WHITFIELD COUNTY BOC VISITS WITH RAIDER AMABASSADORS

Whitfield County, Ga – On Monday, November 13th, Commissioner Barry Robbins and County Administrator Bob Sivick visited Southeast Whitfield High School to speak to the Student Ambassador Program.

The Raider Ambassadors are a group of 35 junior and senior students dedicated to leadership, service and community.

The interaction led to discussions on government services, taxes, growth within Whitfield County, and roles and responsibilities of local elected officials.

“It was interesting to learn about the Ambassador program,” said Commissioner Robbins. “It is exciting to see students actively involved in our community, and becoming encouraged to be Whitfield County’s leaders of tomorrow.”

The students ended their day of local government engagement by attending the monthly Board of Commissioner meeting where one ambassador lead the pledge. The experience provided insight to the interworking of local government decision making.

“Interacting with these bright students of strong character convinced me we are in good hands when they soon take charge of the world,” said Sivick.

The Whitfield County Board of Commissioners is grateful for the opportunity to engage with the future leaders through collaboration with the Whitfield County Board of Education.
