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The County's combined net position (governmental and business-type activities) totaled \$244.9 million as of December 31, 2020.

WHITFIELD COUNTY, GEORGIA STATEMENT OF NET POSITION						
	Governmental Activities		Business Activities		Total	
	2020	2019	2020	2019	2020	2019
Assets:

Total assets	<u>282,145,271</u>	<u>260,419,042</u>	<u>17,166,357</u>	<u>16,987,161</u>	<u>299,311,628</u>	<u>277,406,203</u>
Deferred Outflows of Resources	<u>10,278,284</u>	<u>8,337,149</u>	<u>-</u>	<u>-</u>	<u>10,278,284</u>	<u>8,337,149</u>
Liabilities:						
Current liabilities	14,709,532	8,371,515	54,534	50,297	14,764,066	8,421,812
Non-current liabilities	<u>46,540,484</u>	<u>29,595,218</u>	<u>8,806</u>	<u>4,000</u>	<u>46,549,290</u>	<u>29,599,218</u>
Total liabilities	<u>61,250,016</u>	<u>37,966,733</u>	<u>63,340</u>	<u>54,297</u>	<u>61,313,356</u>	<u>38,021,030</u>
Deferred Inflows of Resources	<u>3,346,570</u>	<u>1,252,439</u>	<u>-</u>	<u>-</u>	<u>3,346,570</u>	<u>1,252,439</u>
Net position:						
Net investment in capital assets	174,460,330	196,611,702	129,211	215,677	174,589,541	196,827,379
Restricted	37,914,589	17,984,043	-	-	37,914,589	17,984,043
Unrestricted	<u>15,452,050</u>	<u>14,941,274</u>	<u>16,973,806</u>	<u>16,717,187</u>	<u>32,425,856</u>	<u>31,658,461</u>
Total net position	<u>\$ 227,826,969</u>	<u>\$ 229,537,019</u>	<u>\$ 17,103,017</u>	<u>\$ 16,932,864</u>	<u>\$ 244,929,986</u>	<u>\$ 246,469,883</u>

71.3% of the County's net position reflects its investment in capital assets such as land, buildings, equipment and infrastructure less any related debt used to acquire those assets that is still outstanding. Net investment in capital assets decreased by \$22.2 million (11.3%) in 2020.

The County uses these capital assets to provide services to its citizens; therefore, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Changes in Net Position

Governmental and business-type activities decreased the County's net position by \$1.9 million in 2020. The following table indicates the changes in net position for governmental and business-type activities in 2020 and 2019.

	Governmental Activities		Business Activities		Total	
	2020	2019	2020	2019	2020	2019

Governmental Activities

The following chart depicts revenues of the governmental activities for the year ended December 31, 2020.

Revenues by Source – Governmental Activities

As indicated by the revenue diagram above, property taxes and other taxes were the largest sources for governmental activities. Other taxes include sales tax, insurance premium tax, hotel-motel tax and alcohol beverage tax. The largest portion of the County's program revenue is from charges for services which accounted for 43% of total program revenues. These charges include licenses and permits, fines and forfeitures related to judicial activity, fees for real estate transfers, fees associated with the collection of property taxes and fees charged through various County governmental departments.

The County's total revenue decreased 1.3%, or \$1 million, in 2020. The largest contributing factors to this change were Operating and Capital Grants and Contributions, which increased approximately \$3.8 million, while property and sales tax revenue decreased approximately \$4.4 million as a combined result of a millage rate cut and special purpose local option sales tax not being in effect for the full year.

The following chart depicts expenses of the governmental activities for the year ended December 31, 2020.

Expenses by Function – Governmental Activities

As indicated by the expense diagram, the largest uses of County resources were for public works and public safety services such as Sheriff's Department, Jail, Fire, Coroner, Animal Control and Emergency Management.

The County's governmental activities total expenses decreased 19.4%, or \$18 million, in FY20. This was related to a large block of infrastructure assets put on the capital asset listing when GASB 34 was implemented. There were over 1,200 instances of road and road improvements with in-service dates of 1980 and having depreciable lives of 40 years. Depreciation as an expenditure component decreased from around \$24 million to \$9 million because of these assets becoming fully depreciated during the year.

The following table presents the cost of each of the County's programs, including the net costs (i.e., total cost less revenues generated by the activities). The net costs illustrate the financial burden placed on the County's taxpayers by each of these functions.

Governmental activities		
	Total cost of services	Net cost of services
General government	\$ 10,413,798	\$ 4,096,438
Judicial	8,177,965	5,145,857
Public safety	34,700,656	29,113,732
Public works	14,857,237	13,065,970
Health and welfare	541,984	535,283
Culture and recreation	1,827,612	1,701,490
Housing and development	3,746,930	2,681,268
Interest	522,205	522,205
Total	<u>\$ 74,788,387</u>	<u>\$ 56,862,243</u>

Business-type Activities

The County's business-type activities total revenues decreased \$1.6 million, while expenses increased \$1.5 million for 2020; accordingly, net position for business-type activities decreased 8.3%.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds

Whitfield County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Whitfield County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

The focus of the County's governmental funds is to provide information on short-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financial requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The County ended 2020 with strong fund balances in its governmental funds. The combined balance of all governmental funds was \$67.2 million. Of this total, \$28.4 million or 42.3% represented unassigned fund balance, which is available for spending in the coming year. The remainder of fund balance was nonspendable, restricted, or committed, to indicate that it was not available for new spending because it had already been designated: (1) to liquidate contracts, purchase orders and inventories of the prior period, (2) to pay debt service and (3) for a variety of other restricted purposes.

Major Governmental Funds

General Fund:

The General Fund is the County's primary operating fund and is used to account for all governmental financial resources not restricted by state or federal laws, local ordinances, or other externally imposed requirements. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$28.4 million, and the total fund balance was \$28.8 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 64.5% of total General Fund operating expenditures and total fund balance represents 65.5% of the same amount.

The fund balance of the General Fund increased \$1.7 million in 2020 for a total of \$28.8 million. The Board of Commissioners made a collaborative effort to focus on maintaining the County's excellent financial position. Revenues increased \$2.3 million (4.5%) while operating expenditures increased \$1.1 million. Intergovernmental revenues increased most. Various departmental budget increases related to expected price increases per the consumer price index (CPI), as well as a mid-year 3% pay adjustment for County employees, contributed to the operating expenditures increase.

Special Revenue Funds:

- ◆ The Special Fire District Fund was established in 2013 to account for the funding and expenditures incurred in conjunction with the establishment of a special tax district used to provide adequate and equitable funding of fire protection services to all areas of Whitfield County outside the municipal limits of the City of Dalton. Revenues are derived primarily from property and insurance premium taxes. At the end of 2020, the fund balance was \$1.8 million, reflecting a \$200,000 fund balance increase. This was mainly due to CARES Act funding not yet expended.

Capital Projects Funds:

- ◆ Capital Projects SPLOST 2015 and 2020 Funds are used to account for the acquisition and construction of major capital assets. Revenues are derived from special purpose local option sales taxes. Collections for these funds are restricted for construction and capital outlay. Collections for the 2015 SPLOST began in July 2015, and ended in June, 2019. Collections for the 2020 SPLOST began in October 2020, and will end in September 2024. Projects related to the 2015 SPLOST are almost entirely complete. Projects related to the 2020 SPLOST are funded as taxes are collected and include road, street and bridge projects, sewer extensions, and library capital improvements. At the end of 2020, the 2015 SPLOST fund balance was \$4.3 million. The 2020 SPLOST fund balance was \$27.1 million.

Proprietary Funds

The proprietary funds share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. This provides a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

GENERAL FUND BUDGETARY HIGHLIGHTS

Whitfield County operated under an annual balanced budget (budgeted revenues equal or exceed budgeted expenditures), which is adopted by resolution and administered in accordance with State law. The legal level of control (the level at which expenditures may not legally exceed appropriations) for each legally adopted annual operating budget is at the fund/department level. Over the course of the year, the General fund was amended by the Board of Commissioners.

The most significant expenditure amendments are summarized as follows:

General Government

- ◆ General government had an overall increase of \$700,000. Contingency of \$1 million was eliminated to help absorb a 3% salary increase County-wide, as well as pandemic-related Hazard Pay for first responders.

Public Safety

- ◆ Public safety had an overall increase of \$900,000 mainly due to pandemic-related Hazard Pay, salary increases, and various increased costs related to mitigation & prevention of the pandemic.

Public Works

- ◆ Public works had an overall decrease of \$700,000 due to less expenditures related to paving.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The County's investment in capital assets for its governmental and business-type activities as of December 31, 2020, amounts to \$157.8 million (net of accumulated depreciation and related debt). This investment in capital assets includes land, buildings, improvements, equipment, infrastructure and construction in progress. Infrastructure assets are items that are normally immovable and of value only to the County, such as roads, bridges, streets and sidewalks, drainage systems and other similar items.

See Note 5 for additional information Whitfield County's capital assets. The County's total increase in capital assets for the current fiscal year was 1.4%.

Governmental assets that were moved from construction in progress to the asset records during the year total approximately \$8 million. The largest of the completed projects include the Hwy 201 realignment project and the Courthouse roof replacement. The Hwy 201 project was funded with SPLOST funds, while the Courthouse roof project was a general revenues expenditure.

Long-term Debt

As of December 31, 2020, Whitfield County's capital leases, revenue bonds, notes payable and intergovernmental liabilities totaled \$30 million. This is an increase of \$22.5 million from the prior year. See Note 7 for additional information on Whitfield County's long-term debt.

	Governmental Activities	
	2020	2019
Notes payable	\$ 501,646	\$ 205,118
Capital lease	-	296,488
Intergovernmental liability	26,500,000	2,700,000
Revenue bonds	2,987,000	4,252,000
Total	<u>\$ 29,988,646</u>	<u>\$ 7,453,606</u>

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

As of December 2020, Whitfield County's unemployment rate was 7.3%, about 3% higher than the prior year. This has been attributed to the pandemic. Under normal economic circumstances, the Board of Commissioners, along with the Joint Development Authority and municipalities, recognizes the need for a more diversified local economy and the need to recruit new businesses to the area. The Dalton-Whitfield County Joint Development Authority's economic development mission is to facilitate the long-term, positive economic growth of the community by

attracting jobs, diverse investments, and growing the tax base. These efforts recently led to the capital investment of \$130 million to construct the world's largest solar cell manufacturing facility in the County's southern-located industrial park, Carbondale Business Park, along the I-75 corridor. This facility added approximately 525 employment positions to the County workforce when it opened in early 2019.

The County's assessed net taxable digest decreased by .2% in 2020 to \$2,732 billion. Total exemptions on the gross digest increased to just over \$1,010 billion. The 2019 rate of 8.812 was reduced by the Board of Commissioners by .5 mills to 8.312, set in August. Due to market conditions, the County has budgeted for a slight increase of 3% in the Net M&O digest for 2021. In 2012, the Whitfield County Board of Commissioners created three special tax districts to include all areas of Whitfield County outside the municipal limits of the City of Dalton for the purpose of providing adequate and equitable funding of certain jointly funded services between Whitfield County and the City of Dalton for the benefit of all such areas. A total millage rate of 2 mills was set for these special tax districts when they were created. For 2020, the millage rate for the special tax districts remained at 3.438. Any increases to the special tax district budgets and millage rates are expected to be minimal for 2021.

The County entered into LOST negotiations as required by state law with the City of Dalton and the other cities located within the county's borders in 2012. As a result of the outcome of these negotiations the County will receive a much smaller percentage of the LOST collections than it has received in past years. The County's share of LOST for fiscal years 2013 & 2014 was reduced from 83.24% to 64.50%. The County will see further declines every two years based on the new LOST certificate. The County's LOST percentage decreased to 63.752% for 2015 and 2016. The County's LOST percentage reduced for 2017 and 2018 to 62.653%, and will further reduce in 2019 and 2020 to 61.556% and 2021 and 2022 to 60.457%. Understandably, County leadership has been challenged to continuously provide the same level of services which have come to be expected by the citizenry with this sustained downward trend of reduced revenue. Positive economic conditions and historical trend data prompted a slight increase in budgeted collections in sales tax revenue in 2020 when compared with 2019 actual sales tax collections, although this does not overcome the loss of revenue as a result of the aforementioned LOST negotiations. TAVT collections began in the County in March 2013. Actual TAVT collections for 2020 were \$4.3 million. The general fund budget reflects an increase in TAVT for the 2020 fiscal year, although recently passed legislation changed the allocation formula between the County and its four municipalities, resulting in 5% less future TAVT revenue for the County related to vehicles titled within any municipality. This is another financial stress factor with which the County must contend.

Voters passed a 1 penny sales tax in June of 2020 which raised the sales tax rate from 6% to 7% effective October 1, 2020. This one penny SPLOST is expected to raise approximately \$66 million dollars and will be used to fund public safety equipment enhancements for local law enforcement, fire, road paving and improvements, bridge and culvert repair, construction of a new park and recreation facility, and many park improvements, including improvements to Miracle Field.

Other factors considered when preparing the 2021 budget included:

- ◆ A flat millage rate for 2021 for M&O and the special tax districts was assumed; however, economic factors may dictate a higher rate.
- ◆ General fund budget includes a \$600,000 drawdown of General Fund's fund balance, in order to maintain service levels without a planned millage rate increase.
- ◆ OPEB costs will be funded on the pay-as-you-go basis.
- ◆ A full contribution to the defined benefit pension plan was budgeted in 2021. A rate of 10.5% was budgeted for all personnel under the DB plan. It is the intention of the Board to keep the plan at a 100% funded level.
- ◆ Health insurance costs are expected to increase 2%. A flat rate of 25% was applied to full-time salary costs to allocate health insurance expense to departments.

- ◆ Limited capital requests for facility improvements, equipment, and vehicles were considered in the 2021 General Fund budget, as other large capital needs will be paid for from the 2020 SPLOST.
- ◆ The County continues to evaluate the level of services desired by citizens and how to provide those services as economically as possible. Based on demographic considerations, demands for all types of public safety, courts, and general services are expected to continue at 2020 levels.
- ◆ The 2021 budget does not include a COLA for County employees.
- ◆ Departmental operating budgets will be held to prior year levels except where sufficient justification is provided.
- ◆ Due to the 2020 SPLOST, which includes a total of \$9.4 million for paving and various other road projects, paving will not be included in the 2021 general fund budget.

Robust economic conditions coupled with prudent fiscal management resulted in the County's not needing a tax anticipation note (TAN) to help fund operations during 2020. Again for 2021, no TAN is currently anticipated, even with the COVID-19 economic impact. Cash flow projections are constantly updated through the year. Should forecasts indicate the need for short-term borrowing, the County has made initial preparations to quickly obtain such funding.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of Whitfield County finances, comply with finance-related laws and regulations, and demonstrate the County's commitment to public accountability. WHITFIELD COUNTY, GEORGIA

*Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2020*

NET CHANGES IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS		\$ 21,249,451
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.		
Depreciation expense	\$ (8,969,113)	
Capital outlay	<u>11,810,972</u>	2,841,859
The net effect of various miscellaneous transactions involving capital assets (i.e. sales and disposals) is to decrease net position.		(11,844)
The net effect of various miscellaneous transactions involving noncurrent assets (investment in joint venture) is to increase net position.		205,461
Revenues in the statement of activities that do not provide current financial resources are reported as deferred inflows of resources in the funds.		
Property taxes		(1,282,989)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.		
Issuance of note payable	(296,528)	
Bond proceeds	(26,500,000)	
Principal retirement	1,816,488	
Payment on intergovernmental agreement	<u>2,700,000</u>	(22,280,040)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Change in compensated absences	(39,217)	
Change in OPEB expense	(445,610)	
Change in pension expense	<u>(186,772)</u>	(671,599)
The internal service funds are used by management to charge the costs of workers' compensation and health insurance to individual funds.		<u>(365,652)</u>
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES		<u>\$ (315,353)</u>

See accompanying notes to the basic financial statements.

NOTES TO THE FINANCIAL STATEMENTS

The notes to the financial statements are a required component of the basic financial statements of the County. The notes present required and essential information for the fair presentation of the statements that have not been disclosed on the face of the financial statements.

WHITFIELD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2020

Whitfield County, Georgia (the "County"), was incorporated in 1851 under the provisions of the Constitution of the State of Georgia. The County operates under a Board-Administrator form of government. The County is governed by a board of five commissioners elected by the voters of the County.

Note 1 *Summary of Significant Accounting Policies*

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting.

The most significant of the County's accounting policies are described below.

A. *Reporting Entity*

The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organizations; (2) the County is legally entitled to or can otherwise access the organization's resources; (3) the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the County is obligated for the debt of the organization. Component units also may include organizations that are fiscally dependent on the County in that the County approves the budget, levies their taxes, or issues their debt.

The component unit columns included on the government-wide financial statements identifies the financial data of the County's discretely presented component units is reported separately to emphasize that it is legally separate from the County.

Whitfield County Department of Public Health (Board of Health) – The Board of Health provides health care services and health education to residents of Whitfield County. The Board of Health receives financial support from Whitfield County, Georgia, the State of Georgia, and the Federal Government. The County Commission appoints a majority of the Board of Directors and approves the budget of the Board of Health. The Board of Health issued separately audited financial statements with a fiscal year ended June 30, 2020. Copies of these financial statements may be obtained from their administrative office at:

Whitfield County Department of Public Health
1710 Whitehouse Court
Dalton, Georgia 30720

Note 1 Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements – The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the County as a whole. The primary government and the component unit are presented separately within these financial statements with the focus on the primary government. Fiduciary activities are not included at the government-wide reporting level. Individual funds are not displayed but the statements distinguish governmental activities which are generally supported by taxes and County general revenues, from business-type activities which are generally financed in whole or in part with fees charged to external customers. The activity of the internal service funds (i.e., Health Insurance Fund and Workers' Compensation Fund) is eliminated to avoid duplicating revenues and expenses.

The statement of net position presents the financial position of the governmental and business-type activities of the County and the County's discretely presented component unit at year-end.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and for each identifiable activity of the business-type activities of the County. Direct expenses are those that are specifically associated with a function and, therefore, clearly identifiable to that particular function. The County does not allocate indirect expenses to functions in the statement of activities.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services, which report fees and other charges to users of the County's services; (2) operating grants and contributions, which finance annual operating activities including restricted investment income; and (3) capital grants and contributions, which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. For identifying to which function program revenue pertains, the determining factor for *charges for services* is which function *generates* the revenue. For *grants and contributions*, the determining factor is to which functions the revenues are *restricted*.

Taxes and other revenue sources not properly included with program revenues are reported as general revenues of the County. The comparison of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business-type activity is self-financing or draws from the general revenues of the County.

Note 1 Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation (Continued)

Fund Financial Statements – During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. Fund financial statements are provided for governmental, proprietary and fiduciary funds.

Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting – The County uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The County uses three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds – Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used and fund liabilities are assigned to the fund from which they will be liquidated.

The following are the major governmental funds:

General Fund – The General Fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the County for any purpose, provided it is expended or transferred according to the general laws of Georgia.

Special Fire District Fund – This major special revenue fund is used to account for the revenues of a specific property tax levy for all areas outside of the City of Dalton for funding the fire departments located in Whitfield County.

SPLOST 2015 Fund – This major capital projects fund is used to account for the acquisition and construction of major facilities funded by the 2015 special purpose local option sales tax.

SPLOST 2020 Fund – This major capital projects fund is used to account for the acquisition and construction of major facilities funded by the 2020 special purpose local option sales tax.

Note 1 Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation (Continued)

Proprietary Funds – Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. The County reports the following major proprietary funds:

Dalton/Whitfield Solid Waste Management Fund – This major enterprise fund is used to account for the County's 50% equity interest in the joint venture with the City of Dalton.

Northwest Georgia Trade and Convention Center – This major enterprise fund is used to account for the County's 50% equity interest in the joint venture with the City of Dalton.

Additionally, the County reports the following fund types:

Special Revenue Funds – these funds are used to account for the various grant funded revenues as well as various court imposed fines and forfeiture revenues and the expenditures of those restricted and committed revenues.

Capital Project Funds – these funds are used to account for the capital related outlays of the County's older SPLOST dollars, bond financed projects, and other general capital outlays of the County.

Debt Service Fund – this fund is used to account for the debt service payments on County backed long-term financing instruments.

Internal Service Funds – Internal service funds are used to account for the accumulation of resources to be used for health and workers' compensation insurance costs, as the County is partially self-insured.

Fiduciary Funds – Fiduciary fund reporting focuses on net position. The County's fiduciary funds are custodial funds. Constitutional officers use these funds to temporarily hold assets.

C. Measurement Focus

Government-wide Financial Statements – The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the County are included on the statement of net position. The statement of activities reports revenues and expenses.

Note 1 Summary of Significant Accounting Policies (Continued)

C. Measurement Focus (Continued)

Fund Financial Statements – All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of these funds are included on the statements of net position. The statements of changes in net position present increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statements of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, governmental funds use the modified accrual basis of accounting and fiduciary funds use the accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues – Exchange Transactions – Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, the phrase “available for exchange transactions” means expected to be received within 60 days of year-end.

Note 1 Summary of Significant Accounting Policies (Continued)

D. Basis of Accounting (Continued)

Revenues – Non-exchange Transactions – Non-exchange transactions in which the County receives value without directly giving equal value in return, include sales tax, property tax, grants, and donations. On an accrual basis, revenue from sales tax is recognized in the period in which the taxable sale takes place.

Revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 4). Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions also must be available (i.e., collected within 60 days for property taxes and one year for all other revenue) before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: property tax, sales tax, interest, and federal and state grants.

Unearned Revenue – Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied in voluntary exchange transactions.

Expenses/Expenditures – On the accrual basis of accounting, expenses are recognized at the time they are incurred. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

E. Cash, Cash Equivalents and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the County.

State of Georgia law authorizes the County to invest in the following types of obligations:

- Obligations of the State of Georgia or of any other states
- Obligations of the United States Government
- Obligations fully insured or guaranteed by the government or governmental agency
- Obligations of any corporation of the government
- Prime bankers' acceptances
- The State of Georgia local government investment pool (i.e., Georgia Fund 1)
- Repurchase agreements
- Obligations of the other political subdivisions of the State of Georgia

Note 1 *Summary of Significant Accounting Policies (Continued)*

E. Cash, Cash Equivalents and Investments (Continued)

Any investment or deposit in excess of the Federal Deposit Insurance Corporation (FDIC) insured amount must be secured by either (a) security pledges of 110% of an equivalent amount of State or U.S. obligations, or (b) the financial institute participating in the Georgia Secure Deposit Program, administered by the Office of State Treasurer.

Georgia Fund 1, created by OCGA 36-83-8, is a stable asset value investment pool that follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). The asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share. The pool also adjusts the value of its investments to fair value as of year-end and the County's investment in the Georgia Fund 1 is reported at fair value. The County considers amounts held in Georgia Fund 1 as cash equivalents for financial statement presentation.

The County's nonparticipating interest-earning investment contracts are recorded at cost. The remaining investments are recorded at fair value. Increases or decreases in fair value during the year are recognized as a component of interest income.

F. Receivables

All trade and property tax receivables are reported net of an allowance for uncollectibles. Unbilled water charges are accrued as receivables and revenue at December 31, 2020.

G. Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are reclassified and presented as internal balances.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2020, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reported as nonspendable as this amount is not available for general appropriation.

Note 1 Summary of Significant Accounting Policies (Continued)

I. Restricted Assets

Sinking fund resources in the 2015 SPLOST Fund and 2020 SPLOST Fund are restricted to the payment of bond principal and interest requirements as they become due.

Other prepaid items represent insurance coverage policies which provide coverage which extends beyond the December 31, 2020 year end.

J. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in governmental funds. The County reports these assets in the governmental activities column of the government-wide statement of net position but does not report these assets in the governmental fund financial statements. Capital assets utilized by enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the enterprise fund statement of net position.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their estimated acquisition values as of the date received. The County maintains a capitalization threshold of \$10,000 and an estimated useful life in excess of two years. The County's infrastructure consists of roads, bridges, water lines, detention ponds, and runways. Improvements to capital assets are capitalized.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed. Interest incurred during the construction of capital assets utilized by the enterprise fund is capitalized.

All reported capital assets are depreciated except for land, right-of-ways, detention ponds, and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Infrastructure assets acquired subsequent to January 1, 2003, are included in the amounts reported. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Buildings	7 - 40 years
Equipment and fixtures	3 – 20 years
Vehicles	5 – 10 years
Infrastructure	40 years

Note 1 - Summary of Significant Accounting Policies (Continued)

K. Compensated Absences

Compensated absence benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Employees are permitted to accumulate paid time off up to 20 days. The total compensated absence liability is reported on the government-wide financial statements. Proprietary funds report the total compensated liability in each individual fund at the fund reporting level. Governmental funds report the compensated absence liability at the fund reporting level only "*when due*."

L. Bond Premiums, Discounts and Issuance Costs

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the term of the bonds using the effective interest method. Bonds payable are reported net of the applicable discount or premium. Issuance costs are expensed in the period in which they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

M. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance – Generally, fund balance represents the difference between the assets, liabilities, and deferred inflows of resources under the current financial resources management focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Note 1 Summary of Significant Accounting Policies (Continued)

M. Fund Equity (Continued)

Restricted – Fund balances are reported as restricted when they include amounts that can be spent only for the specific purposes stipulated by the constitution, external resource providers, or through enabling legislation.

Committed – Fund balances are reported as committed when they include amounts that can be used only for the specific purposes determined by passage of a resolution by the Board.

Assigned – Fund balances are reported as assigned when they include amounts intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. The resolution passed by the Board of Commissioners establishing the County's fund balance policy has delegated the County Administrator the authority to assign amounts to be used for specific purposes.

Unassigned – Fund balances are reported as unassigned as the residual classification for the County's General Fund and includes all spendable amounts not contained in the other classifications. The County reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County's policy to use fund balance in the following order: (1) Committed, (2) Assigned, and (3) Unassigned.

Net Position – Net position represents the difference between assets, deferred outflow of resources, liabilities, and deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Amounts shown as net investment in capital assets are made up of capital asset costs, net of accumulated depreciation and outstanding debt used to acquire, construct, or improve the associated assets. Net position is reported as restricted when there are legal limitations or external restrictions imposed upon their use. All other net position is reported as unrestricted.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Note 1 *Summary of Significant Accounting Policies (Continued)*

N. *Operating Revenues and Expenses and Non-operating Items*

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water, the Forum River Center, recycling, health insurance, and the workers' compensation programs. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of each fund. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

O. *Interfund Activity*

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after the non-operating revenues/expenses section in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business-type activities column are eliminated.

P. *Estimates*

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Q. *Deferred Outflows/Inflows of Resources*

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then.

Note 1 Summary of Significant Accounting Policies (Continued)

Q. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of fund balance or net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has one item that qualifies for reporting in this category. This item arises only under a modified accrual basis of accounting and, accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

The County also has deferred outflows of resources and deferred inflows of resources related to the recording of changes in its net pension liability and total OPEB liability. Certain changes in the net pension liability and total OPEB liability are recognized as pension expense and OPEB expense over time instead of all being recognized in the year of occurrence. Experience gains or losses result from periodic studies by the County's actuary which adjust the net pension liability and total OPEB liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience gains or losses are recorded as deferred outflows of resources or deferred inflows of resources and are amortized into pension or OPEB expense over the expected remaining service lives of plan members. Changes in actuarial assumptions which adjust the net pension liability and total OPEB liability are also recorded as deferred outflows of resources or deferred inflows of resources and are amortized into pension expense and OPEB expense over the expected remaining service lives of plan members. The difference between projected investment return on pension investments and actual return on those investments is also deferred and amortized against pension expense over a five (5) year period. Additionally, any contributions made by the County to the pension plan or OPEB plan before year end but subsequent to the measurement date of the County's net pension liability and total OPEB liability are reported as deferred outflows of resources. These contributions will reduce the County's net pension liability and total OPEB liability in the next fiscal period.

R. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Whitfield County Defined Benefit Retirement Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 2 Stewardship, Compliance and Accountability

A. Budgetary Information

The County adopts an annual operating budget for the General Fund, each Special Revenue Fund, the Debt Service Fund, and each Capital Projects Fund. The budget resolution reflects the total of each department's appropriation in each fund.

The General Fund budget is adopted on a basis consistent with GAAP. Budgets for the Special Revenue Funds, the Debt Service Fund, and for the Capital Projects Funds are adopted on a basis consistent with GAAP.

The legal level of control (the level at which expenditures may not legally exceed appropriations) for each adopted annual operating budget generally is the department level within each individual fund. Any change in total to a fund or departmental appropriation within a fund requires approval of the Board of Commissioners.

The County Administrator may approve budget transfers within departments, except those related to personnel or capital expenditures. The Board of Commissioners must approve transfers of personnel or capital appropriations. During the year, the Board of Commissioners approved budget revisions. All unexpended annual appropriations lapse at year-end.

As of December 31, 2020, the following funds reported expenditures in excess of the legal level of control:

Special Fire District Fund – Public safety	\$ 330,724
Homeland Security Grant Fund	12,505
Accountability Courts Grant Program Fund	25,298
911 Emergency System – capital outlay	7,054

These over expended funds were funded with excess revenues collected in excess of anticipated levels or through use of fund balance.

B. Deficit Fund Equity

As of December 31, 2020, the following funds reported a deficit in the funds' ending fund balance/net position:

Health Insurance Fund	\$587,795
Homeland Security Grant Fund	25
Solid Waste District Fund	611

The deficit of the Health Insurance fund will be alleviated by increased user charges and General Fund appropriations, as necessary. The deficit of the Homeland Security Grant fund will be alleviated by additional contributions from the General Fund. The deficit of the Solid Waste District Fund will be alleviated by the collection of the unavailable tax revenues.

Note 3 Deposits and Investments

A. Credit Risk

The County does not have a formal policy to address credit risk aside from adherence to State statutes for investments. State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime banker's acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. As of December 31, 2020, the County's investment in Georgia Fund 1 was rated AA+ by Standard & Poor's. At December 31, 2020, the County held \$25,953,438 of investments with Georgia Fund 1. These investments are included in cash equivalents on the financial statements due to their high liquidity and an average maturity of 54 days as of December 31, 2020.

The County's investment practices have been to invest available funds locally mainly through money market accounts or through the State's investment pool (Georgia Fund 1).

B. Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy limits at least half of the County's investment portfolio to maturities of less than one year.

C. Custodial Credit Risk – Deposits

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be (a) collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities or (b) held by a participant in the Georgia Secure Deposit Program. As of December 31, 2020, the County was fully collateralized or secured under the State statutes.

Note 3 Deposits and Investments (Continued)

D. Fair Value Measurements

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

As of December 31, 2020, the County did not have any recurring fair value measurements. The Georgia Fund 1 is an investment pool which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the County does not disclose the investment in the Georgia Fund 1 within the fair value hierarchy. The County's interest rate swap agreement is classified as an other asset in the statement of net position and is more fully described in Note 3-H. The Guaranteed Investment Contract is a nonparticipating interest-earning investment contract and, accordingly, is recorded at cost.

Note 4 Receivables

Receivables at December 31, 2020, consisted of taxes, interest, accounts (billings for user charges, including unbilled utility receivables), and intergovernmental receivables arising from grants. Receivables and payables are recorded on the County's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectability.

Receivables at December 31, 2020, consist of the following:

	Taxes	Accounts	Due from Other Governments	Allowance for Uncollectibles	Net Receivables
General Fund	\$ 5,895,443	\$ 50,830	\$ 1,624,965	\$ 50,000	\$ 7,521,238
Special Fire District Fund	937,759	-	-	-	937,759
SPLOST 2020 Fund	-	-	1,847,764	-	1,847,764
Other Governmental Funds	240,257	2,209	651,652	-	894,118
Whitfield Transit System	-	6,734	153,246	-	159,980
Total	<u>\$ 7,073,459</u>	<u>\$ 59,773</u>	<u>\$ 4,277,627</u>	<u>\$ 50,000</u>	<u>\$ 11,360,859</u>

Note 4 Receivables (Continued)

The Board of Commissioners levies property taxes by or about October 20th of each year. Property taxes attach as an enforceable lien on property as of December 20th. Property taxes are billed on or about October 20th of each year and are due and payable on or about December 20th. The County bills and collects its own property taxes and also collects property taxes for the Whitfield County Board of Education, the City of Dalton, and the State of Georgia. Collection of the County's taxes, and for the other government agencies, is the responsibility of the Tax Commissioner's Office, which is accounted for in an Agency Fund. County property tax revenues at the fund reporting level are recognized when levied to the extent that they result in current receivables (i.e., collectible in 60 days).

Note 5 Capital Assets

Capital asset activity for the year ended December 31, 2020, was as follows:

	Balance 12/31/19	Additions	Deductions	Transfers	Balance 12/31/20
Governmental activities:					
Capital assets not being depreciated:					
Land	\$ 13,042,262	\$ -	\$ -	\$ -	\$ 13,042,262
Construction in progress	1,582,260	10,158,642	-	(8,053,473)	3,687,429
Total capital assets not being depreciated	14,624,522	10,158,642	-	(8,053,473)	16,729,691
Capital assets being depreciated:					
Buildings	76,403,634	-	-	3,006,556	79,410,190
Vehicles	13,153,429	1,278,994	(75,807)	-	14,356,616
Equipment and fixtures	22,489,793	373,336	(469,958)	5,046,917	27,440,088
Infrastructure	789,441,907	-	-	-	789,441,907
Total capital assets being depreciated	901,488,763	1,652,330	(545,765)	8,053,473	910,648,801
Accumulated depreciation:					
Buildings	(33,270,013)	(2,157,632)	-	-	(35,427,645)

Infrastructure	(658,148,956)	(4,038,114)	-	-	(662,187,070)
Total accumulated depreciation	(714,494,324)	(8,969,113)	533,921	-	(722,929,516)
Total net capital assets being depreciated	186,994,439	(7,316,783)	(11,844)	8,053,473	187,719,285
Governmental activities capital assets, net	\$ 201,618,961	\$ 2,841,859	\$ (11,844)	\$ -	\$ 204,448,976

Note 5 Capital Assets (Continued)

	Balance 12/31/19	Additions	Deductions	Balance 12/31/20
Business-type activities:				
Capital assets being depreciated:				
Vehicles	\$ 573,990	\$ -	\$ -	\$ 573,990
Equipment	37,000	-	-	37,000
Total capital assets being depreciated	610,990	-	-	610,990
Accumulated depreciation:				
Vehicles	(385,138)	(84,616)	-	(469,754)
Equipment	(10,175)	(1,850)	-	(12,025)
Total accumulated depreciation	(395,313)	(86,466)	-	(481,779)
Business-type activities capital assets, net	<u>\$ 215,677</u>	<u>\$ (86,466)</u>	<u>\$ -</u>	<u>\$ 129,211</u>

The following table provides a summary of the County's investment in capital assets less any related debt:

<u>Invested in Capital Assets</u>	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Total</u>
Capital assets, nondepreciable	\$ 16,729,691	\$ -	\$ 16,729,691
Capital assets, depreciable, net	187,719,285	129,211	187,848,496
Intergovernmental contracts	(26,500,000)	-	(26,500,000)
Bonds payable	(2,987,000)	-	(2,987,000)
Notes payable	(501,646)	-	(501,646)
	<u>\$ 174,460,330</u>	<u>\$ 129,211</u>	<u>\$ 174,589,541</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:	
General government	\$ 464,585
Judicial	812,561
Public safety	2,605,349
Public works	4,708,666
Culture and recreation	369,323
Housing and development	8,629
Total depreciation expense - governmental activities	<u>\$ 8,969,113</u>
Business-type activities:	
Whitfield Transit System	<u>\$ 86,466</u>

Note 6 Interfund Balances and Transfers

Interfund balances at December 31, 2020, consisted of amounts representing charges for services or reimbursable expenditures. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The County expects to repay all interfund balances within one year.

Interfund balances at December 31, 2020, consisted of the following:

Payable from:	Payable to:		
	General Fund	Special Fire District Fund	Total
SPLOST 2015 Fund	\$ 582,444	\$ -	\$ 582,444
Non-major Gov. Funds	44,962	93,666	138,628
Non-major Enterprise Funds	60,152	-	60,152
Total	<u>\$ 687,558</u>	<u>\$ 93,666</u>	<u>\$ 781,224</u>

Interfund transfers for the year ended December 31, 2020, consisted of the following:

Transfers from:	Transfers to:					Total
	General Fund	SPLOST 2015 Fund	Nonmajor Governmental Funds	Nonmajor Proprietary Funds	Internal Service Funds	
General Fund	\$ -	\$ -	\$ 7,175,070	\$ 43,631	\$ -	\$ 7,218,701
Special Fire District Fund	1,350,533	60,610	145,500	-	-	1,556,643
Non-major Governmental Funds	46,515	-	102,499	-	-	149,014
Internal Service Funds	-	-	-	-	201,500	201,500
Total	<u>\$ 1,397,048</u>	<u>\$ 60,610</u>	<u>\$ 7,423,069</u>	<u>\$ 43,631</u>	<u>\$ 201,500</u>	<u>\$ 9,125,858</u>

Transfers are used to report revenues from the fund that statute or budget requires to collect them, to the fund that statute or budget requires to expend them and unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed. All County transfers either occur on a regular basis or are consistent with the purpose of the fund making the transfer.

Note 7 Long-Term Debt

Debt Summaries

The long-term liability activity for the year ended December 31, 2020, was as follows:

	Outstanding 12/31/2019	Additions	Deductions	Outstanding 12/31/2020	Amounts Due in One Year
Governmental Activities:					
Direct Borrowing -					
Notes payable	\$ 205,118	\$ 296,528	\$ -	\$ 501,646	\$ -
Capital leases	296,488	-	(296,488)	-	-
Intergovernmental liabilities	2,700,000	26,500,000	(2,700,000)	26,500,000	6,538,000
Direct Placement -					
Revenue bonds	4,252,000	-	(1,265,000)	2,987,000	859,000
Total OPEB liability	7,306,600	2,681,400	(560,500)	9,427,500	-
Net pension liability	15,225,980	7,031,604	(9,236,269)	13,021,315	-
Claims Payable	1,116,688	7,036,598	(7,023,188)	1,130,098	-
Compensated Absences	1,802,022	2,794,730	(2,755,513)	1,841,239	341,216
Total Governmental Activities	<u>\$ 32,904,896</u>	<u>\$ 46,340,860</u>	<u>\$ (23,836,958)</u>	<u>\$ 55,408,798</u>	<u>\$ 7,738,216</u>
Business-type Activities:					
Compensated Absences	\$ 13,446	\$ 21,748	\$ 16,481	\$ 18,713	\$ 9,907
Total Business-type Activities	<u>\$ 13,446</u>	<u>\$ 21,748</u>	<u>\$ 16,481</u>	<u>\$ 18,713</u>	<u>\$ 9,907</u>

For governmental activities, the total OPEB liability, capital leases, net pension liability, and compensated absences are generally liquidated by the General Fund. For business-type activities, the compensated absences are liquidated by the Whitfield Transit System.

Note 7 Long-Term Debt (Continued)

Debt Summaries (Continued)

Direct Borrowing - Notes Payable – In April 2018, the County entered into a loan agreement with Georgia Environmental Finance Authority (GEFA) to secure financing of \$1,600,000 from the Clean Water State Revolving Fund to fund a sewer expansion project. The note is secured by the County's taxing authority. As part of the agreement, the County covenants to maintain a Fixed Charges Coverage Ratio of at least 1.05 at any fiscal year end. Failure to maintain such coverage is a result of default and the creditor has the right to call the full outstanding balance of the loan. The County has only incurred eligible costs of \$501,646 on the project; as such, the balance of \$1,098,354 was not drawn down from GEFA as of December 31, 2020 and a maturity schedule will be provided upon completion of the project.

Intergovernmental contracts payable – On April 17, 2018, the City of Dalton Building Authority issued \$3,200,000 of revenue bonds at 3.14% for the construction of a new fire station and related equipment. At that time, the County executed a contract which obligates them to pay the debt service obligations on the full bond. Payments are due January 1 and interest on July 1, maturing in 2029. This contract was paid in full in 2020.

On August 21, 2020, the City of Dalton Building Authority issued \$26,500,000 of revenue bonds at 0.92% for the purpose of acquiring, constructing, equipping, maintaining and operating projects embracing buildings and facilities and related equipment for use by the City of Dalton, Georgia. At that time, the County executed a contract which obligates them to pay the debt service obligations on the full bond. Payments of principal and interest are due on April 1 and October 1, maturing in 2024.

Intergovernmental contracts payable requirements are as follows:

Year	Governmental Activities		
	Intergovernmental Contracts Payable		
	Principal	Interest	Total
2021	\$ 6,538,000	\$ 239,059	\$ 6,777,059
2022	6,593,000	183,650	6,776,650
2023	6,654,000	122,995	6,776,995
2024	6,715,000	61,778	6,776,778
Total	<u>\$ 26,500,000</u>	<u>\$ 607,482</u>	<u>\$ 27,107,482</u>

Note 7 Long-Term Debt (Continued)

Debt Summaries (Continued)

Direct Placement Revenue Bonds – On July 7, 2011, the County issued Series 2011 bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$3,220,000. These bonds bear interest of 2.825% with a final maturity of June 15, 2021. Proceeds from these bonds were used to acquire land and the grading thereof, which is to be leased by the Authority to a company pursuant to a ground lease agreement for their construction of an advanced manufacturing facility.

On June 10, 2015, the County issued Series 2015 Taxable Refunding Revenue bonds through the Dalton-Whitfield Joint Development Authority in the amount of \$4,885,000. These bonds bear interest of 2.99%, with annual installments of \$426,000 to \$556,000, with a final maturity of June 15, 2025. Proceeds from these bonds were used to repay the County's outstanding Series 2010B bonds of \$4,775,000, plus issuance costs. The refunding reduced the total debt service payments by \$614,097 over the next ten years, and the net present value of cash flow savings is \$428,329.

Pursuant to these bond issues, the County entered into intergovernmental contracts with the Dalton-Whitfield Joint Development Authority whereby the County has an unconditional obligation to provide funds for the bond payments. The County will exercise its power of taxation to the extent necessary, to meet the debt service obligations.

Annual debt service requirements to amortize all obligations outstanding, as of December 31, 2020 follow:

Year	Governmental Activities		
	Revenue Bonds Payable		
	Principal	Interest	Total
2021	\$ 859,000	\$ 76,168	\$ 935,168
2022	509,000	56,018	565,018
2023	524,000	40,574	564,574
2024	539,000	24,682	563,682
2025	556,000	8,312	564,312
Total	<u>\$ 2,987,000</u>	<u>\$ 205,754</u>	<u>\$ 3,192,754</u>

Note 8 Defined Benefit Pension Plans

Plan Description – The County, as authorized by the Board of Commissioners, has established a defined benefit pension plan, The Whitfield County Defined Benefit Plan (the “Plan”), covering substantially all of the County’s employees. The County’s pension plan is administered through the Association of County Commissioners of Georgia Third Restated Defined Benefit Plan (the “ACCG Plan”), an agent multiple-employer pension plan administered by GEBCorp and affiliated with the Association of County Commissioners of Georgia (ACCG). The Plan provides retirement, disability, and death benefits to plan members and beneficiaries. All full-time eligible employees participate in the Plan immediately upon employment and benefits vest after five (5) years. Participants become eligible for normal retirement, which is the later of age 65 or five (5) years of vesting service. Early retirement eligibility is the later of age 60 or 10 years of vesting service. The retirement benefit to be paid is calculated as the sum of the following components:

- For employees with a date of hire prior to January 1, 2003: 1.00% of Average Annual Compensation up to \$6,000, plus 1.50% of Average Annual Compensation in excess of \$6,000, plus \$36 multiplied by years of service;
- For employees with a date of hire on or after January 1, 2003: 1% of Average Annual Compensation multiplied by years of service.

Compensation is defined as the highest five (5) years of the most recent ten (10) year period of base wages during employment with the County. The Plan also provides benefits in the event of death or disability.

The ACCG, in its role as the Plan sponsor, has the sole authority to establish and amend the benefit provisions and the contribution rates of the County related to the Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG Plan document. The Board of Commissioners retains this authority. The ACCG Plan issues a publicly available financial report that includes financial statements and required supplementary information for the pension trust. That report may be obtained at www.gebcorp.com or by writing to the Association of County Commissioners of Georgia, Retirement Services, 191 Peachtree Street, NE, Atlanta, Georgia 30303 or by calling (800) 736-7166.

Plan Membership – As of January 1, 2020, the date of the most recent actuarial valuation, the Plan’s membership consisted of the following:

Retirees, Beneficiaries and Disableds receiving benefits	204
Terminated plan participants entitled to but not yet receiving benefits	297
Active employees participating in the Plan	488
Total number of Plan participants	<u>989</u>

Note 8 Defined Benefit Pension Plans (Continued)

Contributions – The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The Board of Trustees of the ACCG Plan has adopted a recommended actuarial funding policy for the plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the plan. The funding policy for the Plan, as adopted by the Board of Commissioners, is to contribute an amount equal to or greater than the actuarially recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. Plan participants are not required to contribute to the Plan. For the year ended December 31, 2020, the County's contribution rate was 10.5% of annual payroll. County contributions to the Plan were \$2,020,982 for the year ended December 31, 2020.

Net Pension Liability of the County – The County's net pension liability was measured as of December 31, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2019, with update procedures performed by the actuary to roll forward to the total pension liability measured as of December 31, 2019.

Actuarial assumptions. The total pension liability in the January 1, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation.....	2.00%
Salary increases.....	4.5% plus and age based scale
Investment rate of return.....	7.00%, net of pension plan investment expense, including inflation

The mortality table was changed from RP-2000 mortality table projected with Scale AA to 2018 to the Pub-2010 Amount weighted Mortality Table with a blend of 50% of the General Employees Table and 50% of the Public Safety Employees with Scale AA to 2019. The table was changed to adopt the mortality tables developed specifically for governmental employees by the Society of Actuaries which were released late in 2018. The tables were projected to 2019 to reflect that mortality rates in Georgia are in the highest quartile in the nation.

The actuarial assumptions used in the January 1, 2019, valuation were based on the results of an actuarial experience study through February 2019.

The long term expected rate of return of 7.00% is based on analysis performed by the Board of Trustees in 2019, and comprised of the estimated 65th percentile return based on UBS Capital Market Assumptions of 6.10%, combined with a five year performance addition in excess of benchmarks of 0.90%.

Note 8 Defined Benefit Pension Plans (Continued)

Net Pension Liability of the County (Continued) – Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2019, are summarized in the following table.

Asset class	Target allocation	Long-term expected real rate of return*
Fixed income	30%	6.56%
Large Cap equity	30%	10.22
International equity	15%	5.86
Other equity	20%	10.33
Real estate	5%	9.33
Total	100%	

* Rates shown are net of the 2.00% assumed rate of inflation

Discount rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that County contributions will be made based on the average County contribution made to the Plan over the prior five years. Based on this assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability of the County – The changes in the components of the net pension liability of the County for the year ended December 31, 2020, were as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at 12/31/18	\$ 50,092,721	\$ 34,866,741	\$ 15,225,980
Changes for the year:			
Service cost	711,465	-	711,465
Interest	3,445,075	-	3,445,075
Differences between expected and actual experience	(287,806)	-	(287,806)
Changes in actuarial assumptions	2,515,573	-	2,515,573
Contributions—employer	-	1,498,082	(1,498,082)
Net investment income	-	7,445,140	(7,445,140)
Benefit payments, including refunds of employee contributions	(1,754,716)	(1,754,716)	-
Other changes	-	(252,674)	252,674
Administrative expense	-	(101,576)	101,576
Net changes	4,629,591	6,834,256	(2,204,665)
Balances at 12/31/19	\$ 54,722,312	\$ 41,700,997	\$ 13,021,315

Note 8 Defined Benefit Pension Plans (Continued)

The required schedule of changes in the County's net pension liability and related ratios immediately following the notes to the financial statements presents multiyear trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate – The following presents the net pension liability of the County, calculated using the discount rate of 7.0 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0 percent) or 1-percentage-point higher (8.0 percent) than the current rate:

	1% Decrease (6.0%)	Current Discount Rate (7.0%)	1% Increase (8.0%)
County's net pension liability	\$ 18,765,979	\$ 13,021,315	\$ 4,853,883

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of December 31, 2019, and the current sharing pattern of costs between employer and employee.

Pension Expense and Deferred Outflows of Resources Related to Pensions – For the year ended December 31, 2020, the County recognized pension expense of \$2,207,755. At December 31, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 304,761	\$ 510,655
Differences resulting from changes in actuarial assumptions	3,959,453	-
Net difference between projected and actual earnings on pension plan investments	-	2,121,815
Contributions subsequent to the measurement date	3,888,829	-
Total	<u>\$ 8,153,043</u>	<u>\$ 2,632,470</u>

Note 8 Defined Benefit Pension Plans (Continued)

Pension Expense and Deferred Outflows of Resources Related to Pensions (Continued) – County contributions subsequent to the measurement date of \$3,888,829 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the fiscal years ending December 31, 2021 and 2022. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending December 31:		
2021	\$	947,171
2022		413,097
2023		895,600
2024		(624,124)
Total	\$	<u>1,631,744</u>

Note 9 Other Postemployment Benefits

Plan Administration and Benefits - The County, as authorized by the County Commission, administers a single-employer defined benefit other postemployment benefit plan (the “OPEB Plan”). The OPEB Plan is administered by the County management, under the direction of the County’s Board of Commissioners. The Board of County Commissioners authorizes participation in the OPEB Plan and sets the contribution rates and benefits. Coverage under the OPEB Plan includes medical, prescription drug, and dental benefits for retirees and dependents. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 and the OPEB Plan does not issue a separate, stand-alone financial report. Substantially all of the County’s employees are eligible for the OPEB Plan; however, the requirements and sharing of costs between employer and employee vary depending on the employee’s start date as follows:

Any employee which was hired after January 1, 2009, will not have the option to benefit from the plan after leaving the County. For all eligible retired employees that are at least sixty-five (65) years of age and have a minimum of five (5) years of continuous service, the County will provide a discounted insurance premium for the retiree, the retiree +1, or the retiree and family. The premium information effective January 1, 2020 are as follows:

Medical	Monthly Premium	Employee Premium
Retiree only	\$ 787	\$ 240
Retiree + 1	1,575	428
Retiree + Family	2,362	526

Note 9 Other Postemployment Benefits (Continued)

Plan Membership - Membership of the OPEB Plan consisted of the following at January 1, 2020, the date of the latest actuarial valuation:

Active participants	267
Retirees and beneficiaries currently receiving benefits	10
Total	<u>277</u>

Contributions - The Board of Commissioners has elected to fund the OPEB plan on a “pay as you go” basis. Plan members, once retired, contribute to the plan based on number of years of creditable service. Per a County resolution, the County is required to contribute the current year benefit costs of the Plan which are not paid by the retiree. For the year ended December 31, 2020, the County contributed \$560,500 for the pay as you go benefits for the OPEB Plan.

Total OPEB Liability of the County - The County’s total OPEB liability was measured as of January 1, 2020 and was determined by an actuarial valuation as of January 1, 2020.

Actuarial assumptions - The total OPEB liability in the January 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount Rate:	2.75%
Healthcare Cost Trend Rate:	7.00% - 5.00%, Ultimate Trend in 2024 (including inflation)
Inflation Rate:	3.00%
Salary increase:	2.50% to 5.50%, including inflation
Participation rate:	

Type of Participant	Years of Service	
	10-24	25+
Retirees who elect coverage	50%	70%
Retirees who elect spousal coverage	50%	70%
Retired elected officials who elect coverage	80%	80%
Retired elected officials who elect spousal coverage	40%	40%

Mortality rates were based on the RP-2014 Mortality Table, fully generational with base year 2006, projected using two-dimensional mortality improvement scale MP-2019.

The actuarial assumptions used in the January 1, 2020 valuation were based on the results of an actuarial experience study performed concurrently with the January 1, 2020 valuation.

Note 9 Other Postemployment Benefits (Continued)

Discount rate - The discount rate used to measure the total OPEB liability was 2.75%. This was an increase in the rate from the prior year's rate of 3.71%. This rate was based on the year-end Bond Buyer General Obligation 20-year Municipal Bond Index published by The Bond Buyer.

Changes in the Total OPEB Liability of the County - The changes in the total OPEB liability of the County for the year ended December 31, 2020, were as follows:

	Total OPEB Liability
Balances at 12/31/19	<u>\$ 7,306,600</u>
Changes for the year:	
Service cost	250,600
Interest	270,100
Assumption changes	781,200
Difference between expected and actual experience	1,379,500
Benefit payments	<u>(560,500)</u>
Net changes	<u>2,120,900</u>
Balances at 12/31/20	<u><u>\$ 9,427,500</u></u>

The required schedule of changes in the County's total OPEB liability and related ratios immediately following the notes to the financial statements presents multiyear trend information about the total OPEB liability.

Sensitivity of the total OPEB liability to changes in the discount rate - The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.75%) or 1-percentage-point higher (3.75%) than the current discount rate:

	1% Decrease (1.75%)	Discount Rate (2.75%)	1% Increase (3.75%)
Total OPEB liability	\$ 10,313,400	\$ 9,427,500	\$ 8,607,500

Note 9 Other Postemployment Benefits (Continued)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates - The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (6.0% decreasing to 4.0%) or 1-percentage-point higher (8.0% decreasing to 6.0%) than the current healthcare cost trend rates:

	1% Decrease (6% decreasing to 4%)	Discount Rate (7% decreasing to 5%)	1% Increase (8% decreasing to 6%)
Total OPEB liability	\$ 8,349,300	\$ 9,427,500	\$ 10,691,200

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of January 1, 2020 and the current sharing pattern of costs between employer and inactive employees.

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB - For the year ended December 31, 2020, the County recognized OPEB expense of \$687,551. At December 31, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,202,400	\$ 498,300
Changes in assumptions	680,900	215,800
Contributions subsequent to the measurement date	241,941	-
Total	<u>\$ 2,125,241</u>	<u>\$ 714,100</u>

Note 9 Other Postemployment Benefits (Continued)

The amounts reported as deferred outflows of resources related to OPEB resulting from County benefit payments subsequent to the measurement date, of \$241,941, will be recognized as a decrease of the total OPEB liability in the year ending December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending December 31:		
2021	\$	164,200
2022		164,200
2023		164,200
2024		164,200
2025		164,200
Thereafter		<u>348,200</u>
Total	\$	<u><u>1,169,200</u></u>

Note 10 Defined Contribution Plans

Effective February 1, 2016, the County adopted the Association of County Commissioners of Georgia Defined Contribution Plan (the Plan), a 401(a) defined contribution plan administered by GEBCorp. All full-time employees hired after January 31, 2016 are required to participate in the Plan. Participants are required to make a mandatory contribution into the 401(a) equal to 2% of their compensation, and the County contributes an equal amount. There is a graduated vesting schedule for employer contributions as follows: 0-3 years (0%), 4-5 years (60%), and 5 years or more (100%). Participants are always 100% vested in their own contributions to the 401(a) Plan.

Also effective on February 1, 2016, the County adopted the Association of County Commissioners of Georgia Deferred Compensation Plan (the Comp Plan), a 457(b) deferred compensation plan administered by GEBCorp. All full-time employees hired after January 31, 2016 are eligible to participate in the Comp Plan. If participants elect to contribute to the 457(b) Comp Plan, the County will make a matching contribution equal to 50% of the first 4% a participant contributes, up to 2%. Participants are always 100% vested in their contributions.

Plan provisions and contribution requirements are established and amended by the Board of Commissioners for both plans. For the year 2020, employer matching contributions totaled \$465,940.

Note 11 Risk Management

Insurance Claims

The County maintains third party coverage for claims arising from property and casualty claims, general liability claims, and medical claims. Settlements have not exceeded coverage for each of the past three fiscal years.

The County participates in the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Association of County Commissioners of Georgia Group Self-Insurance.

As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the pools, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in one of the pools being required to pay any claim of loss. The County is also to allow the pools' agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the pools.

The fund is to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. The fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation, or defense.

The County maintains a Workers' Compensation Self-Insurance Fund, which is an internal service fund, to account for resources used in payment of workers' compensation claims. The County has entered into a contract with a third party to administer the Workers' Compensation Program. The County maintains third party insurance coverage from a private insurance carrier for claims that exceed \$250,000 per occurrence or a \$1,000,000 aggregate, stop loss limit. The County is a member of the State of Georgia Subsequent Injury Trust Fund, which provides reimbursement to individual participants, should a claim be filed by an employee who has suffered previous injury before employment with the County. During 2020, the County was reimbursed from the Subsequent Injury Trust Fund for claims above the stop loss limit. The County accrued a liability for workers' compensation claims that were incurred prior to year-end but were not paid until the following fiscal year. For purposes of estimating the unpaid claims liability as of December 31, 2020, the County's third party administrator computed the reserve liability based on the estimated cost of each outstanding claim from claims experience of similar claims. Changes in balance in claims liabilities can be summarized on the following page:

Note 11 Risk Management (Continued)

Insurance Claims (Continued)

Date	Beginning of Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	End of Year Liability
2019	\$ 756,319	\$ 218,194	\$ (306,981)	\$ 667,532
2020	667,532	170,664	(295,730)	542,466

The County also maintains a Group Health Benefits Self-Insurance Fund, which is an internal service fund, to account for resources used in providing employee benefits for medical, dental, disability, and losses of life claims. The County maintains third party insurance coverage from a private insurance carrier for claims that exceed \$100,000 per employee with an aggregate stop loss liability of \$6,900,000, based on an annual policy term using a 12/15 run out formula on specific employee claims and 12/12 run out on aggregate claims. Changes in the balance of the health and dental claims liability for the past two (2) years is as follows:

Date	Beginning of Fiscal Year Liability	Current Year Claims	Claim Payments and Changes in Estimates	End of Fiscal Year Liability
2019	\$ 423,439	\$ 7,568,565	\$ (7,542,848)	\$ 449,156
2020	449,156	6,865,934	(6,727,458)	587,632

Note 12 Joint Ventures

Dalton-Whitfield Regional Solid Waste Management Authority – The County participates with the City of Dalton in the Dalton-Whitfield Regional Solid Waste Management Authority (the DWRSWMA). All budgetary and financial records are maintained by the City of Dalton. The DWRSWMA issued separate audited financial statements dated July 15, 2021. A copy of the separately issued financial statements can be obtained at their administrative office at 4350 Gazaway Drive SE, Dalton, Georgia 30720.

The County and the City of Dalton share equally in operations of the DWRSWMA, which operates solid waste disposal sites within Whitfield County. Administration is accomplished through a five-member board with each government appointing two members and those four appointing the fifth member. Current expenditures are funded through user fees and, if necessary, equal transfers from both governments. The County's equity interest in this joint venture is reported as an enterprise fund. The County's share of the resulting income or loss from the joint venture is shown separately as expenses in the statement of activities.

Note 12 Joint Ventures (Continued)

State and federal laws and regulations require the DWRSWMA to place a final cover on its landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at each site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the DWRSWMA reports a portion of the closure and post-closure care costs as a non-operating expense in each period based on landfill capacity used as of each balance sheet date. The accrual for closure and post-closure cost is summarized by location as follows:

Landfill sites:	Westside	Old Dixie II, IV & V	Old Dixie VI - Sites I & II	Old Dixie VI - Sites III & IV	Balefill	Total
Estimated future costs:						
Closure	Closed	Closed	\$ 3,216,000	\$ 2,217,000	\$ 1,767,000	\$ 7,200,000
Post-closure	423,000	1,078,000	2,165,000	1,493,000	1,243,000	6,402,000
	423,000	1,078,000	5,381,000	3,710,000	3,010,000	13,602,000
Percentage of capacity as of December 31, 2020	100.0%	100.0%	100.0%	66.9%	95.9%	
Liability at Dec 31, 2020	423,000	1,078,000	5,381,000	2,483,000	2,887,000	12,252,000
Land acquisition	50,000	-	-	-	-	50,000
Accrual at Dec 31, 2020	\$ 473,000	\$ 1,078,000	\$ 5,381,000	\$ 2,483,000	\$ 2,887,000	\$ 12,302,000

The DWRSWMA will record the remaining estimated cost of closure and post-closure care costs of \$1,300,000 as the remaining capacity is filled. Estimated remaining landfill life is more than 19 years. The above estimates are based on what it would cost to perform all closure and post-closure care in 2020. Actual costs when incurred may be higher due to inflation, changes in technology, or changes in laws and regulations. As of December 31, 2020 the DWRSWMA reported an ending net position of \$26,655,237; which was a decrease of \$2,596,792 from the December 31, 2019 net position.

The DWRSWMA landfill closure and post-closure requirements are being funded from user fees and interest earned from investments. If these revenues are inadequate or additional post-closure care requirements are determined, these costs may need to be covered by charges to future landfill users.

Northwest Georgia Trade and Convention Center Authority - The County participates with the City of Dalton in the Northwest Georgia Trade and Convention Center Authority (Convention Center). All budgetary and financial records are maintained by the City of Dalton. The Convention Center issued separate audited financial statements dated June 15, 2021. A copy of the separately issued financial statements can be obtained at their administrative office at 2211 Dug Gap Battle Road, Dalton, Georgia 30720.

Note 12 Joint Ventures (Continued)

The County and City of Dalton share equally in operations of the Convention Center, which operates to promote tourism within Whitfield County by hosting conventions, special events, and trade shows. Current expenditures are funded through user fees and, if necessary, equal transfers from both governments. The County's equity interest in this joint venture is reported as an enterprise fund. The County's share of the resulting income or loss from the joint venture is shown separately as charge for services on the statement of activities. As of December 31, 2020, the Convention Center reported an ending net position of \$10,212,378; which was a decrease of \$502,105.

Dalton-Whitfield Joint Development Authority – The County participates with the City of Dalton in the Dalton-Whitfield Joint Development Authority and the Dalton-Whitfield Economic Development Authority, which are reported as one entity (the JDA). All budgetary and financial records are maintained by the JDA, which is housed at the Dalton-Whitfield Chamber of Commerce. The JDA issued separate audited financial statements dated July 16, 2021. A copy of the separately issued financial statements can be obtained at their administrative office at 100 S. Hamilton Street, Dalton, Georgia 30720.

The County and the City of Dalton share equally in operations of the JDA, which operates to promote economic development within Whitfield County. Current expenditures are funded through equal transfers from both governments and a large donation from a local advised fund. The County's transfer to this entity is shown as an expenditure of the general fund, and the County's equity interest in this joint venture is shown as an investment in a joint venture for governmental activities in the government-wide statement of net position. The County's share of the resulting income or loss from the joint venture is shown as an expense for economic development on the statement of activities. As of December 31, 2020, the JDA reported an ending net position of \$2,456,564; which was an increase of \$410,922 from the December 31, 2019 net position.

Note 13 Jointly Governed Organizations

Northwest Georgia Regional Commission – Under Georgia law, the County, in conjunction with other cities and counties in the Northwest area, is a member of the Northwest Georgia Regional Commission (NWGRC). Membership in NWGRC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the NWGRC. Membership in the NWGRC includes the chief elected official of each county and municipality of the area. OCGA Section 50-8-39.1 provides that the member governments are liable for obligations of the NWGRC. During the year, the County paid \$67,601 in dues to the NWGRC. The financial requirements of the County related to the NWGRC are limited to the amount of its annual dues. Separate financial statements may be obtained from the NWGRC at 503 W. Waugh Street, Dalton, Georgia 30720.

Note 14 Commitments and Contingencies

A. Contractual Commitments

In addition to the liabilities enumerated in the balance sheet, at December 31, 2020, the County has contractual commitments on uncompleted contracts of approximately \$26,192,201.

B. Litigation

The County is a defendant in certain legal actions in the nature of claims for alleged damages to persons and property and other similar types of actions arising in the course of County operations. Although the outcome of these cases is not presently determinable, in the opinion of management and legal counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

C. Grant Contingencies

The County has received Federal and State grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, County management believes such disallowances, if any, will not be significant.

Note 15 Hotel/Motel Tax

The County imposes a 7% hotel/motel lodging tax for the purpose of promoting tourism as authorized in Georgia Law (O.C.G.A 48-13-51). The County collected tax revenues of \$137,042 and expended the full 100% of the revenues on the promotion of tourism.

Note 16 Tax Abatements

The Dalton-Whitfield Joint Development Authority (a joint venture between the County and the City of Dalton, as disclosed in Note 12) has entered into several agreements for abatement of property taxes. The JDA provides tax incentives, based upon certain criteria, to potential and existing entities for the purpose of furthering economic growth in the Dalton-Whitfield area. The JDA is not a taxing authority. The tax abatements offered are abatements of Whitfield County, Georgia property tax and City of Dalton, Georgia property tax. Whitfield County and the City must approve the tax incentive agreements prior to their execution.

Note 16 Tax Abatements (Continued)

The criteria that makes an entity eligible for tax abatements through the JDA include providing new capital investment and/or new jobs in the Dalton-Whitfield area. The amount of the tax abatement transaction is determined based upon a specified rubric. Planned new jobs, community investment, diversification, wage levels, project location, and other factors are considered in determining the amount of tax abatement offered to an entity. The tax abatement period for a project can last up to fifteen years.

The entity must be willing to enter into a contractual agreement with the JDA and willing to enter into a bond financed sale leaseback transaction ("Industrial Revenue Bonds") which transfers title to improvements (land, buildings, equipment) during the life of the tax deferment/abatement plan to the JDA, as provided by Georgia state law. The local taxing jurisdictions and the public receive notice of the title transfer pursuant to an Industrial Revenue Bond validation.

Entities with tax abatements are required to file an annual report with the JDA which certifies the number of jobs created, the cumulative amount of capital investment, and other applicable measurements. In the event the entity fails to meet specified goals, a percentage method described in each agreement is used to determine the shortfall. The shortfall percentage is multiplied by the amount of taxes abated for the year for the project to arrive at a recovery payment. The recovery payment is due with the annual report.

Sixteen tax abatement agreements are outstanding as of December 31, 2020. Reductions in tax revenues attributable to Whitfield County, Georgia were \$2,485,663.

Note 17 Restatements

In conjunction with the implementation of Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, the County is required to reevaluate the accounting treatment of fiduciary activities. The new standard requires the County determine if funds are still considered fiduciary, and if so, if they are considered custodial funds under the new definitions of GASB Statement No. 84. Therefore, in conjunction with the implementation of GASB Statement No. 84, the following restatement was required to the beginning net position of the Fiduciary Activities to properly report the custodial funds:

	Fiduciary Activities
Net Position, custodial activities, as previously reported	\$ -
Recognition of the beginning net position of the former	
Agency Funds now reported as Custodial Funds	334,417
Net Position, custodial activities, as restated	<u>\$ 334,417</u>

STATISTICAL SECTION

This part of Whitfield County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Whitfield County. Applicable percentages were estimated by determining the portion of another government unit's assessed value that is within the County's boundaries and dividing it by each unit's total assessed value. Entities are situated entirely within the geographic boundaries of the County.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**Board of Commissioners
of Whitfield County, Georgia
Dalton, Georgia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Whitfield County, Georgia (the "County") as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated September 14, 2021. Our report includes a reference to other auditors who audited the financial statements of the Whitfield County Department of Public Health as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2020-001 that we consider to be a material weakness.

Compliance and Other Matters

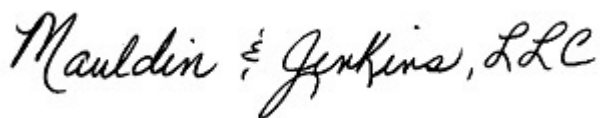

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Whitfield County, Georgia's Response to Finding

The County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Mauldin & Jenkins, LLC". The signature is written in a cursive, flowing style.

Chattanooga, Tennessee
September 14, 2021

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

**Board of Commissioners
of Whitfield County, Georgia
Dalton, Georgia**

Report on Compliance for Each Major Federal Program

We have audited Whitfield County, Georgia's (the "County's") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, Whitfield County, Georgia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of Whitfield County, GA is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

WHITFIELD COUNTY, GEORGIA

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 1. BASIS OF PRESENTATION AND ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual bases of accounting. Under the modified accrual basis of accounting, expenditures are recognized when the related fund liability is incurred.

Federal grant programs which are administered through State agencies (pass-through awards) have been included in this report.

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and therefore, some amounts presented in this schedule may differ from amounts presented or used in the preparation of the financial statements.

The County elected not to utilize the 10% de minimus indirect cost rate.

The County had no subrecipients.

The County has \$501,646 of outstanding loans from the Clean Water State Revolving Fund (66.458) as of December 31, 2020.

WHITFIELD COUNTY, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2020

SECTION I SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of report the auditor issued on whether the financial
statements audited were prepared in accordance with GAAP Unmodified

Internal control over financial reporting:

Material weakness(es) identified? ☒ yes ☐ no

Significant deficiency(ies) identified? ☐ yes ☒ none reported

Noncompliance material to financial statements noted? ☐ yes ☒ no

Federal Awards

Internal Control over major federal programs:

Material weakness(es) identified? ☐ yes ☒ no

Significant deficiency(ies) identified? ☐ yes ☒ none reported

Type of auditor's report issued on compliance for
major federal programs Unmodified

Any audit findings disclosed that are required to
be reported in accordance with 2 CFR 200.516(a)? ☐ yes ☒ no

Identification of major programs:

<u>CFDA Number</u>	<u>Name of Federal Program or Cluster</u>
21.019	Coronavirus Relief Fund (CARES)

Dollar threshold used to distinguish between
Type A and Type B programs: \$750,000

Auditee qualified as low-risk auditee? ☐ yes ☒ no

WHITFIELD COUNTY, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2020

SECTION II FINANCIAL STATEMENT FINDINGS

2020-001 Segregation of Duties

Criteria: Internal controls should be in place, which provide reasonable assurance that an individual cannot misappropriate funds without such actions being detected during the normal course of business.

Condition: During our procedures performed at the various offices of the County's elected officials, we noted the limited size of the accounting staff precluded internal controls that would be preferred if the office staff were large enough, to provide optimum segregation of duties. Appropriate segregation of duties was not noted within the following offices of the County: the Clerk of Superior Court, Magistrate Court, Probate Court, Superior Court, Juvenile Court, Drug Court and the Sheriff's Office (collectively the "elected officials").

Context/Cause: Although the small size of the various offices' staff limits the segregation of duties, it is important that incompatible duties be assigned to different individuals and/or compensating controls implemented. No one employee should have access to both physical assets and the related accounting records, or to all phases of a transaction. During the course of our test-work, we noted the following areas where the County's control procedures were not sufficient to mitigate risks created due to insufficient oversight:

- In the elected officials offices, we noted the same individual was responsible for performing the monthly reconciliations, had responsibility for investigating discrepancies in the accounting records, and posting correcting adjustments;
- The Clerk of Superior Court and the Magistrate Court further had a lack of segregation of duties in that the person responsible for preparing and making the collection deposits also had the responsibility of reconciling the transactions;
- The Drug Court had a lack of segregation of duties in that the person reconciling the cash accounts and maintaining the general ledger is also a listed signer of the checks.

Effects: Failure to properly segregate duties or implement compensating controls can lead to misappropriation of funds or abuse of the system that is not detected in a timely manner by employees in the normal course of performing their assigned functions.

WHITFIELD COUNTY, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2020

SECTION II FINANCIAL STATEMENT FINDINGS (CONTINUED)

2020-001 Segregation of Duties (Continued)

Recommendation: We recommend the County segregate duties and/or implement compensating controls in the key areas noted above.

Auditee's Response: We will continue to review our operations to determine the most efficient and effective solution to properly segregate duties.

**SECTION III
FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS**

None reported

WHITFIELD COUNTY, GEORGIA

SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2020

2019-001 Segregation of Duties

Condition: During our procedures performed at the various offices of the County's elected officials, we noted the limited size of the accounting staff precluded internal controls that would be preferred if the office staff were large enough, to provide optimum segregation of duties. Appropriate segregation of duties was not noted within the following offices of the County: the Clerk of Superior Court, Magistrate Court, Probate Court, Superior Court, Juvenile Court, Sheriff's Office, Tax Commissioner's Office (collectively the "elected officials") and the Finance Department.

Context/Cause: Although the small size of the various departments'/offices' staff limits the segregation of duties, it is important that incompatible duties be assigned to different individuals and/or compensating controls implemented. No one employee should have access to both physical assets and the related accounting records, or to all phases of a transaction. During the course of our test-work, we noted the several areas where the County's control procedures were not sufficient to mitigate risks created due to insufficient oversight.

Status: The County continues to work on implementing compensating controls, however, this was a repeat finding 2020-001.
